PATIENTS FLEE FOR LIFE IN HOSPITAL FIRE

"Looks Like They Were After Me," Says Chief Martin Today

COMMISSION MAY ACT AT ONCE

"I CANNOT SAY AS TO WHETHER I CONTEMPLATE ANY FURTHER STEPS."---MAYOR McCARTHY.

"IT LOOKS AS THOUGH THEY WERE GOING AFTER ME, DOESN'T IT?"--CHIEF OF POLICE MARTIN.

THE BOARD OF POLICE COMMISSIONERS FOR SAN FRANCISCO MEET THIS AFTERNOON AND EVERYONE IS EXPECTANT.

Meeting Scheduled for This Afternoon—Everyone Expectant.

Mayor McCarthy Silent as to His Plans or Intentions.

SAN FRANCISCO, Sept 16—The Board of Police Commissioners are scheduled for a meeting this afternoon at which it is believed something definite will be done in regard to the situation in the tenderloin which has excited a general upheaval and brought about a rigid investigation on the part of Mayor McCarthy and District Attorney Fickert.

"My letter read before the commissioners speaks for itself," said the Mayor when seen at his office today. "I have nothing to add to it now and I cannot say as to whether I contemplate any further steps. So far this morning I have been engaged in conducting the routine affairs of this office."

Chief of Police Martin was signing permits when THE TRIBUNE representative called to see him at noon.

Chief Martin Is Not Talking

"What have you to say in connection with the letter of Mayor McCarthy?" he was asked.

"I have not seen it," replied the chief. "I understand it was read at the meeting of the commissioners, but it has not been forwarded to me and of course I cannot take official cognizance of it. I have nothing to say whatever. I don't care to make a statement."

But have you no reply to make to the various charges involving the department, or an opinion as to what the present investigation will lead?

"It looks as though they were going after me, doesn't it?" was the answer.

Have you handed in your resignation to Mayor McCarthy?

"I have not done so yet."

CRITICAL POINT REACHED.

The events of the last twenty four hours have brought to a critical point the affairs of the San Francisco police department, and it is believed that the resignation of Chief Martin may be handed in at any moment and an entire reorganization of the force will be ordered by his unnamed successor.

The positive statement made by Martin yesterday morning after he had been told that Mayor McCarthy had taken the entire responsibility for the present activity of District Attorney Fickert in exposing crime and violations of the law in the tenderloin that he did not intend to resign as he saw no reason why he should is no longer forthcoming.

I do not think I'll resign, said Chief Martin today when interviewed, and he seemed much depressed and downcast as the result of the rapidly approaching crisis in police affairs. To criticise Mayor McCarthy's letter to the commission is to [illegible] any further statement, Martin absolutely refused and it is believed that [illegible] nothing as many think he has already tendered his resignation for Mayor McCarthy's approval.

MAYOR GUIDING SPIRIT

[illegible]

District Attorney [illegible] [illegible] of the [illegible] the prosecuting officer and the [illegible] and violations of the law [illegible] [illegible] of the [illegible] of the tiger officials of the police department that Martin's days are numbered and that a change will be made almost immediately if the orders [illegible] not already gone forth.

Rev. [illegible] K. W. Clampitt of Trinity church, Rev. H. H. Bell of the First United Presbyterian church and Rev. [illegible] Dille of Central M. E. church were the pastors who visited the Barbary coast and the more refined resorts along Eddy and Mason streets last night and found conditions as reported.

WHO WILL BE NEW CHIEF?

The question which is now uppermost in the minds of those [illegible] is who will be the new chief. It is conceded by many that had Martin had a free hand there would have been no faults and the law would have been enforced but the present chief's friends claim that his hands were tied, his detectives appointed for him and his course of action indicated by others.

Sergeant of Police John O'Meara, acting Captain and clerk to Chiefs of Police Biggy and Cook, is mentioned favorably as a candidate for head of the department. It is known, however, that O'Meara, whose supporters claim for him that he is one of the best executive officers in the department, will not accept promotion in any way would de-

GIRL BIGAMIST TELLS TALE OF ABUSE

Blames Spouse No. 2 for Second Marriage and Later for Her Arrest.

Says She Was Ill Treated by Man Who Had Urged Her to Break the Law.

SAN FRANCISCO, Sept 16—Telling a pitiful story of alleged abuse on the part of the man whom she had bigamously married but who had promised to keep her secret, Mrs. Clara Stewart, known as Mrs. Bessie Kimball, was arrested by Detective Sergeant Conlan as the steamer President reached its dock this afternoon.

The woman broke down completely when taken to the city prison and could not restrain the tears which flowed down her cheeks, and the sobs shook her slender frame as she told her story.

"It is true that I married without being divorced from my first husband," said Mrs. Stewart, "but I thought it would be all right. Anyway, I didn't want to marry Frank Murphy. He urged me into it. Five years ago I met John Stewart, a laundry wagon driver, and married him.

DRIVEN FROM HOME

"He illtreated me and I left him a couple of years later but I have a four year old boy who is being taken care of by his mother. I then went to live with my father, W. F. Cook, of 723 Andover street, and not long ago I met Frank Murphy who was working here at the Llewellyn Iron Works. When he went to Los Angeles he kept writing to me and finally told me that I could go there and work for his mother.

I did so and then he urged me to marry him. I didn't want to and told him I was already married but he said nobody would ever know and I consented and we were married by Justice of the Peace Summerfield July 7 and went to live at his mother's house. I was nothing but a servant.

THREATENED BY HUSBAND

My husband kept dogging me and gave his mother the preference all the time. I told him I couldn't stand the slavery and was going away. But he told me he would have me arrested for bigamy if I did. I was afraid to go and anyhow I didn't have the money until a relative sent me $20.

I had to sneak away then. I put the girl outside the house and they saw it go and upbraided me but I got away.

Mrs. Stewart is pretty and petite and does not look a day older than her twenty two years.

LEPER'S 4 GIRLS MAY ATTEND SCHOOL

State Attorney-General Says They Cannot Be Excluded From Public Institutions

LANSING, Mich, Sept 16 — That the four daughters of John Jensen, a leper isolated at Calumet, Mich, would not be a menace to the school population and cannot be excluded from the public schools is the conclusion drawn by Attorney-General Kuhn.

The Attorney General in his opinion states that thorough examination has revealed no trace of the disease in the daughters and hence they will not be a menace in the schools if they are disinfected, removed from their father and mother and kept away from them during the school term with a monthly or bi-monthly examination to show that they are free from the malady.

Woman of 80 Begins Course in University

She's Going to College "to Acquire All the Knowledge She Can"

COLUMBUS, Ohio, Sept 16 — Mrs. A. J. Winship, aged 80 years and a former resident of Racine, Wis., but now of Columbus, registered today as a student of the Ohio State University.

Mrs. Winship will take an optional course and says she is going to college simply because she likes to acquire all the knowledge she can. She has recently returned from Michigan where she has been attending a summer school.

Airship Evades Army In Bold Night Flight

A Dirigible Sneaks Over the Bivouacked Troops in Maneuvers at Granvilliers

GRANVILLIERS, France, Sept 16 — The dirigible Colonel Renard [illegible] made a successful flight without lights last night over the positions of the bivouacked armies which are participating in the French maneuvers.

POISON KILLED ENTOMBED VICTIM

Scientist Testifies Drug Slew Woman Buried in Dr. Crippen's Cellar

Fashionably Dressed Women Revel in Gruesome Testimony Presented

LONDON, Sept 16 — Dr. William Henry Wilcox, analyst to the Home Office, who discovered a deadly drug in the body found in the home of Dr. Hawley H. Crippen, took the stand when the trial of the doctor and his typist, Ethel Claire Leneve, for the murder of the former's wife was resumed and swore unqualifiedly that death was due to poison.

The physician described the nature of the medium used and said that from a quarter to half a grain would prove fatal. He had found two-sevenths of a grain after a lapse of from four to eight months and judged that more than half a grain had been administered. He found no other cause of death and expressed the opinion that the victim survived the dose an hour or more.

Before Dr. Wilcox was called the crown introduced medical testimony to corroborate that given Wednesday by Professor Augustus J. Pepper, pathologist of the University of London, who swore that the body had been dismembered by one familiar with the science of anatomy.

THRONG ATTENDS TRIAL

The gruesome exhibits and the unpleasant character of the testimony at the last session did not deter the curious from struggling to get into the Bow Street police court today and the section apportioned to the public was again crowded. The spectators included the usual array of fashionably dressed women and these thoughtfully removed their hats that those seated behind them might not miss a move of the trembling girl in the dock or her companion in duress whose jaunty air only adds to the morbid interest in the case.

EVIDENCE IS TECHNICAL

Dr. Wilcox, whose evidence was severely technical, was in the witness box for four hours. Solicitor Arthur Newton, who is conducting the case for the defense, closely cross-examined the witness but elicited nothing fresh.

Inspector Dew of Scotland Yard then took the stand. Solicitor Newton asked him a few questions on behalf of Miss Leneve with the object of showing that she had said repeatedly that she believed whatever Crippen told her.

She did not mention Crippen to me, the detective replied.

The case was then adjourned to September 21.

CRIPPEN'S HYPNOTIC EYE HOLDS LENEVE GIRL SILENT

DR. CRIPPEN'S eyes the lever which moved Miss Leneve, his affinity, to crime.

MISS LENEVE, who is on trial with Dr. Crippen for murder of the latter's wife

Father McSweeney Near Death From Old Malady And Life Is Despaired Of

Rev. Father Thomas McSweeney, pastor of St. Francis de Sales Catholic church, is seriously ill at his home, 590 Hobart street, and while Dr. D. D. Crowley, the attending physician, has not abandoned hope for his patient's life there is but little held out for his recovery.

Father McSweeney was attacked with the hiccoughs Monday night after his return from a trip to Sonoma county and has steadily grown worse. There was a slight improvement this morning but it was followed by a sinking spell this afternoon which caused the two nurses in attendance to hastily summon the attending physician, believing that death was fast approaching.

OTHER SURGEONS CALLED IN

Dr. Tom Alters, one of the best surgeons in the city, was called in to assist Dr. Crowley. The two physicians after a consultation said they had not abandoned hope altogether but refused to say that they thought the priest would recover.

Father McSweeney has been in poor health since April 1, at which time he turned over the active work of his parish to Father Patrick [illegible], although he retained the supervision and direc

(Continued on Page 3.)

AGREEMENT GIVES CAVALIERI WEALTH

Prenuptial Document Filed in New York Register's Office

NEW YORK, Sept 16 — The prenuptial agreement between Mme. Lina Cavalieri, the opera singer, and Robert Winthrop Chanler, the terms of which have been the subject of many divergent reports, was filed in the register's office today by counsel for the singer.

The agreement was made on [illegible] of May of this year, [illegible] between Chanler and the singer.

The agreement recites that in consideration of the said intended marriage and for the sum of $1, Chanler gives to Mme. Cavalieri all those three farms known respectively as Cole farm and Clowell and Peral farms, Red Hook, N. Y., approximately 600 acres, no subject to a mortgage of $60,000.

The agreement further recites that Chanler turns over to Mme. Cavalieri the land and buildings in New York city comprising in all 30 pieces and concludes [illegible] all [illegible] forming part of the share of the above named Robert Winthrop Chanler and in the estate of the late Mrs. [illegible] Delano subject to a mortgage of 140,000.

The agreement provides further that Chanler is to pay the yearly sum of $20,000 to Mme. Cavalieri during her life by four quarterly installments of $5000 each, the first of which shall be paid within thirty days of the marriage.

Vet Forces Raising of U.S. Flag Over Mexican

Threatens to Tear Down Central American Emblem Unless Uncle Sam's Goes Up.

TUCSON, Arizona, Sept 16 — Threatening to tear down the Mexican flag from one of the local banks unless the American flag was hoisted above it for decorations of the Mexican centennial celebration here, Charles Azemira, an old time soldier of Port Lovell, now living at Guaymas, Mexico, insisted until the American flag was raised.

The celebration then proceeded peaceable.

Fiend Beats Down Men; Attacks Girl

Father and Uncle of 13-Year-Old Girl Will Die of Injuries Dealt by Assailant

NEWKIRK, Okla, Sept 16 — After leaving her father, Taylor Shephard, and her uncle, J. W. Shephard, unconscious in another room, an unidentified man who entered the Shephard home here last night assaulted Taylor Shephard's 13 year old daughter and escaped.

A vigilance committee has been ordered to search the town. The men probably are fatally injured. The girl will recover.

LONG BEACH IS AT MERCY OF TIDES

Every Resident Turns Out to Fight Grave Danger.

LONG BEACH, Sept 16 — A number of small residences and one apartment house of forty rooms are in danger of tumbling into the sea as a result of the high tides which last night pounded against the high embankment and cut away the foundations beneath the buildings.

The trouble was caused by unusually high tides which are expected to continue for the next two or three days. The waves were doing no damage today.

The Burke apartment house of forty rooms is still in a most perilous position and unless strong supports can be placed before the tide rises tonight there is every possibility that the building will fall. The house is now standing on the sheer ledge that formed as a result of the action of the waters.

THREATENING HOMES

The danger has been threatening for three days and residents were apprehensive of their momentary peril. The first intimation the authorities had that peril was upon the ocean frontage was when they received word that electric light poles were falling like nine-pins and residents of Seaside boulevard were in a treacherous situation. All available officers were sent to the scene but their efforts were unavailable as the breakers were dashing high and reached the shore with precipitate force. The wall and walk, both of cement, from Ocean place to Golden avenue, a distance of three blocks, were washed away and farther down the front nearer the entrance of Long Beach harbor the damage was equally as great.

The waters forced their way in front of the Tent City and back of the wooden bulkheads and the assistance of every available man was required to prevent the entire settlement from being destroyed.

The huge roller coaster built partly in the ocean bed was badly damaged.

According to the government tide table the waters will continue to increase until Sunday.

PANIC BREAKS OUT IN THE WARDS

Screams and Shrieks From Patients Follow Discovery of Fire.

San Francisco Institution Is Startled by Flames; Hoseman Badly Injured.

Fire Company Lieutenant Is Hurt Sliding Down the Pole to Engine.

SAN FRANCISCO, Sept 16 — A panic was narrowly averted at the University of California hospital early this morning when a fire which broke out in the amphitheater caused an alarm to be sounded throughout the building and sent the department hurrying up the steep grade to Parnassus Heights. John Enright, hoseman and acting lieutenant of engine company No. 30, was seriously injured while scurrying to reach the apparatus in the fire house and may not recover.

CROSSED WIRES CAUSE.

The blaze originated between the second and third floors in the large circular assembly room. It is supposed to have been caused by crossed wires and as soon as it was discovered the emergency alarm was pulled and every nurse and attache was sent scurrying to their respective stations. A large number of the ninety patients became excited and several attempted to leave their cots and to make their way from the wards but were prevented by the nurses who stood before the doors and calmed the excited ones.

SCREAMS AND SHRIEKS

There were screams and shrieks from the more nervous among the patients, and it was at first thought that the fire was serious. When the department arrived, however, little difficulty was experienced in quelling the flames.

When the alarm sounded in engine house No. 30 Enright jumped quickly from his couch and slid down the lighting pole to take his place on the hose wagon. As he reached the bottom one of the horses running to his position beneath the harness became excited and kicked him in the abdomen. He was removed to the Central Emergency hospital where his injuries were treated.

Subpoena Witnesses In Packers' Cases

Five to Testify for the Government—High Officials Summoned

CHICAGO, Sept 16 — Subpoenas for witnesses who will testify for the Government in the packers' cases were issued today. [illegible] late November.

Among those summoned to testify are Charles [illegible], manager of the Boston branch house of Armour & Co.; James Lilly, manager of the New York branch house of the National Packing Company; George W. [illegible], president and general manager of the Denver Stockyards Company; Henry Gelhart, former president of the Colorado Packing and Provision Company; [illegible], former president of the National Packing Company, and J. D. Standish, former secretary of the National Packing Company.

Russian Ambassador To France Is Dying

PARIS, Sept 16 — M. Alexander Ivanovitch de Nelidoff, the Russian ambassador to France, is dying.

The diplomat was stricken with apoplexy while passing through Munich on August 8. He was born in St. Petersburg in 1838 and at the age of 19 was appointed to a place in the foreign office. He served his country as ambassador successively at Constantinople, Rome and Paris, which last post he has held since 1903. He was president of the second Hague peace conference in 1907.

Masked Bandits Robs Two and Kills One

BISBEE, Ariz, Sept 16 — A masked highwayman robbed two Chinese as they were taking their vegetables to market today, killing one and badly wounding the other. Posses are hunting the bandit.

FUGITIVE LEAPS FROM FAST TRAIN

Slightly Stunned by Fall, He Eludes Officers in Pursuit.

KANSAS CITY, Mo., Sept. 16.—Soon after telling a newsboy on a Wabash passenger train that he was a fugitive from justice here and was fired of being pursued, an unidentified man leaped from the speeding train near Salisbury, Mo., yesterday.

The newsboy notified the train crew, and, after the train had gone a short distance, it was backed up and an unsuccessful search for the man was instituted. His hat was found. It is believed he was only slightly stunned by the fall and had fled.

According to the newsboy, the man said he was on his way to Minneapolis. The police here are unable to identify the man from the description given.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. For sale by all dealers.

GERMANY SEEKS SPIES IN ENGLAND

Countrymen Are Jailed as Companions of Brandon and Trench.

EMDEN, Germany, Sept. 16. — Several Germans have been arrested in connection with the alleged spying of the Englishmen, Brandon and Trench, in the island of Borkum. They are charged with assisting Brandon and Trench in photographing the fortifications. The alleged British spies were arrested August 21 and 23.

LONDON, Sept. 16. — Lieutenant Helm the alleged German spy, was arraigned in the Fairham police station yesterday charged with having committed a felony in obtaining information concerning the Portsmouth defenses for the purposes of communicating the same to another state.

Helm was arrested while engaged in sketching the fortifications.

Prosecutor Bodkin disclaimed any intention of representing the prisoner as an accredited agent of Germany.

MAUD LILLIAN BERRI IN REAL 'DIVORCONS'

MAUDE LILLIAN BERRI, who seeks a divorce from her husband, Frank Moulan.

FAIR ACTRESS SEEKS SEPARATION FROM HER HUMOROUS HUSBAND

SAN FRANCISCO, Sept. 16.—"It is foolish to live together and yet to live apart," said Maud Lillian Berri, actress-daughter of the late Commodore Fulton G. Berry, in explaining her purpose to file a suit for divorce from her husband, Frank Moulan, a well-known comedian, on the grounds of desertion.

While Miss Berri is occupying expensive apartments here, her husband is making thousands laugh in New York. The other day Miss Berri received a lot of formidable documents from her husband. There were such unromantic things as property interests to look after and the receipt of these started the divorce in earnest.

Until recently Miss Berri was leading lady for Kolb and Dill, but is now devoting her time caring for her aged mother, who is living at the Palace hotel.

Correspondence between the two had so dwindled that at present it is carried on only through the medium of her attorney, Carroll Cook.

BANDITS GET LONE DOLLAR IN HOLDUP

Rob Drug Store in Los Angeles and Leave Loot on Floor.

LOS ANGELES, Sept. 16. — Boldly sauntering into the National pharmacy, at 1601 South Grand avenue, about 8:50 o'clock last night, two young men leveled revolvers at the proprietor, A. E. Kruell, and ordered him to pour the contents of the cash register into their hats. Kruell dropped upon his hands and knees behind the counter and crept to his prescription room in the rear of the store. As he entered the room one of the young men opened fire, missing Kruell's head by less than an inch.

Opening the cash register the men then grabbed what money they could and fled, leaving a stream of gold and silver pieces on the floor behind them. Though about $100 was found scattered on the floor of the store, the proprietor estimated that the men secured but $1.05.

Police Captain Bradish captured a young man about 21 years old. He said his name was George D. Graham. Though a large number of women had been seated at the soda fountain but a few minutes before the store was entered by the men, there was no one but the proprietor there when the robbery took place.

BELL TO SPEAK AT SAN LEANDRO PLAZA

SAN LEANDRO, Sept. 15.—Theodore Bell, Democratic candidate for Governor, will speak at a meeting in the San Leandro plaza tomorrow morning. The San Leandro brass band will meet the Bell party at San Leandro creek and escort it to the plaza.

MOVING PICTURES MAY BE CENSORED

Ordinance Proposed Would Also Restrict Comic and Grand Opera.

Action on the ordinance for the creation of a censor board to have jurisdiction over the moving picture shows was deferred by the ordinance and judiciary committee of the city council last night, after listening to recommendations from a committee of citizens headed by R. B. Gaylord, a trustee of the First Baptist church. At the next meeting of the committee, a week from Thursday night, the citizens committee and representatives of the moving picture show men will appear before the councilmen and thresh out their differences.

That an ordinance for the censorship of plays and dramas in Oakland theaters is being framed by Gaylord and several others who have had this matter under consideration was announced to the council last night, and this new ordinance will be presented to the legislative body of the city by Councilman L. N. Cobbledick. It will provide for a board of censors to pass upon plays, light and comic operas, grand operas, vaudeville performances and other light entertainments within the city of Oakland.

In the opinion of Trustee Gaylord and his friends it would be unfair to attempt to bring dramatic performances under the same heading as moving pictures, as it is no hardship upon the picture men to be required to suppress one or two films, while it might entail an enormous loss to theater managers and companies to supress a performance upon which much money and time had been spent.

The committee before the council last night consisted of R. B. Gaylord, Dr. T. B. Holmes, R. T. Fisher and W. C. Barnard.

HALF MILLION FOR ALL INDIANS OF UNCLE SAM

WASHINGTON, Sept. 16.—It will cost Uncle Sam just $22.62 to supply each of his Indian charges with rations during the fiscal year ending June 30, 1911, according to figures compiled at the Bureau of Indian Affairs. This is an increase over the amount expended on the Indian last year of 20.1 cents. Although some of the commodities supplied have increased materially in price since last year, the total net increase paid by the Indian Bureau for supplies this year over last year was only .087 cents.

Last year the government supplied 19,868 Indians with rations, for which $445,610.34 was paid, while the current fiscal year shows only 19,648 red men to receive allowances from the government, for which the government will expend $444,624.18.

MINSTREL AND WIFE SEPARATED BY ROW

NEW YORK, Sept. 16.—With the cheerful candor of a minstrel, George H. Primrose admitted yesterday that he and his wife had been living apart since July last, but declared that there is a strong likelihood of a reconciliation. He declined to discuss the cause of their estrangement, but said his lawyers, after a consultation with her lawyers, had given him every reason to expect that there would be a reconciliation and that they could take their postponed trip to Portland, Ore., where he has a farm and bungalow.

Primrose is more than 60 years old, and deeded extensive holdings in Mount Vernon to his wife three years after their marriage which took place seven years ago. He said: "I am not shouting for my presents back. Mrs. Primrose and I are both well protected financially."

Cashmere Hosiery
25c, 35c, 50c, 75c, $1 pr.

A very serviceable line in black or grey; weights to suit everybody. These Stockings are great comfort-givers and give good satisfaction. The usual high quality of these Stockings is fully maintained.

FATHER M'SWEENEY NEAR DEATH FROM OLD MALADY AND LIFE DESPAIRED OF

REV. FATHER McSWEENY, pastor of St. Francis de Sales, who is near death.

(Continued from Page 1.)

tion of the church and parish activities.

Father McSweeney has taken a number of trips throughout the surrounding country in search of health and rest, but his condition has grown steadily worse, until it culminated in the breakdown Monday from which he is not expected to recover.

PASTOR FOR 25 YEARS.

Father McSweeney has been pastor of St. Francis de Sales church, Hobart and Grove streets, for the last 25 years and during his long residence in Oakland he has been known for his charitableness, usefulness and high principle which have placed him in the front rank of churchmen in California.

He founded the League of the Cross Cadets and a number of other Oakland boys' activities, and has been identified with all movements looking to the welfare of the city in general and his own parish in particular.

Father McSweeney was appointed to the rectorship of St. Francis de Sales church by Archbishop Riordan in February of 1886. His first mass as rector of the parish was celebrated February 21, of that year, in what was then known as Hanlin's hall, San Pablo avenue and Nineteenth street. In May of the same year the 200 by 183 foot lot now forming the site of the church, clergy house and school was purchased and immediate preparations were made for the building of a temporary church, a school and residence. This temporary church was dedicated February 27, 1887, by Archbishop Riordan.

SCHOOL ESTABLISHED.

The school was opened in July of the same year and placed in charge of the Sisters of the Holy Name of Jesus and Mary of the lake convent. Through Mrs. Mary Canning, who donated $100,000 to the cause, the present structure was made possible and building operations were begun in 1890 and completed in 1893. June 24, 1900, Father McSweeney celebrated the 25th anniversary of his ordination to the priesthood in the parish church.

Father McSweeney was born in Framore, Waterford, Ireland in 1853. He studied at Mt. Melery Seminary and at All Hallows College, Dublin, and was graduated at the latter place June 24, 1875.

He came immediately to California, first serving as assistant pastor in St. Mary's cathedral, then situated on California street, San Francisco, under the late Archbishop Alemany. He remained there five and one-half years.

CAME TO OAKLAND IN 1881.

He came to Oakland in 1881 and officiated as assistant to Rev. Michael King, pastor of the church of the Immaculate Conception of this city for six years. In 1887 the northern part of Oakland had so increased in population as to warrant the establishment of another parish and the organization of the new division was committed to Father McSweeney by Archbishop Riordan.

Father McSweeney's place is being filled by Rev. Patrick J. Keane, who has long been known as a man of retiring disposition, but genial and affable, and of a studious nature scholarly and a persuasive creature whose winning presence has endeared him to the hearts of his parishioners.

Father Keane is about 38 years of age. He is a native of Ireland. He was educated in Carlow College and in the National Catholic University at Washington, D. C. He was ordained to the priesthood in the last mentioned place in 1894, and came to California in 1896. The intervening years he has spent as assistant pastor, first of St. Patrick's church and at the present time of St. Joseph's church, San Francisco.

ROOSEVELT IS FLAYED BY BARNES

Called Menace to Republican Party in New York by State Committeeman.

"I Am Indeed Blessed in My Enemies," Is Rejoinder of Former President.

NEW YORK, Sept. 16. — There was a sharp exchange today between Colonel Theodore Roosevelt and William Barnes Jr., Republican State committeeman and leader of the so-called "old guard." In a published statement Barnes said:

"No amount of political maneuvering, use of patronage or personal abuse can in the slightest degree obscure the one issue, which must be fought out to a finish at Saratoga. There will be determined the future of the Republican party in the State of New York for some years to come. That party must determine in its present form whether it will be recognized as the conserving force which has been its history, or whether it will follow the radical policies of Roosevelt and lose the strategic position which it has held in the State of New York for many years as the party of sanity and the protector of industry on which the world of business and labor must depend.

SAYS PARTY FACES CRISIS.

"If it does not hold to its time-honored and successful principles, but seeks for new gods to worship, its mistake will be taken advantage of by its adversary.

"No radical candidate has ever carried the State of New York. Progress in political life is essential to any party, but the State leadership which relies for its strength on inciting the mob can never, even if it tries, stem the tide which it has created.

"The Republican party in this State has never faced a crisis so fundamental to its existence as it must at this hour."

BLESSED IN HIS ENEMIES.

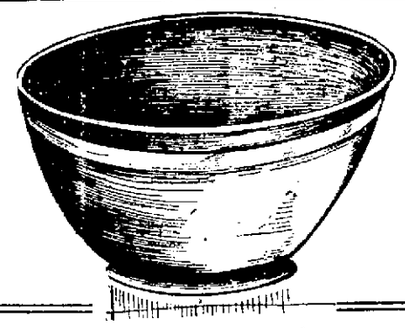

When Barnes' statement was shown to Colonel Roosevelt, the latter dictated the following comment:

"I am indeed blessed in my enemies. I am very genuinely grateful to Mr. Barnes for having unconsciously made the issue so clear between what he is pleased to call Rooseveltism on the one side and on the other side the alliance of the boss with that element of big business which seeks to control politics in connection with business."

CONFER WITH GRISCOM.

When Chairman Griscom arrived he was speedily escorted to Colonel Roosevelt's quarters and went into conference with the former President and Mr. Bannard, Herbert Parsons, former chairman of the Republican County Committee, and Comptroller Prendergast of New York City.

The New York County Committee will meet tonight and it is expected a resolution will be adopted endorsing Colonel Roosevelt for the temporary chairmanship of the Republican State convention and endorsing the Taft administration.

Regular terms, $6.50 down, $6.50 month

Dignified Credit — Jackson's — 519 12th St. Oakland

Open Saturday evenings till ten.

Judge Threatens Angry Husband With Jail Cell

During the hearing of the motion for alimony in his wife's divorce case this morning, a sudden outburst on the part of Percy F. Kapp in court brought forth an offer from Judge Waste to furnish him with a secluded apartment in the county jail.

Kapp had just testified that he was unable to pay alimony as he claimed to have no money, although he said he was living at the Key Route Inn. A remark by Clinton L. Dodge, attorney for Mrs. Kapp, stirred Kapp up and he jumped to his feet.

"You are a liar," he shouted at Dodge.

Judge Waste silenced the angry defendant and ordered him to be seated. Kapp hurriedly apologized, when the judge remarked:

"Although you live at the Key Route Inn, Mr. Kapp, there are vacant apartments in the county jail that you may be forced to occupy. If you do not restrain yourself, I will find new quarters in the Hotel Barnet, where you will be under less expense than you are at present."

Kapp subsided and the court made an order of $25 a month alimony for Mrs. Kapp pending the disposition of the suit.

Aleutian Volcano Again in Eruption

Sea Covered with Ashes and Pumice for Miles Around the Island.

SEATTLE, Sept. 16.—A dispatch from Nome reports that the famous volcano Bogoslof in the Aleutian Islands, is again in eruption.

The codfishing schooner Veda, which arrived here from Behring sea last night, found the sea for scores of miles about Unimak island, where Mount Shishaldin has been in eruption for five months, covered with ashes and pumice.

While the fishing schooner, W. H. Diamond was going through Unimak Pass her spanker and rigging were set on fire by hot ashes. Sailors extinguished the fire.

PURCHASE OF AUTO TIRES CAUSES ARREST

Charged with purchasing goods he knew to have been stolen, William Gamble, an automobile agent of this city, was arrested last evening at his home, 469 Telegraph avenue, by Detectives Emigh and Gallagher. The offense is a felony and the arrest was made on a warrant. Gamble was arraigned in the police court this morning and his case put over to plead.

It is alleged in the complaint that Gamble purchased two automobile tires which had been embezzled from the Studebaker Auto Company, paying $65 for them. They were worth $85, and he succeeded in disposing of them for $50, according to the police. The police hold a warrant for an accomplice who, it is believed, has fled from the city.

PURE FOODS AND PURE MEDICINES.

mean better, healthier, happier people. It has been proved, however, that all medicines are not adulterated and worthless any more than are all food products.

The wheat has been sifted from the chaff, and such medicines as Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and complies with all conditions of the Pure Food and Drug Law, will continue to hold its place as the standard American remedy for female ills.

CLAIMS CARMEN BEAT HIM IN BRUTAL MANNER

Claiming that a brutal attack was made upon him by the conductor and motorman of a San Pablo avenue car, C. Jones, a negro chef in the private car of John A. Bunting, has caused the arrest of Charles Erickson and J. C. Lloyd, the car crew. Jones claims that on paying his fare the conductor dropped the nickel and then demanded another. On Jones' refusal to produce another coin he struck him and called to the motorman.

Jones alleges that the motorman beat him with the controller bar, carried him out into the street and left him lying bleeding and unconscious. His statements are confirmed by three white passengers on the car at the time. The case was tried before Judge Samuels this morning, but no decision has yet been reached. The charge is battery.

TAFT TO ATTEND YALE UNIVERSITY MEETING

NEW HAVEN, Conn., Sept. 16.—President Taft will attend the meeting of the Yale University Corporation here Monday. It is expected here that the President's stay will be limited to the hours of the meeting.

HALSEY REQUESTS CHANGE OF VENUE

Doesn't Want to Be Tried by Judge Dunne; He Alleges Bias.

SAN FRANCISCO, Sept. 16.—An affidavit asking for a change of venue from Judge Dunne's department of the Superior Court was filed today by Theodore V. Halsey, former special agent of the Pacific States Telephone and Telegraph Company, accused of having bribed the Schmitz board of supervisors. Halsey charges Judge Dunne with bias and prejudice against him.

Affidavits of several physicians, asserting that Halsey is too ill to appear for trial, accompanied his request that his case be transferred to another department of the court.

Federal Guard Shoots Girl and Kills Self

Penitentiary Officer's Victim May Recover After Attack by W. M. Bradshaw.

HORTON, Kas., Sept. 16.—W. M. Bradshaw, a guard in the Federal penitentiary at Leavenworth, shot Bertha Schmetz today at her home near here and then committed suicide. Miss Schmetz probably will recover.

KNOX SAYS HE IS NOT READY TO RESIGN

NEW HAVEN, Conn., Sept. 16.—Secretary of State Philander Knox paid New Haven a brief visit today. Asked if it were true that he was to resign his place in the cabinet, he replied emphatically, "That is all nonsense."

SWARM OF WASPS BUILD ON POLE; FRIGHTEN WOMAN

BERKELEY, Sept. 16.—The action of a swarm of wasps in building their nest on a telegraph pole in front of her home, 615 Hopkins street, has not only aroused the wrath, but the fear as well of Mrs. W. Alexander and she has appealed to Chief of Police Vollmer to do away with the nuisance.

Vollmer has promised and has detailed a squad of officers to see if they can capture the swarm and nest.

Mrs. Alexander told the chief that every time she passed the nest the wasps stung her and she feared they might also sting the children.

Oil on Water Burns; Firebugs Start Blaze

SAN JOSE, Sept. 16.—The oil refuse from the Southern Pacific roundhouse and wards which has been poured into the Los Gatos creek near here, was set afire today by some unknown person, and for half an hour the oil on the water sent up a blue blaze and vast columns of smoke. The creek was hastily dammed to head off the blazing oil, which was rapidly approaching a bridge below. It then burned itself out.

JUDGE RUNYON DEFEATS FOWLER FOR CONGRESS

PLAINFIELD, N. J., Sept. 16.—Judge William N. Runyon of Union county was nominated for Congress today by the Republicans of the Fifth Congressional district, defeating Charles N. Fowler, a member of the present Congress.

TAFT & PENNOYER

G. O. P. LEADERS LAY PLANS FOR FAST CAMPAIGN

Hiram Johnson's Fight for Election to Be Handled by Meyer Lissner.

STANDARD BEARER TO START TOUR MONDAY

Bell and Spellacy Begin Trip in Which Many Addresses Will Be Delivered.

Hiram Johnson, candidate for governor on the Republican ticket, who has been resting since the primaries at Lake Tahoe, returned to San Francisco yesterday afternoon in company with Meyer Lissner of Los Angeles, the new chairman of the Republican State Central committee.

At the lake both Johnson and Lissner discussed every feature of the State campaign which is now about to open and which will not come to a close until after the November election.

The campaign is to be directed by Lissner who will devote his whole time to the work. Johnson will remain here until Monday when he will leave on his State touring campaign for Yreka.

It is planned to form a strong central organization in San Francisco which will have branches in every assembly district and these several organizations will superintendent the holding of meetings which will be held in that section, at frequent intervals, throughout the campaign.

The finance committee of the local and State organizations met this afternoon for the purpose of raising the means with which to make a campaign of a whirlwind character.

BOURBON LEADERS SPEAK.

Theodore A. Bell and Tim Spellacy, the latter candidate for lieutenant-governor on the Democratic ticket, will speak tonight in the opera house at Point Richmond. Tomorrow night, they will address Democrats of this city in Hamilton hall.

The itinerary for the succeeding ten days will be in the direction of the southern part of the State, the start being made Monday morning, in an automobile, the first stop being made at Redwood City where the first speech will be delivered. On the same day, Palo Alto and San Jose will be reached.

Tuesday there will be speeches delivered at Los Gatos, Bear Creek, Boulder Creek and Santa Cruz. Wednesday, Watsonville and Salinas will be addressed. At the latter place, there will be a train taken for San Luis Obispo and then will follow visits to Santa Barbara and Ventura.

At the last mentioned place, an automobile will be used to convey the party to Oxnard, after which a train will be taken for Los Angeles where there will be a mass meeting Saturday night week. Monday night, following the speakers will be in San Diego, after which they will go in succession to Santa Ana, Corona and Imperial.

The campaign of Judge John E. Raker of Modoc county for the position of congressman against Englebright will begin Tuesday night. It is Raker's purpose to make a thorough canvass of his district by automobile. His first direct trip will lead from this city to Eureka.

MOTHERS DISLIKE NEW SCHOOL RULE

Women of Piedmont Permitted to Visit Classrooms During Studies.

The mothers of Piedmont are up in arms.

Their children have been slighted, they say, in their treatment in the public schools of the hillside municipality, and they themselves have been refused permission to visit the young hopefuls during the time they are in classes except at stated periods—once every five weeks. The restriction is the result of an edict which has been issued through the principal of the Piedmont school by the board of trustees, following the eviction from the school by one of their number last week, who later took up the matter with County Superintendent George W. Frick and with other mothers to ascertain whether or not there has been any discrimination on the part of Principal Crumpton between the children hailing from Highland homes and those of the Lowlands.

NOTICE CAUSED STIR.

The order which has now stirred up a controversy that threatens to rival the factional strife attending the location of a town hall has been sent in the form of an announcement to the mothers of Piedmont, and is as follows:

> Parents' Day, Piedmont School, Friday afternoon, September 16, and every fifth Friday afternoon thereafter. You are urgently requested to call. Principal's hours for visitors on school days, 2:30 to 3 p. m. To secure the best results for our children, interruptions during studies must be avoided. We sincerely request your co-operation.

Stirred to resentment of the treatment which Mrs. Charles U. Martin, who resides at Monticello and Loretta streets, is alleged to have received the other day when she visited the school for the purpose of learning the method in vogue for enlightening the young hopefuls of the village, other mothers have taken the matter up and it is believed that a request will be made for a change in the management of the school from a preceptress to a preceptor, for the reason that a woman could not hide her feelings of favoritism between the Highland proteges, used to the pamperings of private tutorage, and the Lowland urchins, who travel to and from classes on foot or by street car instead of luxurious limousine and watchful attendants.

The man who finds fault with the decalog has usually barked his shins on it.

* * *

If you really are casting your bread on the waters you are not using it as bait.

* * *

Some men think they are far-sighted because they try to look two ways at once.

M'CARTHY FLAYS POLICE; MARTIN MAY LOSE HEAD

Commission in Meeting This Afternoon and Shake-Up in Department May Result From Recent Charges

(Continued from Page 1.)

mand to be allowed to appoint his own detective sergeants, and to clean up the foul spots in the town.

If it is the intention of the commissioners to appoint a man whose reputation as a police officer leads to the belief that he will use the "big stick," it is thought that O'Meara stands a good chance, but on the other hand he is not thought to be strong with the powers that be and if a favorite is to have the coveted position any one of a large group of officers are in line.

ED WREN MENTIONED.

Detective Sergeant Ed Wren has long aspired to the honor, and came near getting it at the time of Martin's appointment. Captain of Police Colby of Company I, a friend of former Commissioner Flannery, is said also to be in the running as is Sergeant of Police Stephen Bunner. It is understood that Captain Wall, present chief of detectives, in the event that Martin should lose his position, could have the job for the asking, but Wall doesn't want it.

Detective Sergeant Thomas Ryan, acting lieutenant of detectives, and one of the best known upper office officials on the Pacific coast, has been frequently mentioned as a likely candidate for chief, but Ryan, it is reported, would not take it unless he, too, could have an ironclad contract that he would be allowed to do just as he wished.

SHAKE UP IS EXPECTED.

Around police headquarters all of the officers from captains to sergeants who are reported as being close to the administration expressed their opinion this morning that Martin was sure to go, and that in the event that his resignation was at once accepted that a complete change among the officers on patrol duty in tenderloin would be made. It is thought also that fifteen of the present detective sergeants would go back on the street, and a number of the old guard who were placed on beats at the first of the year would be returned to their former positions.

Following is the letter of Mayor McCarthy:

September 15, 1910.

"To the Members of the Honorable Board of Police Commissioners.—Gentlemen: It becomes my duty at this time to again invite the attention of your honorable board to the conditions existing in the department over which you have control, and to other conditions throughout the city, which are consequent upon the evident laxity on the part of your subordinates. On the 26th day of April, 1910, I addressed a communication to your honorable board, in which I called attention to the pledges made to the people by the Union Labor party prior to the election held in November last. It was my determination at that time to correct irregularities that were found in the Police Department when the Union Labor nominees took office in January last, and I desire at this time, with renewed and increased emphasis, to call these matters to mind in order that the Police Department shall be brought to the highest possible standard of efficiency, and so that the taxpaying public may receive a maximum of benefit through the faithful vindication of promises made by the Union Labor party.

POORLY MANAGED.

"Since last addressing you upon the vital subject of the efficiency of the Police Department I have, as a result of careful and continued personal investigation, been impressed with the fact that the department is not organized or operated upon that proper and practical basis which alone can insure the highest degree of efficiency from each and every subordinate. The party that I represent in office is especially pledged to the doctrine of "equal rights to all and special privileges to none," but it is, nevertheless, obvious that special privileges have been extended through the agency of your subordinates, from time to time, which practice must instantly cease. I have in mind the tendency of various cafes in the district centering at Eddy and Mason streets to take every possible advantage of the police and of the law, and thereby to establish conditions which make the wisdom of their further existence in this community a matter of grave doubt.

IS NOT SATISFIED.

I am by no means satisfied, as mayor, with the recent apparent activities of professional criminals such as pickpockets, hotel thieves, prowlers, bunko men, etc., who have come to this city in the ordinary course of events and who should have been eliminated from this community with a promptness and expediency that would suggest the highest efficiency on the part of our detective bureau. I have been in the past, and I am now, absolutely determined that criminals, large or small, in whatever branch of their unlawful craft they may engage, shall not exist within the city and county of San Francisco, so long as I am mayor, and I am satisfied that, with a proper management of your department, these law-breakers can be effectually banished from our gates.

CAN BE STOPPED.

"I do not advance the untenable thought that all crimes and lawbreaking in this city, or in any other great city, can be absolutely anticipated or prevented, I do, however, assert with complete earnestness, that the same can, with proper management, be minimized so that the community shall feel that it is receiving a maximum of protection from all violators of the law.

"The foregoing lapses are accountable, in my estimation, to a lack of proper discipline in the police department. If any officer, patrolman, or employe in your department feels that he is not properly rewarded by the compensation given him under the charter, it is his plain duty to make his grievance known, and in the event of his failing to pursue this course, it is your duty to bring such officer, patrolman or employee to book.

QUOTES FORMER LETTER.

"Under date of April 25th, in the letter sent to you and above referred to, I declared as follows: 'Your honorable board will please be notified that during the last campaign I stated repeatedly from the public rostrum that every resident of San Francisco, whether he be rich or poor, and no matter from what country he comes, shall receive uniformly the same fair and honest treatment, and he shall be entitled to everything under the law, without being compelled to pay tribute for the same. Every person working for the city receives a salary or compensation in some manner or other in accordance with law and as agreed upon. If such salary or compensation be not sufficient, then it is the duty of those who disagree with the law, and are not satisfied with the salary or compensation, to say so, and not to try to enrich themselves by levying tribute and disgracing our city.'

BUSINESSLIKE GOVERNMENT.

"In another paragraph you will recall I made the following statement to your honorable board: 'Every resident of this city is entitled to do what any other resident may do within the law, and any member of the police department or any other person found giving or in any manner assisting to give 'protection' in return for money, or any other consideration, should be punished in accordance with law. This administration stands for an honest, progressive, businesslike city government, alone legitimate and liberal lines.'

"While having complete confidence in the intention of your honorable board to discharge your duties faithfully and efficiently, I nevertheless deem it to be my duty, as chief executive of this city, to point out any lapses on the part of your subordinates which might tend to demoralize the police department itself, or to diminish the standard of efficiency in its service to the people.

MUST OBEY LAW.

"I have, through the public press, on more than one occasion since last addressing your honorable board, associating myself in the matter as I have with District Attorney Fickert, endeavored to draw to the attention of the people generally the fact that the law shall be obeyed. I have requested the press, and through such means every other possible agency which might be in possession of facts or information that would tend to assist the authorities in a proper conduct of the police affairs of this city, to furnish whatever accurate information of wrongdoing they may obtain. District Attorney Fickert, as the chief law officer of this county, and myself as the responsible head of this city's government, have worked diligently and with care, having in mind the one idea of successfully stopping persistent infractions of the law in San Francisco. The full and sucessful co-operation of your honorable board in this connection is plainly essential.

MUST CURE CONDITIONS.

"In conclusion I would request the careful consideration of your honorable board upon the subjects above introduced and would state that I positively insist upon steps being taken in your department which will successfully cure the conditions to which I have referred and bring the department itself to a standard where its members will not try to neglect or exceed their duties, and where those who have reason to fear the arm of the law will not presume for an instant to challenge the efficiency of your police service.

"I have the honor to remain,

"Yours very sincerely

"P. H. McCARTHY,

"Mayor of the City and County of San Francisco."

GUNS BOOM OUT AT ATASCADERO IN MIMIC WAR

Movement of Troops Screened by Light Fog Over Maneuver Field.

SOLDIERS IN SQUADRONS WORK OUT MANEUVERS

General A. S. Brooks, Adjutant, Coming at Head of New Mexico Militia.

CAMP ATASCADERO, Cal., Sept. 16.—The valleys and wooded hills of Atascadero resounded with the rattle of machine guns and the irregular sputtering of rifle fire today when the first field operations of the army maneuvers were begun.

A light fog hung over the maneuver field, screening the movements of the troops, as a battalion of the Thirtieth infantry under Major Leon Rudiez, supported by a platoon of machine guns commanded by Lieutenant Guy Carleton, slipped through the live oaks and attacked a position held by a battalion of the Eighth and a battalion of the Thirtieth infantry, commanded by Major J. P. O'Neal.

WORK OUT PROBLEMS.

In another part of the reservation troops in squadron formation worked out problems in action, while one battery of three-inch field guns went through spectacular drills on the plain to the westward of the camp.

Brigadier-General Tasker H. Bliss, commander-in-chief of the troops, watched the operations.

The signal corps under Lieutenant Prosser began wireless experiments with the field wireless outfit. A temporary mast was erected in record time near headquarters and communication was quickly established with another detachment sent to Santa Margarita, twelve miles to the south. Other detachments of the signal corps were drilled in the day visual signaling with flags and heliograph.

BROOKS COMING.

The New Mexico militia, under General A. S. Brooks, who holds the rank of captain in the regular army, but is detailed as adjutant general of the national guard of that territory, will arrive in camp Sunday morning. It will consist of a full regiment of infantry, a troop of cavalry from Las Vegas and a battery of field artillery from Roswell. Lieutenant W. G. Turley, battalion adjutant of the Second battalion of the New Mexican troops, arrived today. Eight companies of the Arizona national guard are due to arrive tonight.

CLAIMS REWARD.

SEATTLE, Wash., Sept. 16.—Asserting that he had informed the Seattle and San Francisco police of the whereabouts of Joseph Wendling, wanted for the murder of 8-year-old Alma Kellner, at Louisville, John Taub, a clerk, who resides here, left tonight for Louisville to claim the $13,000 reward offered for the suspected murderer's capture.

HYPOCRISY IN CRY OF ROOSEVELT, SAYS PAPER

Former Receiver of Pennsylvania Sugar Refinery Company Declared Able to Show Up False Pretense

(New York World, Sept. 8.)

No man in the country is better qualified than George H. Earle to meet Mr. Roosevelt's attack upon the United States Supreme Court for its decision in the Knight case.

No man knows better than Mr. Earle how little of an obstacle this decision would have been to Mr. Roosevelt had he sincerely desired to do his duty as President and enforce the Sherman anti-trust law.

Nobody knows better than Mr. Earle how much there is of hypocrisy, demagogy and false pretense in Mr. Roosevelt's cry against the "fossilized" justices of the court.

PUBLIC SERVICE.

In responding to the World's plea and answering Mr. Roosevelt, Mr. Earle is performing a highly useful public service.

He was receiver of the Pennsylvania Sugar Refining Company, which had been absorbed and wrecked by the trust. He found evidence of a criminal conspiracy in restraint of trade and promptly took his evidence to the Department of Justice. The Attorney-General refused to consider it, and Mr. Roosevelt declined to do anything with the proofs that Mr. Earle submitted. When he could obtain no assistance from the United States government, Mr. Earle, as receiver, began a civil suit against the Sugar Trust under the Sherman law. The trust in court admitted violations of the law and paid nearly $3,000,000 to settle the case. The evidence which Mr. Earle had obtained and which Mr. Roosevelt refused to look at, was used by the Taft administration to indict officers of the trust for violating the Sherman law and to begin proceedings to dissolve the Sugar Trust itself.

PLEAD STATUTE.

Officers of the trust have since come into court and pleaded the statute of limitations. The statute of limitations had not run when Mr. Earle presented his evidence to Mr. Roosevelt, and the decision in the Knight case would have embarrassed the United States government no more than it embarrassed Mr. Earle.

With all Mr. Roosevelt's ranting and foaming about law-breaking corporations, he not only refused to proceed against the Sugar Trust, but he shielded that criminal corporation. Not only this, but Mr. Earle asserts that in order to avoid prosecuting the Sugar Trust he extended the Knight case and gave it an application which the Supreme Court has repeatedly repudiated.

SHELTERING TRUST.

And while Mr. Roosevelt was sheltering the trust from prosecution for conspiracy in restraint of trade, the trust was rewarding this governmental favor by wholesale stealing from the United States Treasury.

It is time that the American people know the full truth about Mr. Roosevelt's record in the Sugar Trust case. The man to make that record public is the man who compelled the trust to confess its guilt after Theodore Roosevelt had protected it.

Improvements in Oakland

Moving of Bulkhead Line of Western Water Front Farther Out in Bay Will Greatly Improve Harbor Facilities

Oakland officials are awaiting the arrival of Colonel Biddle, a member of the United States Harbor Line Board working under the supervision of the Chief of Engineering for the Secretary of War, to obtain a hearing on the moving of the bulkhead line of Oakland further out in the bay. Captain Jackson is now here, and Colonel Biddle is expected to arrive this month, so that it is probable that Oakland's claims will be laid before the Federal Board some time within the next two months.

The moving of the bulkhead line is one of the most important steps in the perfecting of Oakland's harbor facilities on the western waterfront and is a necessary preliminary to the commencement of work under the harbor improvement bond issue. The demands to be made for this city are so reasonable that every hope is felt that it will be granted.

Colonel Biddle has been in the North but will arrive in Oakland this month. The Harbor Line Board has about completed surveying for new lines in San Francisco bay along the east shore from Oakland to Point Richmond, and will have all the facts in readiness for the hearing of the Oakland claims.

GIVES MORE SPACE.

Oakland asks that the bulkhead line be moved 2000 feet from the present line out into the Key Route basin. This will give the opportunity to dredge out the channel, and will better navigation facilities and harbor facilities in a material degree.

By moving out the bulkhead line, greater amount of space will be provided behind the bulkhead line, and this will provide a place to fill with the mud from dredging the channel, and will make more economical the work of providing such a channel.

DEDICATES SHAFT TO INDEPENDENCE

Mexico Crowns Celebration of Centennial With Much Ceremony.

MEXICO CITY, Sept. 16.—Mexico crowned the celebration of her centennial today with the dedication of a monument to the independence of the republic. There was a grand parade from the national palace to the site of the monument in the beautiful Paseo de la Reform, between this city and Chapultepec, where the ceremonies were held.

Ten thousand soldiers, marines, rurales and representatives of other powers were in line. The feature of the program was an address by President Diaz.

The monument is an imposing granite shaft rising to a height of 140 feet. It is topped with a figure symbolic of Liberty and the base is surrounded by bronze figures representing the various phases of the national life.

It is no use preaching on the fatherhood of God so long as you do not like boys.

California's choicest table wine is TUFO (red or white) produced by the Italian-Swiss Colony. Beware of imitations.

GRISCOM TO PAY ROOSEVELT VISIT

Chairman of Republican County Committee to Hold Conference With Colonel.

NEW YORK, Sept. 16.—Colonel Theodore Roosevelt, in town for a day of work at his offices and to hold political conferences, announced that one of his visitors was expected to be Lloyd C. Griscom, chairman of the Republican county committee.

Colonel Roosevelt will deliver an address tonight at the Press Club and will spend the night at the home of his brother-in-law, Douglas Robinson, leaving tomorrow for Syracuse, where he will speak at the state fair. He is due back in New York City Sunday morning.

By the noon hour a considerable political company had assembled at Colonel Roosevelt's offices. It included former Congressman Lucius N. Littauer, Attorney General Edward O'Malley, Naval Officer Kracke, State Senators George D. Cobb and Harvey D. Hinman, Marcus Braun of the immigration department; Smith Cocks, brother of Congressman W. W. Cocks, and Charles H. Betts, Republican state committeeman from Wayne county.

FAIR WILL HELP CHURCH AT STEGE

Festival to Open In Davis Hall Tomorrow Night; Booths Arranged.

Tomorrow night, a fair will be opened in Stege for the benefit of the Catholic Church of St. John the Baptist of that place, the pastor of which is Rev. Robert Sampson, formerly assistant pastor of St. Patrick's Church in this city.

Rev. Robert Sampson.

The exercises will open with an address by the pastor.

Davis Hall, at Stege Junction, in which the festival is to be held, has been beautifully decorated for the occasion. The booths have been supplied with a number of pretty and useful articles which have been donated to the cause, and which will be disposed of in various ways for the purpose of raising needed funds for the society.

The fair will be held on four nights, each one week apart, beginning tomorrow night. There will be a varied program of music and literary selections each evening. Among the valuable prizes which have been donated is a lot near the Pullman works, now in course of construction near Richmond. The booths will be in charge of the following ladies:

St. Patrick's—Mrs. W. J. Gately, Mrs. J. Powers, Miss Ida Powers, Miss E. Galvin, Miss A. Moynihan, Mrs. M. Vargus, Mrs. J. Stark, Miss A. Brady, Miss H. Moynihan.

St. John's—Mrs. I. Mahoney, Mrs. J. Villalobes, Mrs. Thorson, the Misses Baroni, Mrs. Moro.

Refreshments—Mrs. H. Fallon, Miss L. Fallon, Mrs. J. Lavigne, Mrs. C. Lavigne, Miss P. Lavigne, Mrs. Trimbler.

Father Sampson, while in charge of the Church of St. John at Stege, is also pastor of the newly located Catholic Church in West Berkeley, which is still in a weakly condition and it is the understanding that many of his former acquaintances in this city intend to help him in making the coming fair a success.

A $5.00 Bon-Ton Corset for $2.35

A SPECIAL for Saturday—is a regular five dollar Bon Ton production for medium figures. It is splendidly made of extra quality French Coutil, lace trimmed—is designed with medium high bust and the fashionable length over hips.

This corset, aside from its sterling merit, should forcibly appeal on account of its lines, which strictly adhere to the favored modes of the day. Sizes 18 to 30.

Also included are a number of the short French models.

GLOVES FOR FALL

A Showing of Extraordinary Scope in Styles and Prices

A comprehensive showing of the correct modes for fall—a showing that embraces every meritorious make for men, women and children, at prices that afford a saving on every purchase.

FOREIGN MONEY READY FOR USE

Judge Gary Declares Capital Awaits Settled Political Conditions.

NEW YORK, Sept. 16.—Judge E. H. Gary, chairman of the United States Steel Corporation, and Mrs. Gary, are back in New York from their trip abroad which began July 29.

"Business conditions abroad," says Judge Gary, "are satisfactory. There is a great deal of foreign money which will go into American securities as soon as political affairs here are more settled. This is so particularly in France.

"One of the greatest faults in this country is extravagance. Here it prevails in all classes and is appalling. The question of high living is agitating the people abroad just as it is here. This is being felt by the middle classes, for the proportion of increase here is the same as here. I asked clerks, hotel keepers and others what was the cause of the high prices. The increased cost of living is attributed to the increased wages of the working people."

The most exciting experience of his trip abroad, Judge Gary said, was his ascent at Etampa in a Blériot.

ORDINANCES REGULATE MATERNITY INSTITUTIONS

That ordinances already exist in the city of Oakland covering all the points raised by Secretary Newhall, of the Society for the Prevention of Cruelty to Children, to provide for the proper regulation of maternity homes and "baby" farms," is the opinion of City Attorney John W. Stetson, expressed in a letter to the ordinance and judiciary committee of the city council last night.

Certain abuses were pointed out by Newhall in a recent communication to the council, and a request was made that an ordinance be framed correcting the conditions alleged to exist. The matter was referred to the city attorney, and was dropped last night on receiving his opinion that the matter is already covered in the city statutes.

Pleasanton News

Mrs. C. Marron of San Francisco is spending a few weeks with relatives here.

Mrs. W. J. Martin and family are in Pacific Grove for a month.

Miss Gladys Wells returned Wednesday from a visit at San Jose.

Newton Arendt, who is attending school at Belmont, was home the first of the week.

Miss Saxe of Irvington is spending a few weeks with her sister Mrs. L. W. Rood.

W. M. Bryant and wife of Portland are the guests of Mr. and Mrs. L. Bryant.

Attorneys Donahue and Gale and a party of friends spent a few days at the Pleasanton Gun Club's preserves.

Mr. and Mrs. Griffith and family attended the circus at San Jose Tuesday.

Mrs. Harms is the guest of friends in Berkeley, where she has been visiting during the entire past week.

Mrs. Munson, son and daughter, of Crow's Landing, were the guests of Mrs. Young and daughter.

Miss Gladys Meredith of Stanford University was the week-end guest of Miss Winifred Case.

William Alsford was in the bay cities Wednesday.

Gladys Alsford returned this week from Campbell where she spent a few weeks.

Mr. and Mrs. Weeks of San Francisco have moved into the Platt home on the Livermore road, which they have recently purchased.

Gertrude Fallon spent a few days in San Francisco, attending the celebration of the 9th.

PLAN TO DEFEAT HATED CANALEJAS

Papal Nuncio Returns to Madrid and Works for Demonstrations.

MADRID, Sept. 16.—Monsignor Vico, the Papal nuncio at Madrid, has returned from Zarazus, after a month's stay at the summer resort, and with his reappearance in the capital the organization of the clerical campaign against Premier Canalejas is proceeding with renewed activity. Great preparations under the direction of the priests are being made for the inauguration of a series of manifestations and meetings of protest to be held throughout the country on October 2, the day before the Cortez reassembles.

Particular care will be taken that the meetings assume a patriotic and peaceful character. Hostility toward the premier is growing in court circles, many of the ladies of the court having already signified an intention to remain in retirement so long as Premier Canalejas continues in power.

BREWERY VAT, BREAKS; BEER SOAKS STREET

FORT WAYNE, Ind., Sept. 16.—A vat at a brewery here collapsed yesterday while workmen were repairing its foundation. The vat contained 18,000 gallons of beer, which poured through the streets.

The workmen were caught in the rush and were rescued with difficulty from drowning. The beer found an outlet in the sewer, which showed a head of more than three feet when it discharged the "suds" into the Marmee river.

DESTRUCTIVE FIRE WIPES OUT TOWN

Hayden Hill Destroyed When Flames Gain Great Headway.

REDDING, September 16.—Miners arriving here yesterday from Hayden Hill, a mining camp in the northwestern corner of Lassen county, report the destruction of that little town by fire on Tuesday morning. The only store, all the lodging houses and boarding houses, the only hotel, the company's club house and stock of winter's provisions, worth $5,000, together with every dwelling in the town but two, were burned. The loss is between $20,000 and $25,000, with nothing saved and no insurance.

The chief losses are: H. Anderson, store, merchandise and home, $7,000; Dan McLean, hotel, $2,000; Hayden Hill Mining company's buildings and winter stores, $10,000. John Arnett, dwelling, $500; Grover Hunt, dwelling, $1,000.

As a result of the fire the Hayden Hill mine had to shut down, throwing 180 men out of employment. There was no place for them to sleep and nothing for them to eat. The mine cannot resume until quarters are provided and foodstuffs are hauled in, all of which should be done before next spring. Families burned out have to move away. Hayden Hill at its best was only a small town, and now there is only a quartz mill, hoisting works and two small dwellings left.

SUPREME OFFICERS ELECTED BY I. D. E. S.

SACRAMENTO, Sept. 16.—The delegates to the I. D. E. S. convention, which has been in session here all week, have elected their supreme officers as follows: Supreme president, J. V. Brass of Santa Maria; vice president, J. E. Martin of Watsonville; secretary, F. J. Brose of Oakland, treasurer, J. C. Mendonca of Pleasanton; master of ceremonies, L. T. Freitas of Stockton; marshal, M. C. George of Oakland; inside guard, I. A. Oliver of San Jose, outside guard, F. Pine of Pleasanton; directors, M. F. Nunes, M. S. Peixotto, J. S. Silviera, Abel Loureiro, Dr. M. S. Silva, J. F. Prioste and J. B. Avila; supreme medical examiner, Dr. M. M. Enos of Oakland.

LITTLE SISTERS OF POOR RECEIVE COUNCIL HELP

On the recommendation of Street Superintendent Howe a resolution was recommended by the auditing and finance committee of the City Council last night, appropriating $400 from the street fund to pay for the street improvements in front of the property of "The Little Sisters of the Poor." It was decided by the councilmen that the organization merited the appropriation.

The work is to be done in Webster street, and part of the expense will be born voluntarily by the Ransome-Crummey Company, contractors who are working in the district.

THE LASH OF A FIEND

would have been about as welcome to A. Cooper of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes. "Nothing helped me till I used Dr. King's New Discovery, which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, grippe, asthma, hemorrhage, croup, whooping cough, or hay fever. It relieves quickly and never fails to satisfy. A trial convinces. 50c, $1.00. Trial bottle free. It's positively guaranteed by Osgood Bros.

OAKLAND TRIBUNE EDITORIAL PAGE

W. E. DARGIE
President

Berkeley Turns Down Consolidation.

THE TRIBUNE is neither surprised nor disappointed by the result of the annexation election. Until the people of Berkeley are ready to consider the merits of consolidation and look at the question from the standpoint of mutual advantage, it is useless to hope for a change from the existing order. When it became evident that the civic leaders of Berkeley were more intent on seeking pretexts to oppose consolidation than on examining the proposition on its merits defeat was inevitable. The reasons urged against consolidation were mostly far-fetched and puerile—a mixture of sentimentality and parochial prejudice—but they evidenced a determination which rendered consolidation impossible for the present.

It is futile to argue with people who are not open to conviction nor in a mood to recognize and discuss the facts of the situation. The decision rested with the people of Berkeley, as it properly should, and they were content to accept mere excuses for cogent reasons. For instance, the president of the State University said "nobody wanted to live in Oakland." A prominent divine said "consolidation was a moral question," because saloons are licensed in Oakland. Another citizen excitedly proclaimed that "Berkeley's splendid school system would be destroyed" if consolidation carried. What serious answer can be made to such talk?

For our part, we have no desire to coerce Berkeley sentiment nor urge upon them something they do not want. So far as they are concerned, the question of consolidation will have to be left to the softening and educating influences of time and experience. Perhaps when the next move toward consolidation is made Alameda and San Leandro will be in a mood to join with Oakland and Berkeley in the formation of a city and county government which will embrace all the urban communities on this shore of the bay.

The State tax rate for the present year (35.3) is the lowest in the history of California. Last year it was 36.4, the lowest of record up to that time. And the State institutions have been admirably managed, and not in any way stinted for financial support. In short, California has never had a cleaner, more efficient or more economical administration than the one James N. Gillett gave it. Yet the Republican State convention refused to give it commendation of any sort.

The Goliad Massacre.

Dr. E. C. Barker, head of the history department of the University of Texas, has discovered in the Mexican government archives the articles of capitulation on which Colonel Fannin's detachment of Texas troops surrendered at Goliad in March, 1836. This document, if genuine, proves that Fannin surrendered "at discretion." It has heretofore been contended by all Texas and American historians that General Urrea, the Mexican general to whom Fannin surrendered, agreed in the articles of capitulation to treat the Texans as prisoners of war. Fannin certainly induced his men to surrender by assuring them that they were to receive honorable terms as prisoners of war.

A week after the surrender, March 27, 1836—Palm Sunday—Fannin's men were marched out and treacherously shot to death by order of Santa Ana. A few escaped by throwing themselves over the rocky bluff of the Guadaloupe river. The butchery was an inhuman act, whether in violation of the articles of capitulation or not. To his eternal honor General Urrea strove in vain to avert the massacre. He pleaded with Santa Ana to spare Fannin's men, but the Mexican despot was inexorable. General Cos had hoisted the black flag at the Alamo on his order, and at Goliad nearly 400 men were shot down in cold blood to gratify his ferocity.

Mexican authorities have always contended that Fannin surrendered at discretion, and that the massacre of his command was not in violation of the articles of capitulation, but the articles themselves have never been printed in any American history. Professor Barker will bring a photographic copy of the cartel of surrender back to Texas that the signature to it may be compared with other signatures of Fannin in the Texas archives.

Survivors of the Goliad massacre have always contended that the terms of surrender were read at the head of each company before the men laid down their arms, and that the articles provided that the prisoners were to be given the usage of honorable warfare. Unless given such terms the men had decided to fight to the death. Either Fannin deceived his men or he was deceived by the Mexican commander.

The known facts of Fannin's surrender are as follows:

"Fannin and his command were on Coleto creek, near Goliad. They were hard pressed by the Mexican army under the command of General Urrea, and were without food or water. Colonel Fannin himself was wounded, and the situation was desperate. It seemed to be a question of dying on the battlefield or surrendering. The members of Fannin's command were desperate. Company by company they discussed the situation. Should they surrender? Only a few days before had King's band been massacred near Refugio. Other parties of Texans had met a similar fate. Should they trust the Mexicans?

"After discussing at length the question of surrender, they agreed to surrender provided they might be assured that they were to be treated as prisoners of war according to the usage of the most civilized nations. If they could not get this assurance, they would fight until not a man survived. At any rate they would make a fight for liberty."

That was the situation when the terms of capitulation were agreed upon. The massacre that followed was heralded far and wide as a gross violation of a military cartel. Whether it was or was not, it was an act of brutal savagery that inflamed instead of terrifying the Texans. From that time they neither expected nor gave quarter. They would trust nothing to Mexican honor thereafter. "Remember the Alamo," "Remember Goliad" became war cries for the Texans. At San Jacinto Houston had great difficulty in saving Santa Ana's life. His object in saving the bloody tyrant's life was getting his signature to a treaty acknowledging the independence of Texas.

All those who figured in that sanguinary drama of the Southwest have passed away, and the tangled skein of its history is only beginning to be unraveled. Professor Barker's discovery removes a stain from the name of General Urrea, but it does not lighten the black story of the Goliad massacre. For that Santa Ana was solely responsible. He murdered unarmed prisoners in cold blood, and selected one of the holiest anniversaries of the Christian church as the day on which to perpetrate an atrocity that covered his name with ignominy and left an indelible stain on his country's escutcheon.

Asylum

—LOS ANGELES DAILY TIMES.

The Candidate of Noise and Obstruction.

In his eagerness to become mayor, Dr. F. F. Jackson advised citizens of the annexed district to vote against annexation to Oakland, and he covertly incited opposition to the bond issue to erect a new city hall and provide wharf and dock facilities on the waterfront. These transgressions might have been forgiven, however, had not Dr. Jackson committed the unpardonable offense of importing E. P. E. Troy of San Francisco to create a "rough house" at council meetings. When Dr. Jackson was a candidate for mayor two years ago, this same blackguard Troy tried to further his election by defaming the citizenship and government of Oakland in the San Francisco Bulletin and the Weekly Star. Who employed him may be readily imagined.

The noisy opposition being made to granting the Southern Pacific franchise is a manifestation of Dr. Jackson's desire to be mayor. It is the same pack that howls at every meeting of the council. The names of the howlers are not connected with any large business or industrial enterprise or with anything that contributes to the upbuilding of the city. Only as agitators and obstructionists do they play leading parts. The noise they make is in inverse ratio to their numbers. When they open in chorus a stranger would think all the dogs in Constantinople were barking, but those who know them and are acquainted with the situation understand to what extent Naph. B. Greensfelder and "Jayberry" Jones are leaders of public opinion in this city.

If Dr. Jackson really expects to get the office he covets he had better dismiss his claque and abandon the policy of obstruction he has pursued for the last three years. As a candidate he is merely an all-round kicker opposing everything and finding fault with everybody connected with the municipal government. He is stirring up mutiny in the hope of gaining votes for himself. But the dancing dervishes who are doing missionary work for him are enough to deter and disgust all sensible men who might otherwise be disposed to regard his candidacy favorably.

God in Humanity.

By O. ST. JOHN SCOTT,
Rector of St. Andrew's.

"So then after the Lord had spoken unto them, he was received up into heaven, and sat on the right hand of God." Gospel for Ascension Day.

Rev. O. St. John Scott.

This is the human way of describing the entrance of Jesus into the perfect glory of the infinite life. To the disciples' adoring gaze, the form of Christ seemed to float upward and ever upward, until it was lost to sight in the distant sky. Whatever the physical facts about the departure of Christ from this world after his resurrection, this much is true, the reward of such a life as his had been can best be described by the word 'ascension.' The summit of this lowly earthly life is only reached when character is made perfect. Perfection is never reached until a human soul is side by side, in close touch with God. The strange presence of the Resurrected Christ upon earth for a season was to show that the glorified life of the spirit world has a vital relation with the earthly life. This world is as much a part of God's abode as the domain where angels dwell. God's life is native to this soil, and no strange usurper from the skies. He can breathe the air and walk the sod of earth. The life is the same on earth as it is in heaven, though in heaven it is the life more abundantly. That is the difference God is in Humanity!

Because that is so Christ came to teach that this world has an extension far beyond its lower confines. The God in man outgrows all the demands of the best here. The summit of this world is far above the reach of those mean, petty, material lusts and greeds, and unfraternal acts which enthral so many and rivet their eyes to the ground, and separate their hearts from the love of God and men. To save us from this, to show that there is an infinity of distance between righteousness and mammon, did God in Jesus lift him to the well-earned throne. He has gone from us, not as the symbol of distance between God and man, but as the symbol of direction from man to God. How fitting then that He should leave us in such a way. It was not right that death should close such a career. Death can never be the end of the beautiful life. God can't die. Nature ends a beautiful day with a burst of crimson sunlight mingled with gold. It is fitting then that God should end the golden day of His own dear Son to earthly sight in an enthronement of authority and glory without end.

A Surprising Statement.

"We cannot afford to be without the great leaders," added the Colonel. What! are there two.—Springfield Republican.

The world will always be indifferent to the churches that emphasize their differences.—Chicago Tribune.

A woman is convinced that if her husband had married his former flame he wouldn't now be the man she is.

INCINERATORS ON WAGONS

Woman has again asserted herself in the invention by Mrs. Emmagene Paul, superintendent of the Tenth Ward, of a device for the disposal of paper and rubbish which it is estimated will save the city more than $100,000 annually in street cleaning bills.

While men ward superintendents have been complaining of their inability to keep streets and alleys clean because of lack of funds and inferiority of employes, Mrs. Paul has been busily engaged along different lines.

The result is an incinerator for burning paper and other combustible rubbish as soon as it is gathered. Each collecting wagon is equipped with one of the incinerators.

The revolution worked by Mrs. Paul's invention since she has had it in use in the Tenth Ward is told by her own figures. She said that when she began to experiment with the incinerators on July 1 her records showed that eight refuse wagons were being used in the ward regularly and that frequently an extra wagon was necessary. Since the burners have been in use only five wagons are used.

Saving on the wagons at $7.50 a day is $16.50, while it only requires three men at $2 per day each to cover the district with the burners. The saving effected in the pay of employes is estimated at $10.50 a day.

So successful has the incinerator proved that men ward superintendents have hastened to adopt the invention and the number of requisitions for burners that poured into the office of the commissioner of public works in the last two days has been so great that Deputy Commissioner Hewitt yesterday was led to inquire what the burner was. Then the story came out.—Chicago Inter Ocean.

AN EMPEROR ON WHEELS

Many people will be relieved to find that German Emperor William is not going to live in the $1,500,000 palace just completed for him at Posen. His second son, Eitel Fritz, will make it his home just by way of pleasant reminder to the conquered Poles that their name, race, language and national aspirations are marked for extinction by the Hohenzollerns.

The emperor has 57 palaces, or as some say, 51. The reckoning is confused because he has recently sold two little half-million-dollar ones. If he neglects too long to "reside" in any one of his homes a prolonged howl goes up from the local tradesmen, who do their best business when the family is in town or soldiers, courtiers and plain people just "rubbernecK" at royalty must be fed and provided with postcards. Then the emperor must sail his yachts and there are the army maneuvers to do and the navy to discipline and his great and good relatives at other courts to visit.

It must be a relief to so badly overworked an emperor on wheels that at least there is no overwhelming popular demand in Poland that he shall go there often.—New York World.

Mrs. Mary Carroll has been appointed sanitary officer in St. Louis. She works under the direction of the city's recreation department and visits rest rooms and public comfort stations to see that all sanitary precautions are taken and that the places are kept perfectly clean.

TWO CLASSES OF DIVES

Europe treats American wealthy classes much the same as the divekeeper does his dupe. So long as money is spent, there is the most ostentatious courtesy, the oiliest welcome. Everything that Europe has is opened to the great visitors, rakes are furnished for husbands, treasured art is dug out of forgotten attics and offered at fabulous prices as a special honor, and on rare intervals the moguls of dollardom are admitted to the charmed circle of royalty.

For both there is a "cold gray dawn" to come. This is the hour when the dupe is kicked penniless into the street, and the American is scorned as a Yankee, "vulgar fellah," or unrefined clown who knows nothing but money lore. When hordes of American visitors cease to gild hotels and purchase hundreds of millions of jewelry and finery in Europe, their innate coarseness is discovered, and alarm is felt over American growth.

Protection of the fatuous among American wealthy classes from European debauchery in social lines should be undertaken as a national safeguard, rather than from any personal hope in such products as William Waldorf Astor. Unless national sentiment grows stronger here, and unless the freaks of faddism cease to make their indulgence so costly to their own country, an effort will be made in time to shield wealthy fools from the snares laid by divekeepers of the higher order in Europe.—Portland Telegram.

NATION'S BALANCE SHEET

Striking evidence of the care with which the finances have been administered in the first year of the Taft administration is furnished by the revised Treasury statement, showing a surplus for 1909-10 of $11,000,000. It was estimated last December by the Treasury Department that the excess of ordinary expenditures over ordinary receipts would be about $24,000,000. That estimate was based on the supposition that the expenditures for 1909-10 would be at least $20,000,000 greater than those for 1908-09. But so strict a watch was kept on outgo and so many savings were made all along the line that the expenditure for 1909-10 was actually $2,662,000 less than that for the preceding year. In the Postoffice Department a deficit of $19,501,000 was cut to $8,495,000. That more than neutralized the increases in the other accounts due to more liberal appropriations by Congress. Revenue, moreover, was larger by $22,500,000 than the department expected it to be, so that a deficit of $34,000,000 was converted into a surplus of $11,000,000. In addition, the last fiscal year has turned over to the new one an uncollected corporation tax balance of $8,500,000.—New York Tribune.

20 YEARS AGO IN OAKLAND

The Republican county convention elects J. B. Merritt of Brooklyn township, chairman. J. E. Wamsley of Washington, J. C. Coolidge of the second ward, H. A. Melvin of the seventh ward and H. A. Holland of the sixth ward are elected secretaries. In closing a nominating speech in favor of Judge Gibson to succeed himself on the Superior bench, M. C. Chapman referred to that gentleman as "the lawyer, the farmer, the soldier, the judge, Colonel W. M. Gibson." In closing his speech nominating Judge W. E. Greene to succeed himself, S. P. Hall said: "I am assured that if you nominate him for this position he will, when the day comes, lay aside the ermine, as pure and unsullied as the day he put it on." George D. Metcalf in his last remarks in nomination of Fred W. Henshaw as a candidate for Superior Judge: "He is a son of a veteran, entitled to some favor from the soldiers, and you can make no mistake in ratifying the nomination of him of whom I speak, Fred W. Henshaw."

City Attorney Johnson seconded the nomination of Fred W. Henshaw. On the first ballot, Greene and Henshaw were nominated, Green receiving 210, Henshaw 204 and Gibson 171. M. C. Chapman, although not in the race, received four votes.

On the first ballot for sheriff, W. E. Hale received 79; Hussey 96 and Schaffer 77 and Gottschall 44 votes. Hussey was nominated, on the third ballot, receiving 150 to Hale's 145 votes.

Thomas M. Robinson, candidate for county assessor, withdrew from the race this morning.

If anybody wants to make Frank W. Pierce mad, all he has to say is "Frank, I see that you are at the head of the Ames ticket in the Third ward."

William H. Noy of Alameda has decided to contest with Bart Morgan, and John Naegle for the nomination for supervisor.

The postmaster at Dublin has received information from Washington to the effect that after September 16 mail will be delievered at that place daily. The residents of the section welcome the news with a great deal of enthusiasm for the reason that they have been greatly inconvenienced by the present service which has been in existence for the past six years.

George W. Frick says that he has the nomination for county superintendent of schools unless something unforeseen occurs.

Mr. and Mrs. H. C. Taft spent last Sunday at Glen Una, the summer home of Dr. and Mrs. G. W. Handy.

Forty children will leave one department of the Livermore public school next week for the purpose of picking grapes. The principal says that all the other departments, as a consequence, will suffer.

Miss Georgia Handy has just entered Miss Lane's boarding school in San Francisco.

Five hundred invitations have been issued by Mr. and Mrs. J. M. Thomas of Fruitvale for the wedding of their daughter, Louise Viola, to Amos R. Rugg, at the Brooklyn Presbyterian church tomorrow evening.

The Southern Pacific railroad company presents a scale of wages for passenger trainmen which is accepted by the employes. Conductors on the main line trains from Sacramento to Portland, Ogden and on the southern end to El Paso will receive $125 per month, instead of $110 and $115 as is now the case. Brakemen are raised from $70 to $75 per month, baggagemen from $75 to $80 per month. Between Oakland, Sacramento and Red Bluff, where living is cheaper, mileage less and situations more desirable, conductors have been raised from $110 to $120, brakemen from $65 to $70 and baggagemen from $70 to $75.

Officer Powers is again on duty after a brief illness.

George Westinghouse

The tragedy which belongs to the survival of the fittest has found a pathetic expression in the fact that George Westinghouse has been deposed from the head of the company which he brought into prominence and prosperity.

He is credited with having made more inventions than any other man in this country except Thomas A. Edison.

He was a studious youth, and when electrical development was in its infancy he brought out many of his patents. He made money.

The panic of 1907-8 was too much for him, however. The company of which he was a member had to succumb, and he went into retirement.

By reason of his intrinsic genius, the general public has indulged the hope that George Westinghouse would come out on top after all.

Those hopes seem to have been misplaced, and he takes his place in the ranks for the time being.

At all events, he has contributed immeasurably to the growth and progress of industrial development.

He has done much to vitalize the twentieth century. In his retirement he will carry with him the good wishes of the entire country.—Philadelphia Times.

BELL TALKS TO BROTHER EAGLES

Candidate Avoids Politics in Address at Fruitvale Initiation.

FRUITVALE, Sept. 16 — Aerie No. 2375 of the Fruitvale Eagles held its initiation and jinks Wednesday night in Eagles' hall.

After the initiation of five members an enjoyable dinner was served in the banquet room, the opening speech being made by Theodore Bell, Democratic candidate for governor. His remarks were confined to fraternal affairs.

Among the members present were: Past Worthy President Frank Costelli, Vice-president T. W. Welch, Secretary Gus Pohlmann and Grand Worthy Vice-president J. S. Perry of Aerie No. 5, San Francisco; Grand Worthy President Theodore Bell, Worthy President J. C. Holland, Vice-president H. A. Atkinson and Chaplain E. Jacobson of the Fruitvale Aerie.

SUSPECT SHORTAGE IN INSURANCE MAN'S BOOKS

SAN FRANCISCO, Sept. 16.—Harold W. Wheatley, late resident manager of the Maryland Casualty Company with offices in the Kohl Building resigned nearly a month ago and is now at his former home in Newark, N. J. His accounts are being experted in the East, and there has been gossip in local insurance circles about the expectation that a shortage will be discovered.

Wheatley held the position of manager two and one-half years and resided in San Francisco seven or eight years. He was not prominent outside of insurance circles.

5,500,000 EGGS FROM SUMMER SALMON RUN

REDDING, Sept. 16.—The United States fishery at Baird has taken 5,500,000 salmon eggs so far from the summer run of salmon. The total will be 6,500,000 when the season comes to a close in two weeks. There will be another run commencing late in October. The take this season is not so good as that of last, though it is about up to the average.

The United States fishery at Battle creek, Tehama county, the largest in the world, will begin to take eggs about October 20.

Personal Mention

T. M. NICHOL of Manila, P. I., is stopping at the Hotel Metropole for a few days. Nichol has been in the Islands for the last year gathering rare species of orchids and has secured a large and rare collection.

JOHN W. COX returned from Marysville yesterday after a week spent there on business.

DAVID ALBERT made a short visit with his parents at Fair Oaks last week.

MISS GRACE SMITH has gone to Byron, where she will visit with friends for a few days.

MR. AND MRS. W. B. PAGE of Grass Valley are visiting with Oakland friends for a few days.

MRS. F. C. WALKER, accompanied by her son, Willie, left yesterday for Byron, where they will spend a short vacation.

HOWARD BENNETT left yesterday for Santa Cruz on a business visit.

MR. AND MRS. GEORGE WILLIAMS have gone to Lake Tahoe, where they will spend the week-end.

MISS FLORENCE NISSON left yesterday for Merced, en route to Mariposa, where she will visit.

R. SELBY spent Sunday with friends and relatives in Martinez last week.

TIMOTHY DORGAN returned the first of the week from a short business visit in Sacramento.

MR. AND MRS. S. A. TRATSON, who have been spending several weeks in Yosemite, arrived home yesterday.

MRS. L. HERD left yesterday for points in the southern part of the State, where she will visit for some time.

MR. AND MRS. HARRY MULLER have gone to Lake Tahoe for a two weeks' vacation.

MR. AND MRS. ERNEST CROOKE expect to leave the first of the week for the East, where they will visit during the winter months.

MRS. THOMAS WADELL, who has been spending several weeks with friends in Stockton, returned yesterday.

MR. AND MRS. GEORGE WYBEUK will leave tomorrow for Vacaville, where they will visit with friends for a few days.

MR. AND MRS. A. C. McCONN have gone to Seattle, where they will visit with relatives for several weeks.

THERE'S NO RISK

If This Medicine Does Not Benefit You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistence and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them without question or formality. They come in three sizes, prices 25 cents, 50 cents and $1.00. Remember you can obtain them only at The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

Trimmed with buttons, braid, etc. Inspect these dresses on the second floor tomorrow and choose from a full line.

Ages 6 to 14 Years

BANDIT SUSPECTS FREED BY POSSE

Men Accused of Gambling Holdup Prove Incontestable Alibis.

RENO, Nev., Sept. 16.—Two suspects arrested by Sheriff Bradley and a posse after a 60 mile chase on suspicion of being implicated in the holdup of the Southern Club were released last night after proving incontestable alibis.

Chris Weber, one of the prisoners, excited considerable suspicion owing to the fact that he had $2100 in money orders in his possession. The other youth, a member of a prominent Elko family, quickly proved his innocence. The authorities are shielding his name.

Both men were captured on a train leading from Ely to Cobre, the junction of the Southern Pacific railroad. Their descriptions had been furnished the officers, who believed themselves to be hot on the trail of two of the five bandits who held up the gambling house.

Little credence is attached to a letter posted at Salt Lake and written on the stationery of a well known hotel there, in which the writers said that they were the robbers who held up the Southern Club. They advised the authorities not to seek them in the sage-brush, as they slept every night in comfortable beds." The latter is thought to be a practical joke.

SPUR TRACK TO BE BUILT FOR OCEAN

SAN FRANCISCO, Sept. 16.—At the regular meeting of the State Board of Harbor Commissioners, held yesterday in the Ferry building, Engineer Barker was directed to call for bids for construction of a spur track on Filbert wharf for the use of the Oceanic Steamship Company. The installation of the new track will greatly simplify the problem of handling freight, as it will be directly connected with the Belt railroad.

The case of William Duggan, a taxicab owner, who is accused of overcharging Captain McLeod, was also brought up before the commissioners, and they were assured by Police Sergeants O'Keefe and Gorman that his charge of $8.20 for less than an hour's ride in a taxicab, which had been hired by the hour at $3.60, was a moderate one.

Lady Nicotine Scorned By Women at Meeting

PITTSBURG, Pa., Sept. 16.—Cigarette smoking and the use of tobacco in any form by women were denounced in resolutions adopted by the delegates to the annual convention of the women's organization of the National Association of Retail Druggists.

Mrs. William Estell Lee of Philadelphia, the president of the organization, startled the session which preceded the adoption of the resolution by declaring that one of the biggest tobacconists in the eastern part of the country had told her that his best customer was a girl at one of the leading girls' colleges in the east. Mrs. Lee said:

"The constantly growing habit of smoking cigarettes by society women and others throughout the United States should receive the severest censure by the well meaning person. The inhaling of cigarette smoke not only detracts from a woman's beauty by giving a yellow, muddy tinge to her complexion, but injures her health as well.

"Then there are the little tots, the innocent children who certainly will fail to respect a mother whom they see daily going about the house puffing rings of smoke from a cigarette. Soon they also will learn the habit from the mother, and their growth will be stunted, their general health injured and their mental faculties dulled rendering them backward at school and consequently when they attain maturity they will be handicapped in the stern battle of life."

When asked about the effort to have Mrs. Nicholas Longworth stop smoking cigarettes Mrs. Lee said:

"We have nothing to do with Mrs. Longworth. Whatever she does must rest on her own conscience. She must take care of herself."

CLEVELAND PASSES THE 500,000 MARK

WASHINGTON, Sept. 16.—The population of Cleveland, O., is 560,663, an increase of 173,805, or 46.9 per cent, as compared with 381,768 in 1900.

The returns for Cleveland established that city as one of the large centers of population of the country, lifting it to a point above Pittsburg and comparatively below St. Louis and Boston. Cincinnati, which in 1900 contained about 35,000 more persons than Cleveland, is now distanced by almost 200,000. Cleveland now ranks among the first ten cities of the country.

WASHINGTON, Sept. 16.—The population of Joliet, Ill., is 34,670, an increase of 5,317, or 18.1 per cent, as compared with 29,353 in 1900.

NEW YORK CHINESE WILL CUT OFF QUEUES

NEW YORK, Sept. 16.—The celebration in New York's Chinatown next Saturday of the annual festival of the full moon will have at least one unique feature this year.

While the celebration is at its height Going Pah Chow, president of the Chinese Public Chamber, and other leading Chinese merchants of this city, will cut off their queues and thus sever the last sign of superstition attached to their persons.

KING'S DAUGHTERS APPRECIATE HELP

EDITOR TRIBUNE: The ladies of the King's Daughters' Home of California for Incurables wish to express their appreciation for your kindness shown them at all times by giving them liberal space and kind words for our work.

PLAN A SPEEDY FREIGHT SERVICE

Pacific Mail Arranges 20-Day Time Between New York and San Francisco.

SAN FRANCISCO, Sept. 16.—An express freight service is to be maintained by the Pacific Mail Steamship Company between this port and New York, via Panama, beginning September 30, according to an announcement made yesterday by A. J. Poe, assistant general manager of the company.

It is the intention of the company to make a twenty-day service if the eastern connections make the time promised. In any event, the Pacific Mail guarantees the time of thirteen days between this port and Balboa, the port of Ancon, with sailings every fifteen days.

The Pacific Mail now has nine vessels in the Central American trade, all of them calling at way ports. The average length of time required to haul freight from New York to San Francisco by this line and its eastern connections has been thirty-five days.

The new service will begin with the sailing of the Pennsylvania from this port September 30, with another vessel following October 15.

FINDS SOLUTION OF THE PERFUMERY BUSINESS

Progressive Druggist Employs Expert Perfumer to Serve His Trade; Fashions in Perfumes the Same as in Frocks.

"Well, I've struck the solution of the perfumery business," said Fred Osgood, the druggist, this morning. "I have hired an expert perfumer to handle the department, and instead of allowing everybody to sell perfumes I place a professional at the counter who knows the business from A to Z.

"The average drug clerk knows nothing of perfumes except what he reads upon the bottle. My expert knows the merits of every brand and the advantages and disadvantages of every odor. She knows what to suggest for various occasions, such as lawn parties, balls, street wear, weddings, theater, etc. There are perfumes for all occasions, and the wrong perfume is just as much out of place as a tuxedo at breakfast. Then, there are certain odors that people want which they don't know the name of. An expert can often locate such odors from a description, while an ordinary clerk might sell something totally wrong.

"I am trying to give my customers the best service to be obtained, and this plan of selling perfumes is only one of several similar ideas. I want the ladies of Oakland to take advantage of the situation and come here for their perfumes, not only because I can save them money, but also because I furnish them with services and advice of an expert perfumer, who can give them just what they want or be candid enough to tell them we haven't it in stock. I stand for no substituting in my stores, and the perfumery department is no exception.

"Therefore, ladies, hasten ye to Osgood's, 12th and Washington, Oakland, and get what Dame Fashion decrees in the line of odors for the fall and winter of 1910."

NEWS OF SCHOOLS — **CHILDREN'S PAGE** — AMATEUR ATHLETICS

SCHOOL JOURNAL LACKS FUNDS THIS YEAR

"The Bumblebee" Will Not Be Published at Grant School Owing to Cost of Paper.

Young literary aspirants of the Grant School who had an opportunity to express themselves through the columns of the school paper The Bumblebee will be compelled to withhold their poetic and prose masterpieces until next term as the funds of the school this year will not warrant its publication There were three editions of The Bumblebee published last year and they were a success from an editorial point of view and aroused much interest in the student body

A number of the g r of the school gave a garden fete t efray the indebtedness incurred b the publication The school spirit was manifested in the affair which had the cooperation of the principal and teachers of the Grant School

EDITORIAL STAFF

The first issue of The Bumblebee was edited by the following staff of students who represent the upper grades of the Grant School Malin Langstroth editor in chief Wallace Ransom assistant editor William Turner business manager Gladys Shaw and Nellie Barton school notes Theodore Schleuter and Ruth Kettlewell alumni notes Richard Grant athletics Bruce Hill oshes advisory board H C Petray principal and the teachers Miss Z W Potter Miss Howard Miss Devine and Miss Ellis In the other two editions there were a few changes in the staff of writers Miss Beatric Curzon was added in the capacity of josh editor in the third publication

ORCHESTRA IMPROVED

According to the accounts written in "The Bumblebee there were a number of drawbacks in the Grant school orchestra which the youthful musicians have overcome this term The initiative set forth in the preceding class to increase the number of pieces from six to ten was taken up by the school this year The orchestra last term was composed of Marshall Langstroth Doris Hoit Charlotte Cockroft and Truexa Mouser first violins Raynor Cirbal, Alex Renolds Harrison Ritcher and Alice Thomas second violins Malin Langstroth and Louis Chamberlain 'cello Ballington Rogers cornet Gladys Shaw and Margaret Boveroux piano

The class of June 09 presented the school with a very attractive picture of the Acropolis Athens, which adorns the walls of one of the rooms in the school

The athletic activities of the school were also given prominence of The Bumblebee and the stories written by the athlete in the first number created enthusiasm in outdoor sports

Round Shoulders Become Too Common

The girl and boy with round shoulders are all too common a sight and physicians mothers and gymnasium teachers are constantly asking What are we going to do ... Stoop shoulders are caused by rapid growing with not enough strength to keep pace with the growth The girl is careless in sitting over her school desk which is often far too low for her and t constant hold your shoulders back only serves to make her more self conscious and her carriage becomes even worse as time passes

Holding the shoulders back is not what is needed but rather should she be taught how to stand correctly on the balls of the feet with the chest well up and the chin back and arms hanging loosely at the sides This carriage is the correct one and gives the proper poise and a general feeling of satisfaction n w ll being

Shoulde ... often advocated but s ll m d ... p ... good as the m ... not straighthe ... their ... they are removed ... ever Only ... will over o ... ffi ... and this by the girl ... when the result ... the fig ure will ... vanity is ... ful aid to get her to make this ... effort

Boy in Bloomers on Girls' Ball Team

LOUISVILLE Ky Sept ... Disguised as a girl La Mingua the ... year old son of J A Mingua ... from home last Monday ... whereabouts have since ... Tuesday evening Mrs Men ... letter from ... stating that he had joined the ... girls ... and that he was getting $7 a week and his board

It is thought that ... ton Monday night with the ball team Young Mingua is disguised as a girl and all attempts on the part of the ... police to locate the bloomer girls have so far proven futile Young Mingua appears in the games wearing a blond wig He is said to be the cutest bloomer on the team

Camera Tricks

How to show an object inside a bottle which appears to have been made round it is easily accomplished by a double exposure. The object is first taken against a perfectly black background Then without releasing the plate or moving the camera a couple of pencil marks are made on the bottle indicating the exact height of the object. The latter is then removed the bottle put in its place and the camera moved forward and focused until the glass bottle nearly fills the plate and comes above and below the camera Then another exposure is made the result being, of course, that the bottle and object are taken on one plate showing the latter inside the former.

FLORENCE LAUFER, TINY ATHLETE OF FRANKLIN SCHOOL

FLORENCE LAUFER.
—Scharz Photo

SIX-YEAR-OLD GIRL WINS FAME ON CINDER PATH

Among the most attractive little girls who entered the Franklin school this term is Florence Laufer 6 year old daughter of Mr and Mrs F W Laufer of East Oakland She is very pretty and one of the youngest basket ball and baseball fans of the school Florence loves to watch her playmates engage in outdoor sports although she is too young to participate in the school games The members of the upper classes predict that Florence will be one of the leading athletes of that institution before many years elapse

Florence is always present when there are any games being enjoyed in the school yard She seldom misses an opportunity to pick up the baseball when it rolls her way despite the fact that she must leave her mud pies which she delights in making

The little girl is very bright and alert in the school activities and is very popular with both the boys and the girls

Baths in School Becoming Popular

The tub baths and showers which were instituted in the Tompkins school this term are being used by the boys and girls from 9 o'clock in the morning till 3 o'clock in the afternoon

There are 78 children whose parents have given Miss Walton permission to bathe their boys and girls who otherwise would go for many weeks and perhaps for months without being bathed

Everything that is conducive to healthful conditions in the Tompkins school is being advocated by Miss Walton who has the interests of the little ones at heart

Since the introduction of swings and see saws in the Tompkins school the children are enjoying their play The spirit of play is wending its way into the hearts of the boys and girls who are taking advantage of every moment allotted to them on the playgrounds Every child is given his freedom on the swings and see saws which furnish much amusement for them

San Leandro Boys' Club Holds Meeting

SAN LEANDRO Sept 16 — The Boys Club of San Leandro gave its first exhibition before its directors in the old Masonic Temple yesterday afternoon and made such a good impression that subscription was immediately started to raise funds with which to purchase a building of their own

Joseph Neal athletic instructor who is the boys in charge has done exceedingly well with them as their excellent work in free armed drilling tumbling and pyramid building showed yesterday None of the boys are over sixteen years of age but they handled their clubs and bows in pyramid building like old veterans

The directors of the club are Mr Joseph Neal Miss Christina Anderson Mrs B S Farley and Miss Mildred Harris

Grant School Will Graduate Big Class

Sixty eight boys and girls representing two classes will graduate from the Grant school in December and according to C H Petray principal of the school it will be the largest class in the history of the school Last year 25 graduated

There are about 1000 students in the ... school where excellent work is being accomplished in all the departments There is great interest being ... the manual training and ... domestic science classes which were recently introduced into the school department and have proved a success

Organizes Brigade of American Boy Scouts

A Pattison Jr of 3897 Telegraph avenue has started the first patrol of Boy Scouts in Oakland Any boy wishing to join the Oakland Scouts will apply personally at the above address The boys will have regular scout uniforms and if possible guns

Anyone who has been at the military academy will be specially welcome The age limit is between 12 and 16 years

Lincoln School Boys' Team Seeks Game

The ... second team of the Lincoln school would like a game from some other second grammar school team the Lockwood preferred For games ring up Lincoln school corner Eleventh and Alice streets, and ask for Charles Bennett, captain of the second team.

BAND IMPROVES MARCHING OF PUPILS

Lincoln Grammar School Principal Organizes Large Corps of Young Musicians.

Since the inauguration of a band in the Lincoln grammar school the marching of the pupils has improved declared C H Greenman, principal of the school I organized the band about four weeks ago as a means of discipline as well as to assist the boys and girls in marching

Last August Greenman who was the principal of the Lockwood grammar school for twelve years was appointed by the Oakland Board of Education to take charge of the Lincoln school which was formerly presided over by Garlick The new principal is noted throughout the state as a disciplinarian and was the founder as well as the organizer of the Lockwood school band

There are 845 pupils in Lincoln school who march to the strains of a band which is under the direction of Greenman The members of the brass band are Takeshi Inukai Charles Pennett Harry Hennings Lloyd McDonald Monroe Greenwood, Josiah Knowls John Cowley Ellsworth Hummert Alfred Wollitz Russell French Warren MacDonald and Darrel Mace

Greenman hopes to have about 20 boys in the band before the close of the school term

Little Stories By Tiny Authors

"JAMES FITZ JAMES"

By Dorothy Love (14 years)

I admire Fitz James as he is pictured by Scott very much His character is strong honorable bold and fearless After he had called Roderick Dhu a robber ruffian and an outlawed desperate man he finds that he has been talking to the great chieftain face to face Still greater is his surprise to see a great army rise up from the side of the mountain at a signal from their leader The most courageous knight would be frightened now but James places his foot against a rock returns Roderick's haughty stare and answers

Come one come all! this rock shall fly
From its firm base as soon as I

On his bold features were marked the fiery vehemence of youth though he was now middle aged His face was open and truthful and also had a look of what might be termed stubborn Yet he had sparkling eyes which at a moment's notice would grow thoughtful and sad

Fitz James was very generous and even though he had set a price on Douglas head he forgave him in spite of his oath He loved Ellen dearly and after Roderick Dhu's death and he had Malcom Graem in his power he might have persuaded her to marry him but did not even think of such a thing His happiness came in seeing Ellen joy

Fitz James was both good and kind to his people He even disguised himself and went out among them to see what they needed most So he was a good king and served his people well

Young Boys Fly in Own Aeroplane

CHICO Sept 16 —Success has crowned the efforts of Thaddeus Kerns 16 years old a Chico youth who has built his own aeroplane Thursday afternoon he circled the mile racetrack twice

Yesterday he repeated his experiments and left the ground for three or four short flights Everything about the machine with the exception of the engine is the work of the boys own hands The machine is built along the lines of the Curtiss model

Lockwood Glee Club Is Planning Recitals

The Glee Club of the Lockwood school which was organized last year is planning to give several recitals The society has been enlarged by a number of male voices under the direction of Miss Laura Lloyd The students plan to have some interesting programs at the annual alumni meeting and commencement exercises

The boys sextette is composed of Lorin Moore Reivet Welsh Ira Smith George Angel Larl Peppin and Jack Wurts

Lecture on India in Public Library

Miss Eva Brown of Bhot India will give a talk on India in the Oakland free library tomorrow morning at 10 o clock to which all children and their parents are invited The talk promises to be most interesting and entertaining one for the little folks as well as their elders as Miss Brown's method of discussing her subject is clear and comprehensive

Concrete Wisdom

Be honest, truthful and pure

Do not use bad language

Keep your face and hands clean and your clothes and boots brushed and neat.

Keep out of bad company.

Courtesy at home

Help your parents as much as you can

Be kind to your brothers and sisters

Do not be selfish, but share all your good things.

Do your best to please your parents.

IDORA MUSICIANS POSSESS TITLES

Heiresses Attracted by Them, But Bandsmen Remain Wedded to Art.

Channing Ellery's noted musical organization now giving concerts at Idora Park has long been known as the Royal Italian Band

Although the fifty dark skinned instrumentalists are not members of the nobility there are at least three who have a title prefixed to their name They are Count Tuzi flute soloist Baron Saccons French horn soloist and Marquise Parnott flutist

All three are artists to their finger tips and prefer the life of musician to basking in their titled glory in sunny Italy In the East where Ellery's band is better known these three gentlemen are the targets for title hunting American heiresses However each prefers to remain wedded to his art and all three have refused many offers of marriage

For each night and many of the afternoon concerts Ellery has arranged special programs which during the past two weeks have proved a delight to all lovers of high class music For this evening the entire program will be taken from Gounod's 'Faust Wagnerian music will be played Friday evening A grand national concert will be played on Saturday evening

Harfina Soap

Unequalled for
SKIN and COMPLEXION

If your skin is red, blotchy or tender, if your complexion is dull or unsightly, you need a pure, healing antiseptic soap that will open the pores and expel impurities that cause Eczema and other eruptions.

STIRRING INDIAN BATTLES

Will Be the Principal Features With the Wild West and Far East Exhibition.

Fidelity to historic fact has ever been the well substantiated claim of Col Cody and Major Lillie in the productions incident to their exhibition They have been practical illustrators of American history for years For their present tour they have selected The Battle of Summit Springs as the chief scenic feature of the exhibition This battle was one of the deciding conflicts in reclaiming the West from Indian control It was on July 11 1869 that Gen E A Carr in command of a detachment of U S Cavalry and guided by Buffalo Bill as his chief of scouts came suddenly upon the camp of Tall Bull chief of the Dog Soldiers, and engaged them in one of the fiercest struggles in the annals of Indian warfare The conflict was sharp and relentless but when Buffalo Bill killed Tall Bull the tide quickly turned and the Indians suffered utter defeat In this reproduction of the Battle of Summit Springs Buffalo Bill will enact his original part and the death of Tall Bull will be shown with vivid realism Previous to the actual battle the customs and camp life of the Indian will be shown in the erection of a typical Indian village and the details of Indian recreation sports and pastimes will be detailed with fidelity to life on the plains when the redskin was monarch of that vast domain Other typical Western scenes will be made a part of the Wild West exhibition There will be A Holiday at T E Ranch in which the plainsman's pleasures will be revived and The Attack on an Emigrant Train depicting the dangers attendant upon the life of the pioneer The Congress of Rough riders will also constitute an important part of the Wild West entertainment horsemen from all parts of the globe have been assembled for the purpose of giving exhibitions of their proficiency as masters of equestrian expertness and reckless daring supplemented by the first appearance in one ... of Rhoda Royals and Ray Thompson's trained thoroughbreds and range horses The entertainment entire will constitute a thrilling display of unusually interesting and novel exhibitions a fitting climax to the career of Buffalo Bill on his farewell visit In Oakland Oct 1 and 2

RUNS AFOUL OF RUDE CUSTOMS HOUSE CHIEFS

BESSIE CHAPMAN, who tried to elude custom officers.

Laden With Jewels, Mrs. T. Irving Chapman Fails to Escape.

NEW YORK, Sept. 16.—Mrs. T. Irving Chapman, who was formerly known as Bessie Chapman, the actress, ran afoul of the customs authorities on her arrival here yesterday on the Adriatic, and was requested to appear before Deputy Surveyor Smyth and explain why he had failed to declare jewels and clothing said to be valued at several thousands of dollars.

Beforte the Adriatic left quarantine Mrs. Chapman, who formerly was the wife of Thomas Irving Chapman of Brookline, Mass., a Standard Oil man, told a custom official that she had only $100 worth of dutiable goods in her baggage. Before she was permitted to leave the pier she was searched, revealing, it is said, a $20,000 necklace, besides some other jewelry of considerable value.

PASTOR UMPIRE AT BALL GAME

First Congregational Singers to Play at East Shore Park Picnic Tomorrow.

The First Congregational church promises an innovation tomorrow afternoon in the way of a baseball game at East Shore park, in which the choir and base sections of the church choir will participate, and which will be umpired by the pastor, Rev. Charles R. Brown.

The game is to be one of the features of an outing, at which the members of the choir, numbering about 100 will be the invited guests. A special car has been chartered which will leave Broadway and Fourteenth streets at 2 o'clock.

VOLLEY BALL FOR WOMEN.

Among the other features of the outing will be a game of volley ball played by two teams, representing the sopranos and altos of the choir, with Miss Esther Bowman as captain of the sopranos, and Miss Clara Brown of the alto division. Miss Edith Nichols, gymnasium instructor in the Oakland high school, will be the referee.

A game of tennis will also be played Paul J. Mohr and Alexander Stewart, representing the tenors, having issued a challenge for a doubles contest to a team to be selected from the bass singers.

Following the games a picnic supper will be enjoyed.

HERE'S THE LINE-UP.

The base ball line-up will be as follows:

Tenors — Earl C Berton p, H. H. Jordan c, Paul J. Mohr 1b, Alexander T. Stewart 2b, Daniel P. Adamson 3b, J. I. Thomas ss, Howard E. Pratt lf, Roy Morehouse cf, Frank Cauch rf.

The line-up for the bassos will be as follows:

Arthur W. Moore p, Walter Ellis c, H. D Mustard 1b, Spencer Mestick 2b, Russell Countryman 3b, Louis Peralta ss, M H Maddern lf, George E King cf, George E. Thompson rf.

Paul J. Mohr will be captain of the tenor team and Walter E. Nicholson of the bassos.

Rev. Charles R. Brown, pastor of the church, himself a baseball expert, will act as umpire, with Rev. Lloyd L. Wirt, the assistant pastor, as a substitute in case of necessity.

The ladies of the choir will act as rooters. The sopranos have promised to root for the tenor team and the altos for the bassos.

DOCTORS TWICE TREAT HIM AND HE IS JAILED

L. B. Peters, an expressman residing at Twenty-second and San Pablo avenue, was treated twice within an hour at the Receiving Hospital early this morning for injuries to his head that he sustained from a fall on the street while he was intoxicated.

Peters, who is 45 years old, was first brought in about 1:30 o'clock with a laceration in his scalp. The wound was dressed and bandaged. About an hour later, the police brought Peters back to the hospital. He had torn the bandages from his head and had reopened the scalp wound. He was treated for the second time and sent to the city prison.

'STUNG' HE CRIED AS BEE STRUCK HIS ARM

F. S Carroute, a peddler, residing at First and Broadway, has proven to his pain and satisfaction that bees do not like tobacco smoke. His impromptu dip into the "ology" of bee culture took place in the Free Market yesterday afternoon while he was unloading some fruit from his wagon.

A tiny insect alighted on Carroute's forearm and the peddler nonchalantly blew a cloud of cigarette smoke at the bee. Immediately he gave a yell of anguish and departed on a "beeline" to the Receiving Hospital.

"I'm stung," he reported to Surgeon Arnold. "I fought he bit me arm off."

Review the New Styles With Us

This is not too early for you to get your new suit and overcoat. Forehanded men, the men who lead in business or social life, don't wait until the eleventh hour to supply themselves. Lots of people make it a point to see the new things as soon as they come in, and to all who want to know what the season's latest work is in men's fashions, we extend a cordial invitation to view our late arrivals in

Fall Suits and Overcoats

We can't say enough about the tasteful styles that are being shown this Fall, but you may always be sure that "Keller Clothes" lead in this respect. They depend upon their graceful, well-balanced lines and upon the quality of materials and tailoring. It's a combination you can't beat. The patterns are very attractive and we want the early risers to share our pleasure in looking over these new modes.

Suits and Overcoats $15 to $40

PREPARE TO EXCAVATE FOR THE NEW CITY HALL

Park Commission Requested to Remove Plants to Make Way for Police Garage, Site of Which Is to Be Used

The Park Commission has been requested by the City Hall authorities to remove the shrubs, trees and plants from the small plot of land adjoining the City Hall on the east in preparation for the moving of the police garage to that side of the building in order that excavation may be commenced for the foundations of the new City Hall. This work of removing the garden plot and setting the plants in some of the municipal parks will be undertaken immediately by the employes of the Park Commission.

The park commissioners have pointed out to the finance committee that this is an example of a large amount of work that is done gratuitously by the park laborers, and that some allowance should be made on this account in the budget. The allowance to be made the Park Commission in the budget will be considered at the next meeting of the auditing and finance committee.

Wolverton and Cameron Are Suspended by Pres. Graham

Judge Graham has suspended Captain Wolverton and First Baseman Cameron pending an investigation.

Harry Wolverton, captain of the Oakland baseball team, has no apologies to make to any one for the rowdyism that was enacted on the field at Los Angeles yesterday, according to information received by Judge Thomas F. Graham, president of the Pacific Coast league, and that official is now awaiting an answer to a direct telegram to Wolverton before taking action on Umpire McGreevy's recommendation that both Wolverton and Cameron be suspended.

In a long telegram to President Graham, received this morning, McGreevy declared he called the runner safe according to the way he saw the play and that Cameron immediately became abusive and used the foulest of language to him. Wolverton joined in the abuse, McGreevy says, but did not use any foul language.

The umpire fined each of the players $25 and when this did not have the desired effect, he declared the game forfeited.

Indirectly Graham has learned that Wolverton asserted he had no apologies to offer for his conduct; that baseball is not a parlor game, and that such tactics as those employed yesterday are necessary to win ball games and the pennant. He is credited with saying that cursing the umpire and chasing that individual off the field with a baseball bat is the proper way to play the national game.

There will be a meeting of the directors of the league this evening but Graham has decided to take no action until he hears directly from Wolverton. He said this afternoon he had wired Wolverton for a detailed statement of yesterday's occurrence and will be guided in his action by the reply he receives.

He says that if the Oakland captain has been correctly quoted no punishment is too severe and that he does not intend to tolerate a repetition of yesterday's occurrence.

MAKES PAYMENT ON HOTEL STEEL

Secretary Edoff Pays More Than $11,000 on Eastern Contract.

A payment of $11,420.15 was made yesterday by Secretary James P. Edoff of the Oakland Hotel Company to the Milliken Brothers of Chicago and New York on account of the structural steel contract for the Bankers' hotel. Today Percy J. Walker sent a statement to the architects, Bliss & Faville, for their approval for the further payment of $14,830.16.

The contract for supplying the structural steel for the hotel called for a payment of $119,000, and $20,000 additional for its erection, making a total of $139,000. Including the sum recommended today by Walker to be paid, the structural steel contractors will have received in round numbers $77,000, leaving a remainder of $62,000 due on the completion of the contract.

ALLEGED BIGAMIST HAD TWO OTHER HUSBANDS

SAN FRANCISCO, Sept. 16 — Detectives Conan, Kelly and Lemon were sent to meet the steamer President this morning for the purpose of taking into custody Mrs. Clara Stewart of Los Angeles, who is wanted there for bigamy, according to telegraphic advices. The complainant is Frank Murphy of the southern metropolis, who has sworn to a warrant and who maintains that he married Mrs. Stewart recently only to discover that she had two other husbands from whom she had not been divorced.

OPENING OF CAR LINE WILL BE CELEBRATED

In celebration of the opening of the street car service on the Lisse avenue extension of the Oakland Traction, a demonstration is planned by the residents for tomorrow afternoon at 2 o'clock, which will consist of appropriate ceremonies. There will be a picnic with refreshments during the entire afternoon, together with games and other pastimes.

SOLITUDE DRIVES WOMAN INSANE

Mysterious Alamedan Startles Neighborhood by Wild Shrieks.

Driven insane by her lonely manner of existence, Ara Otis, a middle aged woman, who has been living in seclusion at 1524 Chestnut street, Alameda, was taken to the receiving hospital early this morning in a pitiable mental state.

Miss Otis has been a woman of mystery in the neighborhood of her residence for some time. The attention of the neighbors was attracted to her queer actions yesterday and late last night and early this morning she startled them by intermittent shrieks.

To their inquiries she said she was terrified by persons chopping up her furniture and sawing at the foundations of her home. She also had the idea that opium fiends were smoking the drug in the front rooms of the house and she pleaded with the neighbors to drive them away.

SLEPT ON BARE FLOOR.

Investigation of the house led to the discovery that the woman was sleeping on the bare floor of the bedroom. She had no bedclothing or couch to sleep on. What little cooking she did was with kitchen utensils manufactured from old oil cans. A number of pots and kettles were hung on the doors of various rooms and the woman had wired the walls of the rooms and had hung bells and other noise producers on the wires. She explained that the wires and bells were to scare away bad people, who were constantly annoying her.

The police were notified of Miss Otis' insane actions and she was taken to the Receiving hospital. She will be examined as to her sanity.

COMMERCE CHAMBER ASKED TO EXHIBIT

A request has been made by the Southern Pacific Railroad Company to the Chamber of Commerce that that body arrange for an exhibit in the company's booths during the National Land Irrigation Exhibition to be held in Chicago in October in addition to the Alameda county exhibit, space for which has already been provided.

For the purpose of discussing matters of interest to the California Home Products League Secretary Denison of the Chamber of Commerce, attended a luncheon today in San Francisco given by the league.

WORKERS OF SUNDAY SCHOOL ENTERTAINED

Mr. and Mrs. George W. Banshef of 218 Hillside avenue, Piedmont, entertained forty of the officers and teachers of the First Methodist Episcopal Sunday-school at their elegant home Tuesday evening.

The regular session of the Board was held and the report of Superintendent H. Morton and the other officers showed a most prosperous year. At the conclusion of the business meeting a social hour was enjoyed. Musical selections were rendered by Mrs. H. D. Crandall, Mrs. W. C. Poole and Miss Beattie.

During the business session the plans for Rally Day, which will be held next Sunday, were perfected. The program to be presented is one of unusual interest, the subject, "The Life Heroic," will be recited in story and song. The surplice choir will lead the school in song and an orchestra of twelve pieces will assist in the services. The committee having the Rally Day service in charge is Miss Ethel Johnson, chairman, Miss Julia Breeze, Mrs. T. D. Hageman, Mrs. H. Morton and Homer Woolsey.

HAYWARD ASKED TO HELP GET CONGRESS

HAYWARD, Sept. 16. — An open letter has been received by the board of trade from the chamber of commerce of San Francisco asking the assistance of the people of Hayward in securing the irrigation congress to be held next winter.

Last year this congress met in St. Louis. The city fathers of San Francisco think that the congress will be a great help toward securing the 1915 fair for that city.

MRS. COLE'S FUNERAL TO BE HELD HERE TOMORROW

Mrs. B. Beverley Cole, wife of Dr. Cole, former coroner of Alameda county, and one time dean of Cooper's Medical College, died yesterday at Callistoga. The remains will be brought to Oakland tomorrow morning and the funeral will be from the Trinity Episcopal church, Twenty-ninth street and Telegraph avenue.

PIANIST WILL PLAY HIS OWN SELECTIONS

BERKELEY Sept 16.—M. M. I. Meyers, pianist will be in charge at the half-hour of music at the Greek theater Sunday afternoon. A number of the selections will be of his own composition.

HIGH VOLTAGE IS UNPOPULAR

440-Volt Service to Be Abolished in Suburbs as Well as Old City.

Characterizing the electric lighting service given in the annexed district as inefficient, City Electrician George Babcock last night recommended to the ordinance and judiciary committee of the City Council that the corporations doing business in the suburban district be cited before the committee to make arrangements for an improvement in the service. The matter was brought up in connection with an ordinance framed by Electrician Babcock, providing for the elimination of the dangerous and costly 440-voltage lines in the city.

When this ordinance first came up for consideration representatives of the Oakland Gas, Light and Heat Company, headed by Manager Frank A. Leach, appeared before the council and agreed to cut out the high-voltage service in the well-settled districts of the city. Manager Leach informed the committee last night that the work of eliminating the objectionable service had been under way for two months, and that but little remained to do. He declared that by December 1 there would be no 440-volt service in the boundaries of the old city.

OLD SERVICE COSTLY.

The removal of these high-voltage wires is a great gain to the city, as the experts employed by the city administration reported that this form of service was costly, and was not only the occasion of many fires, but also the cause of loss of life in some instances.

Since the end desired has been accomplished within the old city without the passage of the ordinance the seat of the complaint has been transferred to the annexed district where other companies are supplying light. City Electrician Babcock explained that the objection is not only to the 440-volt service, but also to the 220-volt, as this does not permit of the use of the economical and highly efficient tungsten burner lights.

On motion of Councilman Oliver Ellsworth it was decided to have the companies concerned appear before the committee to see whether the matter could not be equitably arranged. The conference will be held a week from Thursday night.

GUILD WILL GIVE GARDEN FETE TOMORROW

CENTERVILLE, Sept. 16.—Churchwomen, their friends and children, have been extended an invitation to attend a garden party to be given on the lawn of J. A. Bunting's country home tomorrow by the ladies of St. James' Episcopal Guild.

The gates will be open to the public at 10 o'clock and will close about 8 o'clock. In the morning basketball games will be played between the girls of the high school and a team to be picked. The women will serve a cafeteria luncheon and an informal program for the entertainment of the guests will be the diversion of the afternoon. A company of talented thespians will furnish clever stunts on that occasion.

CASTRO VALLEY RESIDENTS FIGHT BIG GRASS FIRE

HAYWARD, Sept. 16.—A large grass fire started in Castro Valley, near Hayward, late yesterday afternoon, and for a time it looked as though it would spread to the town.

It is believed that the fire was started by some one throwing a lighted cigar or cigarette into the tall grass.

The combined efforts of about fifty men and boys was required to subdue the flames, which had a good start before they were noticed.

Electrical Exposition, San Francisco.

Commencing September 17 to 24th inclusive, excursion tickets will be sold to San Francisco at one fare and one-third from all principal towns in California and upon receipt certificate plan. For further information see Southern Pacific agents.

CROPS DAMAGED BY FIRST STORM

Late Varieties of Grapes Are Ruined by Rain; Other Fruits Suffer.

SACRAMENTO, Sept. 16.—Up to 5 p. m. yesterday .17 of an inch of rain was recorded at the local weather bureau.

Just what has been the damage to the grape crop, beans, hay and dried fruits is uncertain. Growers and jobbers say that it depends entirely upon the manner in which it clears up. If, following the rain, there is hot, dry weather the grape and bean crops will be considerably damaged. If, on the other hand, cloudy, cool weather follows, growers will escape with little loss. Unless rain continues two or more days there is little danger to dried fruit.

RUINS GRAPE CROP.

LINCOLN, Sept. 16.—The long-continued rain has practically ruined the tokay and other late varieties of table grapes that were on the vines. The wine grapes being hardier have not suffered so much, but if the rain continues they will be completely damaged.

There was a large part of the grape crop that had not been picked in this section and the loss will amount to several hundred dollars.

MINES TO REOPEN.

GRASS VALLEY, Sept. 16.—The mines that have been closed on account of lack of water will start up again at once if the present storm continues for a day or two.

Up to noon yesterday .87 of an inch of rain had fallen and last evening the precipitation had increased to considerably over an inch. From this time on all the water that falls will be caught in the water sheds and diverted into the lakes and dams.

RAISINS SUFFER.

MARYSVILLE, Sept. 8.—Raisin, bean and prune crops are expected to suffer heavily if the rains which started late Wednesday night in Yuba and Sutter counties continue for another twenty-four hours.

The rains thus far have not done any great amount of damage, but continued showers and cloudy weather will raise the losses to growers in the two counties to thousands of dollars.

CANDIDATE IS ALMOST DEFEATED BY DEAD MAN

ST. LOUIS, Mo., Sept. 16.—In Madison county, Illinois, primaries yesterday 1009 votes were cast for a man who died more than a week ago. James Lane, of Edwardsville, candidate for clerk of the probate court, succumbed to a paralytic stroke a week ago Wednesday in the midst of a heated campaign.

Although Lane's death was common knowledge, the newspapers of Southern Illinois having devoted considerable space to it, the candidate's friends remained true to his memory and voted for him. For a time it looked as if he would be nominated. Final returns, however, show that he was defeated by John F. Beck of Edwardsville.

$150,000,000 FROM ALASKAN MINES

WASHINGTON, Sept. 16.—The Klondike placer mining district in Alaska has produced 150,000,000 dollars in gold since 1896, and mining experts estimate the amount yet to be mined will equal that already produced. Consul Cole of Dawson states that the gold output for 1910 will exceed that of 1909, when more than three and a half millions was produced. Most of this gold, he states, was shipped to the United States. A small quantity went to the new Canadian mint. Consul Cole reports that rich deposits of copper ore have been discovered in the southern part of the Klondike district.

The Millinery Opening

At the Always Busy Store Gives Another Day of Delight to Women of Oakland

Tomorrow
Will Be the Last Day

The verdict of the thousands of women who visited us yesterday and today is that we have the most beautiful hats ever on exhibition in Oakland.

The selling was rapid—enthusiastic—unprecedented—on both days. But the show tomorrow will be just as full and exquisite as it was the first morning.

We had too many Paris hats—too many New York hats—too many Kahn hats, to get them all on display the first two days.

New elegance will be added in the morning—the exhibition will be fully as interesting as on the first day. We want YOU to come and see the great display of beauty. May we look forward to the pleasure of a visit from you?

TWELFTH AND WASHINGTON STS., OAKLAND

Joy Riding in City Autos Put Under Ban by Council

"You can see half the city's automobiles in service on Sundays all the way from here to San Jose. They should be locked up when not in use for municipal purposes," declared Councilman L. N. Cobbledick before the meeting of the Auditing and Finance Committee of the City Council last night. "I suggest that all the city's machines be labeled in large letters, so that the people can see where they are going and what they are being used for and we will stop this sort of thing."

"I notice that the municipal automobiles are used at night as well," commented Councilman Oliver Ellsworth. "This should not be allowed. They use up tires and wear out machines joyriding at night and going to San Jose. The city should have a garage and a man to care for the machines. We could save money by such a plan."

The matter was brought to the attention of the committee when considering the appropriation of $1300 for an automobile for License Inspector W. A. Franke.

"I'll guarantee that that machine won't be used for anything but business," said Councilman Eugene Stachler. "The License Inspector ought to have it. He is one of the busiest men in the city and now rides around like a farmer on an old bicycle. I move the appropriation be recommended."

The motion carried, and was followed by one from Councilman Cobbledick before the Ordinance and Judiciary Committee, that city automobiles be equipped with signs, specifying the department to which they were assigned and the fact that they were being used for official business for the city of Oakland.

CHURCH MAY USE SCHOOL AUDITORIUM

BERKELEY, Sept. 16.—Any organization which wishes to hold meetings in the Berkeley High School auditorium may do so by paying $25 a night.

This has been decided by the Board of Education, although no formal announcement has yet been made. The request of the First Church of Christ, Scientist, of this city, for the use of Kellogg hall while their new building was being constructed, prompted the decision. It is expected their request will be granted at the next meeting of the board.

REALTY MEN AID STATE FAIR PLAN

Annual Convention Concludes Tomorrow With Barbecue at Congress Springs.

SAN JOSE, Cal., Sept. 16. — The program of the morning session of the State Realty Federation's annual convention comprised an address by A. E. Crane of Sacramento on "The State Fair and Its Importance to Real Estate Men in California"; reports of local organizations and committees; an address by H. M. Smith, manager of the colonization department of the Southern Pacific Company, and the election of directors.

At noon the Sacramento delegation kept open house in the hallroom of the St. James Hotel, where music was discoursed by a Sacramento band and every visitor was presented with a basket of Sacramento grapes. This afternoon the delegates were conveyed in automobiles through the valley and this evening they will be banqueted at the Hotel Vendome.

UNCLE JOE CANNON IS GOING BACK TO CONGRESS

President Wilson of Princeton College Will Resign to Make Race for Governor

CHICAGO, Sept. 16.—Insurgents were victorious in three out of the 25 congressional districts of Illinois in the primary election yesterday.

Henry S. Boutell, standpatter Republican, who has represented the Ninth, a Chicago district, in Congress for 12 years, was defeated by Frederick H. Gansbergen, who conducted his campaign on an out-and-out insurgent platform. Gansbergen was supported by the regular Republican organization.

Gansbergen's vote was 3584; Boutell 2598, Arthur West, the third candidate, received 1134 votes.

INSURGENT IS VICTORIOUS.

In the Eleventh district Colonel Ira C. Copley, the first man in Illinois to come out as an insurgent candidate, won the Republican nomination over George W. Conn, who classed himself as a progressive conservative. This seat now is occupied by Howard M. Snapp, a standpatter. Colonel Copley carried the district by 468 votes according to the latest figures.

John C. McKenzie secured the Republican nomination in the Thirteenth district after a spirited contest with Reuben R. Tiffany. Both McKenzie and Tiffany denied affiliation with the standpatters, McKenzie making his campaign as a progressive, while Tiffany exhibited slightly more radical views and called himself an insurgent.

GAIN FOR PROGRESSIVES.

Congressman Frank O. Lowden, the present Representative from this district, has been aligned with the regulars and the selection of McKenzie is a gain for the progressives.

George Edmund Foss, standpatter and head of the naval affairs committee of the House, won the Republican nomination in the Tenth district by about 500 votes after a hard contest in which he was opposed by George P. Englehart and Frederick C. Deang, insurgent.

In the Second district Congressman J. R. Mann received more votes than his two insurgent opponents combined.

Speaker Joseph G. Cannon was renominated in the Eighteenth district by a majority close to 6000. He was opposed by Henry B. Downs, an insurgent of his own city.

BROWNE IS RENOMINATED.

Lee O'Neil Browne, the minority leader in the lower house of the Illinois legislature, who was recently acquitted of a charge of bribery in connection with the election of United States Senator William Lorimer, was renominated for representative in La Salle county by a large majority.

Out of 32 Democrats in the last legislature who voted for William Lorimer for United States senator, 22 were renominated yesterday. The following is a list of Republican and Democratic nominees for Congress:

Dist.	Republicans.	Democrats
1st	Martin B Madden..	Michael E. Maher
2d	*James R Mann	John C. Vaughan
3d	*William L Wilson	Fred J. Crowley
4th	Michael G Walsh .	*Jas C. McDermott
5th	Louis H. Chrisman...	*Adolph J. Sabath
6th	*William J Mosley..	Edmund J. Stack
7th	*Frederick Lundin. ...	Frank Buchanan
8th	Daniel D. Coffey	*Thos. Gallagher
9th	Fred H Gansbergon	Lynden Evans
10th	*Geo. Edmund Foss .	Richd. J. Finnegan
11th	Ira C Copley ..	Frank O. Hawley
12th	*Charles E. Fuller .	No candidate
13th	John C. McKenzie	Henry S Dixon
14th	*James McKinney .	No candidate
15th	*George W. Prince .	Albert E. Berglund

JOSEPH G. CANNON.

NEW JERSEY

PRINCETON, N. J., Sept. 16. — Dr. Woodrow Wilson who was yesterday nominated for Governor of New Jersey by the Democratic State convention, said this afternoon that he would offer his resignation as president of Princeton University to the board of trustees at its meeting on October 20.

TRENTON, N. J., Sept. 16.—The Democratic State convention yesterday nominated Dr. Woodrow Wilson president of Princeton University, for Governor of New Jersey.

Dr. Wilson was nominated on the first ballot and received forty more votes than were necessary to nominate him. The platform adopted was in line with the Democratic platform of three years ago, except that it was more specific in advocacy of reforming measures, including the conferring of rate-making power upon the present public utilities commission.

Dr. Wilson accepted the nomination and made an address which was highly pleasing to the delegates.

After discussing the platform, Mr. Wilson said:

"There are three great questions before the people, reorganization and economy in administration, equalization of taxation and the control of corporations.

"Other important questions are the proper liability of employers, the question of corrupt practices in elections and the question of conservation.

"Our system of government should not be necessarily complicated and elaborate and there should not be too many separate commissions and boards."

DISCUSSES CORPORATIONS.

Discussing the question of corporations, the speaker said:

"Corporations should not be favored in the matter of taxation. The power to regulate taxation and fix rates should be vested in a public utilities commission. The regulation of corporations is much more the duty of the State than of the federal government."

In conclusion Dr. Wilson said:

"The playing of politics is to be deprecated. Measures having for their object the bettering of our condition should be conceived in the largest spirit and urged by leaders who are statesmen and not demagogues."

Former Governor E. C. Stokes today said that his advices from all sections of the state gave him a lead of 5000 to 7000 in the United States senatorship primary of last Tuesday. Governor Stokes said he was confident the these figures would not be materially changed by the official returns. He claims to have led in the voting in 17 of 21 counties and declares he feels confident that the choice expressed in the primary will be respected by the Republicans in the Legislature next winter.

Governor Stokes' opponents in the primary were former Governor Franklin Murphy and Congressman Charles L. Fowler.

MONTANA

MISSOULA, Mont., Sept. 16.—At the Republican state convention yesterday Representative Charles N. Pray was nominated by acclamation to succeed himself. John T. Athey was renominated for clerk of the Supreme Court. E. A. Morley, the incumbent received the nomination for railroad commissioner.

COLORADO

DENVER, Sept. 16.—Adherents of Governor John F. Shafroth, who last week secured his renomination in the Democratic State convention here by the scant official plurality of twenty-seven votes, today finished their work by bringing about the nomination of practically the entire Shafroth state.

Nominations made today are:

For Lieutenant-Governor—Stephen R. Fitzgerald (renominated).

For Secretary of State—James B. Pearce (renominated).

For Treasurer—Roady Wenehan.

For Auditor—M. A. Leddy.

For Railroad Commissioner—Alex Davidson.

For Superintendent of Public Instruction—Mrs. Katherine M. Cook (renominated).

Regents State University—John E. Bothen, Denver, and George W. Teal, of Boulder.

WASHINGTON

SEATTLE, Wash., Sept. 16.—Unofficial and incomplete returns from the First Congressional district show that William E. Humphrey, standpatter, received 433 votes more than the necessary 40 per cent.

The provision of the State primary law, which requires electors to mark their second choice when the candidates number four or more, gives an opportunity to contest the nomination. Thousands of voters, chiefly Humphrey men, did not mark their second choice, and the ballots were not thrown out. Thomas P. Revelle, insurgent, declares that he will contest the nomination.

Judge W. W. Black of Everett, the Democratic nominee, will begin his battle tonight with a speech in Seattle. He hopes for insurgent support, but Miles Poindexter, the State insurgent leader, has already advised the insurgents not to bolt the judgeship nominations made by the machine that has just been destroyed, and it is believed that if Humphrey finally receives the Republican nomination he will not be openly opposed by the insurgents.

MINNESOTA

ST. PAUL, Sept. 16.—The nomination of James Gray to fill the vacancy at the head of the state Democratic ticket was made unanimous yesterday afternoon by the State Central Committee. Gray was former Democratic mayor of Minneapolis and a well known newspaperman of that city. John Lind of Minneapolis had refused to be the candidate for governor.

KENTUCKY

LONDON, Ky., Sept. 16.—By the decisive majority of more than 7000 Caleb Powers defeated Congressman Don C. Edwards for the Republican nomination for Representative from the Eleventh Congressional district of Kentucky in a primary election yesterday.

Congressman Edwards is serving his third term. Powers, who defeated him for renomination, made his race upon an appeal to the voters of the district to give him the nomination as a "vindication" of his alleged complicity in the assassination of Governor Goebel in 1900.

Powers, who was secretary of state at the time of the assassination, was confined in jail during eight years his first three trials resulting in conviction and the fourth in a disagreement. Last year Governor Wilson swept the court records clear of all cases remaining untried in connection with the Goebel murder by granting pardons to Powers and several others.

The district has a nominal Republican majority of upward of 20,000.

ARIZONA

PHOENIX, Ariz., Sept. 16.—Arizona's constitutional convention, which meets October 10, will have forty-one Democrats and eleven Republicans. Related returns show Gila county elected four [illegible]

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

IN SOCIETY

MRS. HARRY ALEXANDER will give an elaborate bridge party tomorrow afternoon in honor of the two bride-elects, Miss Daisy Soulberger and Miss Sybil Tripp. The Alexander home will be a mass of pink blossoms and a large number of guests have been asked to the affair.

Mrs. Walter Corger has sent out cards for Wednesday next when she will be hostess to more than a score of friends in honor of the two girls, who will be feted also by Miss Anita Dickman a week from Saturday, at another elaborate bridge party to which more than a score of guests have received cards.

Miss Tripp's engagement to John Ritchie was announced last month and Miss Soulberger's marriage to Hugh Pierce will be an event of late October. Miss Tripp is the daughter of Mr. and Mrs. L. Tripp, of East Oakland.

The new home of the Soulbergers on Adams Point will be the scene of many festivities during the coming weeks.

FRIDAY NIGHT ASSEMBLY.

The Friday Night Assembly of Berkeley will hold its first dance October 14 in the Town and Gown Club. A large number of guest have received cards. Among the list of patronesses are: Mrs. Charles B. Marks, Mrs. John R. Glascock, Mrs. Lillian Frenzel, Mrs. George R. Greenleaf, Mrs. Wilson Thompson, Mrs. Henry Pickner and Mrs. Albert Dieruck.

LAWLER—STONE.

Cards have been issued announcing the marriage of Miss Harriet A. Lawler and Gus A. Stone of this city.

The wedding ceremony was performed by Rev. C. E. Maxfield, pastor of the Twenty-third Avenue Baptist, 1371 Irving avenue, East Oakland, at 11 a. m., September 14.

The bride is an accomplished musician and has many friends and acquaintances in Alameda.

The bridegroom is a young business man of San Francisco.

After the ceremony the newly married couple left by the noon train for Sacramento and Northern California points. Upon their return they will make their home for the winter with the bride's parents at 1727 Arbor street, Alameda.

LEAVE FOR OREGON

Mr. and Mrs. Ralph E. Wastell sailed yesterday for Dallas, Ore., where they will make their future home. Mrs. Wastell was Miss Beth Johnstone before her marriage and was well known in musical circles about the bay. Ralph Wastell is an architect.

JOVIALITES BALL.

Plans are completed and everything is in readiness for the Jovialites second ball, to be given at the Home club, Wednesday evening, September 21. Several hundred invitations have been issued and the affair promises to be a great success. Pink and green, the club's colors, will be carried out in the decorations, and pink baby roses will be worn by the fifteen girls, who compose the club. The patronesses for the evening are: Mrs. R. Williams, Mrs. M. O'Neil, Mrs. M. Fields and Mrs. Dooley, and the floor directors are R. W. Shannon, S. Fitzpatrick and J. J. Carey. Several dances are being planned by the club, to be given through the season. On the roster appears the names of Misses Mary O'Neil, Margaret Gallagher, Agnes Williams, Margaret O'Neil, Mary Fields, Ethel Dooley, Hazel Norman, May Gallagher, Anna Fitzpatrick, Mabel Broad, Mary O'Brien, Edith Wilkins and Marguerite Linenisch.

HOME FROM THE MOUNTAINS.

Mrs. Charles F. Coobledick and little ones have returned to their home in Claremont after two months' sojourn in the Sierras of Placer county.

LEAVES FOR THE EAST.

Miss Bert Freeland, the daughter of Mr. and Mrs. C. H. Freeland of Alameda, left this week for an extended tour of the East. Her itinerary includes Denver, Omaha, Chicago and Michigan. Many entertainments have been planned by her friends in her honor at her various stopping places.

COMPLIMENT MISS COURTIAN.

Miss Madge Kent will entertain a score of the younger girls at her Sausalito home in honor of Miss Gladys Courtian, who will be married to Jack Britton during the winter.

MRS. GIELOW ADDRESSES CLUB.

Mrs. Martha Gielow was the guest of honor yesterday at the luncheon given by the Home Club. Mr. Gielow, who interprets delightfully plantation stories and traditions, spoke briefly on the Southern Industrial Educational Association, of which she is founder, and laid stress upon the conservation of the American children of the American mountains which, she maintained, means the preservation of the Anglo-Saxon race.

MISS INEZ EUDEY, who will leave shortly for a tour of the northwest. —Scharz, Photo

FRANCK BRIDGE PARTY.

Mrs. George Franck will be a complimented guest today at the bridge party which Miss Clara and Miss Anna Franck will give tomorrow at their Adams Point home. Mr. and Mrs. Franck returned home yesterday and their arrival will be the signal for many affairs. A large number of guests will attend today's function and the bridal party at the Franck wedding will assist their hostess in receiving.

SATURDAY NIGHT CLUB.

The Saturday Night Club will hold its first dance of the season on October 8 in Ebell Hall, and elaborate preparations are being made for the event. Among the prominent patronesses are: Mrs. Henry M. Bull, Mrs. William Waddell, Mrs. James MacIlse, Mrs. O. W. Perkins, Mrs. William Hume, Mrs. William Halbert, Mrs. J. C. Collom and Mrs. Warren Cheney. The committee of arrangements for the dances are Miss Carrie Bryant, Miss Eleanor French, Miss Lillian Sandred, Leon Gove, John Halbert, Louis Kistler, Miss Abbie Oliphant, Miss Dorothy Schultheis, Fletcher Slosson, Brainard Waddell and Miss Edith Rickley.

KALES-KNOWLES NUPTIALS.

Miss Ruth Kales has named Thursday evening, October 20, for the date of her marriage to Thomas Knowles. The affair will be a brilliant one. The ceremony is to take place at the Kales residence in Lake street and many of the smart set around the bay will attend. The bride-to-be is the daughter of Mr. and Mrs. Martin W. Kales. A number of affairs will be given in honor of Miss Kales and the first to be announced is a bridge party for which Miss Alice Knowles has issued cards.

FEDERATION MEETING.

The Alameda district of the State Federation was held at the home of the president, Mrs. A. L. Barry, Wednesday afternoon to discuss plans of the year.

Mrs. J. B. Richardson reported on a plan for helping the girls at the Detention Home. The members are willing to help take charge of one or more girls as a friend to assist them by personal advice and help.

Mrs. Myer Jaffa, chairman of domestic science, is preparing a list on domestic science subjects to be presented later to the club.

Mrs. Clara M. Partridge spoke along educational lines in regard to the help club women could give in obtaining the passage of the teachers' retirement bill.

Mrs. C. W. Kinsey of the history and landsmark department gave a talk in which she spoke of the duty of the club women to acquaint themselves with the history of their localities and to preserve its landmarks.

Mention was made of the history of the State University by William Carey Jones.

ARRIVES FROM OKLAHOMA.

Mrs. Brainerd of Oklahoma City is visiting Mrs. Carl Plehn of Berkeley. Mrs. Brainerd has come west to attend the marriage of Miss Viola Brainerd and Dudley Baird, which is scheduled for the 28th of this month.

MARRIED YESTERDAY.

Miss Ruby Wilson of 1521 Benton street and Ancil Leroy King of San Francisco were married yesterday morning at 11 o'clock at the First Methodist Church in this city. Rev. Richard Duke of Canada officiated. The bride wore a tailored gown and large velvet hat. Miss Mabel Wilson was her sister's maid of honor. The couple have left for Del Monte on their honeymoon.

TO REVISIT OAKLAND.

Mrs. William T. Young will arrive here from her home in Fort Jones early next month for a visit with her parents, Mr. and Mrs. William Waddell, in Peralta Heights. The marriage of Miss Mary Waddell was solemnized last February and the young matron will be entertained at several social affairs during her sojourn.

TO TOUR NORTHWEST.

Miss Inez Eudey, who was bridesmaid at the recent marriage of her sister, Miss Bertha Eudey, will leave later in the season for a tour of the northwest.

WOMEN IN THE NEWS

TAFT'S DAUGHTER TO MAKE BOW IN SOCIETY

Miss Helen's Debut Destined to Be Feature of Social Season in Capital.

Heiress Plays Hostess to 400 'Kids' at Real Circus on Her Big Estate.

NEW YORK, Sept. 16.—Following the visit to this city yesterday of Mrs. William H. Taft, wife of the President who was en route from Beverly to Washington, the semi-official announcement was made of the prospective debut of her 18-year-old daughter, Miss Helen Taft.

Miss Taft will be presented to Washington society as a White House debutante this season and will thereafter relieve her mother of some of the arduous social duties that must be shouldered by the first lady in the land. Miss Taft is to retire from Bryn Mawr immediately without completing her final term, as Mrs. Taft has not found herself equal to the task of disposing of all the social functions given at the White House.

No definite plans have been made for Miss Taft as yet, but in a general way it is known that early in the season she will be formally introduced to Washington society at a dance which will be given at the White House in her honor.

Miss Taft is extremely pretty, with great masses of brown hair and big blue eyes. She excels at tennis, plays a good game of golf, is a fine horsewoman, a graceful runner and an accomplished linguist.

She Had to Pay

NEW YORK, Sept. 16.—Torn between a desire to avoid paying customs duties on the one hand and a conflicting ambition to vote in this country on the other, Miss Inez Milholland, the Vassar graduate and suffragette, found herself in an uncomfortable predicament last night when she returned to this country by the Mauretania.

At first she sat up a claim of non-residence, but rejected it when it occurred to her what effect it might have on her powers as a suffragette worker. "Here am I, a resident of London," she said to an inspector, "and yet I must pay duties to the United States. Don't you think this is rather a shameful thing that a woman should suffer under laws in which she has no voice."

And then it recurred to Miss Milholland that she had committed herself. "Oh," she interjected, "I shouldn't say that, either. I do reside in the United States. I have a country place here."

"Are you paying the duty under protest?" a reporter asked.

"No, no," said Miss Milholland. "I am very willing to pay it. Please don't say anything about this."

She paid $102 customs duties.

Hostess to 'Kids'

TARRYTOWN, N. Y., Sept. 16.—Lyndhurst, the country seat of Helen Gould, was the scene of an old-fashioned circus yesterday afternoon, the occasion being the animal fete to the members of Miss Gould's sewing class. The circus was genuine, with side shows, and lemonade, peanuts, and no one enjoyed it more than Miss Gould. More than 400 children were present, all dressed in white and wearing masks of various animals. A circus ring, in which a performance was given, was pitched on the lawn near the river.

After the show the children marched to a large tent decorated with flags and enjoyed salad, cocoa, ice cream and cake. Each child received a balloon and a box of candy. Miss Gould shook hands with all the children as they departed.

Deming's Sister Dies

SANTA ROSA, Sept. 16.—Mrs. Caroline Matilda Neville, sister of the late William Deming, war governor of Ohio, and later postmaster general in the cabinet of Lincoln, died here yesterday. She was a native of Ohio, aged 79 years, and a woman of much social prominence and distinction in days gone by. She had been here about fourteen months and made her home with her granddaughter, Mrs. Earle H. Callaghan. One son, Colonel J. D. Neville, secretary of the Los Angeles Stock Exchange, survives the deceased.

Throughout her life the deceased was an active and energetic woman, until a few years ago, when the hand of affliction was laid heavily upon her. When she came here she was an invalid. Her residence in California prolonged her life. Her eighty-nine years of life were filled with many stirring events, and she was a conspicuous figure during the Civil War.

TWO SEEK THE HAND OF ELEANOR SEARS

ARCTIC HUNTER IS IN FIELD FOR LOVE OF ATHLETE.

NEWPORT. — Miss Eleanora R. Sears, the society girl who plays polo, golf and tennis, rides to the hounds, shoots, hunts, boxes, fences and goes in for divers and sundry other sports with a vim and dash that have won her a world wide reputation, has two suitors for her hand, Paul J. Rainey, the Arctic hunter, and Harold S. Vanderbilt, the son of Mrs. O. H. P. Belmont. It was rumored that she had made her choice, but she declined absolutely to discuss the matter.

The rivalry between the shooter of Polar bears and young Mr. Vanderbilt is said to have reached a stage where they are going to be put to the test not unlike those to which the ladies fair of the middle ages subjected their knights. In other words, Miss Sears is going to make the lucky suitor go some to get her.

RAINEY GOT THE LETTER.

Rainey shot almost to the North Pole to get her some bear pelts. Before he sailed toward the top of the world early in June it was rumored he had begged the young lady to give him a letter to be opened in the ice fields in which he would be informed how he stood in her heart. He wanted a "yes" or "no" in this letter, and he got a letter, but, judging from the attitude of the much-sought-after maid upon his return, it contained neither a "yes" nor a "no," but probably told him that after he got the bear pelts she wanted he would have to go a bit more.

And while young Rainey was away amid the aurora borealises, H. S. Vanderbilt has been having his turn at going some and by rapid strides is becoming an athlete like unto which none has yet appeared in his distinguished family. To follow the footsteps of the light of his life, Harold has had to play tennis in the broiling sun, golf till the soles of his feet cracked and try out an occasional bucking broncho when he would have much preferred reclining upon a silken divan.

A FURIOUS ATHLETIC PACE.

Miss Sears is not the sort of girl who cares to sit out dances or loll back in the cushions of a Victoria while her swains whisper sweet things in her ears. Said suitors coin whisper their sweet things as they take a 5-barred fence or a water jump with her, if they are skillful enough, or they may murmur their love plaints over a tennis net if they can get the ball over and past Eleanora's terrific back and forehand. Also it was allowed to Mr. Rainey, who has been a guest here to Mr. and Mrs. Joseph Harriman, to relate his thrilling tales of Arctic hunting at some length and, if he were shrewd enough, woo in a word or so of love between killings.

Although a Bostonian, Miss Sears does not go in heavily for Emersonian culture. In fact, she is all for outdoor life and is regarded by many as the most robust girl of her generation. She is an expert swimmer and what she doesn't know about horseflesh has yet to be learned. She is a leader in almost every contest of skill and strength that interests the athletically inclined. She can run like a deer and outwalk all the Westons and O'Learys, her friends declare, and is now turning her attention to aviation.

MISS ELEANOR SEARS.
One of the best snap shot pictures of Miss Sears yet taken.

IN TROUSERS.

Miss Sears plays polo in trousers and walks in a divided skirt. She has taken Harold Sterling Vanderbilt out on some walks lately that have brought him home in a state of weary wilt, while his adored looked fresh and daisy. Whether or not Miss Sears has boxed with Harold has not yet come forth from the buzz-centers of gossip, but there are other young men with whom the young lady has crossed mitts who come off with the small end of the encounter.

The young lady is just as expert in the "gym" as she is in the field, and has proved her prowess at many private exhibitions.

HAROLD VANDERBILT IS RIVAL; BOTH WORK HARD.

IMMIGRANT GIRL IS BESET BY DANGERS

NEW YORK. — "I do not believe that the immigrant girl contaminates the morals of the people in America with whom she is thrown. It is directly the other way around. The people and conditions contaminate her morals."

So said Miss Helen A. Taylor, matron for the past fourteen years on Ellis Island, and an earnest woman who has made a study of the question of the immigrant girl and her influence on conditions in general.

Sitting at her desk in the great general receiving room, Miss Taylor watched the girls and women as they passed. Turning around, she said:

"Look at those girls. They don't look as though they were such dreadful menaces to society, do they? They are strong, healthy and robust; they do not look morally depraved, as though they were bringing very much wickedness to this country. I understand that there has been a great deal of talk about the bad influence of the immigrant girls and their lack of morals. Remember that nearly all of these girls have grown up without training, without pleasures in life. They have slaved like men on farms, and when they come to this country the great majority are absolutely clean minded and open to impressions.

"It is after they land in America that the trouble begins. They are thrown in with a people and a life of which they know nothing. They are dazed, stunned, as it were, by the cheap giddiness and finery displayed by relatives who have preceded them to America. Their heads are turned, and if they are not with relatives so much the worse for them, for being by themselves and earning a small wage they immediately begin to spend it for what they consider finery; there is nothing in life for them but decking themselves out in bright colors. This affords them a little pleasure. Then this happiness wears away, and without friends, working for unsympathetic people who never notice whether they are well or ill, they become despondent, and there is just one of two things they usually do, pine away, become melancholy, go to an insane asylum, or they begin to frequent cheap dance halls and such places of amusement.

"This is why I say that it is the American public that contaminates the immigrant girl's mind, and not the immigrant girl who does the harm. She may bring all her bad manners to the country and offend the aesthetic senses of some persons, but with all this she generally brings a pretty clean set of morals.

ROWDY DANCES LATEST THING

NEW YORK.—The "rowdy" dances are going to be the thing in New York this winter, meaning, of course, that they are the dances which will be danced by those who are among our very best people. Henri Conrad says so, and Henri, having supplied the music for all of the smart set dances at Newport this summer, ought to know. Henri came back to town today with the news that the "Grizzly Bear" dance is certain to be the most popular of the season. The dance isn't half as fierce as it sounds, and really is a mild and graceful adaptation of the danse des Apache—which is fierce.

Newport has tabooed the two-step, long so popular, and it will not be seen at the fashionable parties the coming winter.

"When I introduced the 'Grizzly Bear,' well, it was all off with the 'Bunch of Roses' for a time," Conrad said. "Finally I had to switch back and give them 'The Roses,' and when I left Newport it was a question which of the two new dances they preferred. Both undoubtedly will be the rage at the Plaza, Sherry's and all the private dances of the season."

The "Grizzly Bear" has a good deal of hip movement and some of the suggestive poses of the Apache dance, and once in a while in the Newport season it was "just slightly exaggerated by some couples," as Mr. Conrad cautiously put it.

"They like rowdy dances and barn dances more than they do the stately old-fashioned waltzes. In fact, they dance the waltz to a very quick tempo, but you see they only take one step to the three short ones taught by dancing masters," said Mr. Conrad. "The schottische is also a dance now much in favor by fashionable people."

Woman Should Love, and Admit It, Says Professor

MAURICE, Ind.—That every teacher before being employed should be able to answer "Yes" to the question "Have you ever loved?" was the declaration of Dr. Arthur Holmes, of the University of Pennsylvania, at the annual Delaware County Teachers' Institute, in session here.

"Do you know what I have known you to do when you saw a boy pass a note to a little girl in the adjoining seat?" said Dr. Holmes. "The teacher will swoop down upon the boy and girl with an imperious demand for 'the papers.' Such an act shows total ignorance and lack of sympathy.

"It is time to treat of matters that are of higher import to the race in a sane, red-blooded, sympathetic way and not to try to outlaw nature is a criminal. We are not barbarians and are not except remotely, products of the dark ages.

"Some states have passed laws against allowing married women to be teachers in the public schools. What is wanted is that not alone married women, but child-loving, husband-loving women be teachers in our schools.

"And I say that of all the essentials of life, love is the most important. Nothing is worth while, it seems to me, without it.

"What you teachers need is to be in love now or to have been in love some time, so that your sympathies and your understanding of children may be alert.

"Be in love with something all the time, whatever else you do. You can at least be in love with the children of your class and with your work. You can at least forget that you are a pedagogue with certain rules to enforce, and remember that you are a human being with love to give and love to receive. 'Love leaveneth all things!'"

SOME THINGS WOMEN ARE DOING

Pundita Ramabai, who is described as the most learned woman in India, has been working on a translation of the Bible for nearly five years. She has something like fifty assistants in the work.

Mrs. W. H. Felton, widow of a Congressman from Georgia, has just won her fight before the Georgia Railroad Commission, in which she pleaded her own case and was opposed by fifteen railroad attorneys. The railroad had received free right of way on condition of establishing and maintaining a sidetrack on the Felton plantation. After the death of Congressman Felton the sidetrack was removed against the wish of Mrs. Felton.

Had Right to Beat Wife

ST. LOUIS.—Although she exhibited a black eye and a bruised face as the result of an encounter with her husband, Mrs. Mary Schlueter, a pretty brunette, 22 years old, told Judge Pollard that her husband, Fred Schlueter, of 1414 College avenue, had a right to whip her if he desired. Then after Judge Pollard had fined Schlueter $125 on the testimony of a policeman, Mrs. Schlueter declared to newspaper reporters that any man was justified in beating his wife if not pleased with her conduct.

When Mrs. Schlueter was placed on the stand she declared that she did not want to prosecute her husband, and then made her startling declaration. Schlueter, who was near by, was constantly smiling during the testimony of the policeman and his wife. The plea Mrs. Schlueter made for her husband was one of the most unreserved and unselfish ever heard in the Dayton Street Police Court.

After listening to the pleading of the constant wife Judge Pollard exhibited much displeasure. In a short talk he weighed the evidence of the policeman and the external signs of violence on Mrs. Schlueter's face against the testimony of the wife. He reiterated his oft-repeated doctrine that any man who beats his wife should be given the extent of the law. With his eyes sparkling, the judge fairly thundered his denunciation of a man who would mistreat the mother of his children.

"I'll fine you $100 for beating your wife on the testimony of the officer, and I'll add to that $25 for resisting arrest," declared the judge, as he violently entered the decree on the dock.

When the sentence was pronounced Mrs. Schlueter, who had been listening intently to the remarks of the judge, began weeping softly and slowly walked out of the courtroom. On the outside she regained her composure somewhat and discussed the case with newspaper men.

"Any man has a right to beat his wife if he wants to," declared Mrs. Schlueter again, obstinately holding to the principle that she had asserted in her futile attempt to gain clemency for her husband.

WOMEN POLICEMEN ARE BOOSTED IN BROOKLYN

NEW YORK, Sept. 16.—Brooklyn is likely to furnish more women candidates for the police force than Los Angeles. The news that Mrs. Alice Stebbins Wells, formerly of Brooklyn and prominent in settlement work in that city, had become a member of the Los Angeles police department was received with great rejoicing by some of the settlement workers.

There were differences of opinion among the workers at the Maxwell House settlement in Brooklyn, as to whether a woman should belong to a police force or not. However, the majority of the workers attached to other settlement houses said that if any energetic woman should start a boom for "women policemen" in this town they will similarly join the movement.

Devotion of Chamberlain's Wife Talk of the World

The loyalty and wifely devotion of Mrs. Joseph Chamberlain, wife of one of the greatest figures in English political circles of today, is the talk of two continents. Before her marriage to the British statesman she was Miss Mary Endicott of Salem, daughter of the late Hon. William C. Endicott, who, under President Cleveland, was Secretary of War.

Some years ago "Joe" Chamberlain was suddenly taken sick and during his illness, which even his most intimate friends feared was his last, his wife was ever by his side. She seldom left the sick room, and although there were nurses, she insisted on caring for him herself. She was to him what Mrs. Gladstone was to England's great Premier in his last sickness.

And now that Chamberlain is better, much better, it is said, she has won a harder task to perform, for the old war horse is longing to jump into harness once more, and it is her work to keep him quiet until he is really fit.

In the great campaigns which her husband has fought and won she has been his best friend and adviser, and during the crisis attending the wind-up of the Boer war she was his greatest help.

"In all the storm and turmoil and stress of the troublous times from which we are now emerging," Chamberlain said in a speech at Birmingham on the eve of his departure for South Africa, "I have had at least one source of solace, my wife. When under the double burden of the great responsibility that had fallen on me, and the venomous attack and lying misrepresentation of our professional enemies, my courage seemed like failing, her wise counsel, her unbroken optimism, sustained me.

"She has fortified me by her courage and cheered me by her sympathy. I have found in her my best and truest counsellor." This is the tribute of Joseph Chamberlain to his wife, a New England girl.

Kills Self Rather Than Live to Be Dried Old Maid

POTTSTOWN.—"I'm going to die an old maid. I never met a man whom I could love and admire," were statements in a note which Miss Margaret Stewart, who committed suicide at her home here, wrote and addressed to her girl friend, whose first name is "Clara."

The note further said: "Don't do as I am going to do. Life is not worth living. I am not crazy, although you may think I am to do this thing."

The note was found today. Miss Stewart had placed it on top of articles in her trunk, so that it would be seen when the trunk was opened. Miss Stewart was an attractive young woman, 23 years old. She had many friends, but evidently became melancholy because the right man did not come along.

Manless England Drives 110 Women to Australia

SPRINGFIELD.—One hundred and ten young women, most of them under 25 years of age, left St. Pancras Station, London, recently, to embark on the Orient steamer Osterley for West Australia. All were very bright and cheerful.

"There is no room for us in England," was the general cry. "There is no chance of marriage for us, because our sweethearts cannot earn enough in England to keep us."

The girls came from all parts of the United Kingdom, but chiefly from Scotland. They have no definite positions offered them, but most of them will accept places as domestics immediately upon their arrival.

"Scores of mistresses will be awaiting the ship at Fremantle," said the West Australian government agent, who was looking after the comfort of the emigrants, "and any girl who wishes to become a domestic will receive excellent wages, at least double the amount she could earn here. In West Australia the male population greatly exceeds the female, and in a prosperous young country such as it is there are hundreds of young settlers who, making good money, anxiously are seeking wives. Six months after this army has landed in the state at least a third of them will have found husbands."

Miss Alice Norris from Aberdeen was typical of her companions. "I have worked hard in Scotland as a domestic servant and as a factory girl, just keeping life going," she said. "All the time I was looking forward to the day when I should be married and have a little home to look after. But the young men say that they lost what little work they had and cannot see their way to marriage. So now I am going away, though I should have loved to stay in Scotland."

In every one of the reserved carriages a dozen such girls were to be found, and as the train steamed out there were no tears and but little sorrow. A new world lay beyond and every moment brought it nearer.

GIVES BLOOD IN VAIN FOR FIANCEE

Edward A. Bennett Tries to Save Life of Young Sweetheart.

Transfusion of Blood Done Too Late to Save Her Life.

After pleading with the physicians attending his fiancee, Miss Elma V. Williams, who was seriously ill, to let him risk his own life by transfusing his own blood to the veins of his sweetheart, ... after ... from his many friends, Edward A. Bennett lost ... his ... struggle to save the life of the girl who ... to be his wife. Miss Williams died yesterday of ... unselfish ... anew ... of his ... rifice.

Bennett left ... for Oroville ... home of Miss Williams to attend her funeral ... from the eff... in his wrist. The ... sisters of the girl ...

... told ... that ... had not ... wrist and ... to the hospital for treatment.

SUDDENLY TAKEN ILL

Two ... Miss Williams was suddenly taken ill as she was about to ... her ... condition was thought ... and she was taken to the ... sanitarium ... Bennett watched at her bedside and watched with anxiety her relapses into unconsciousness. Her life blood was slowly ebbing away and the physicians gave ... no hope ...

There was one possibility and Bennett in his unselfishness saw this. That was to transfuse the blood from his ... body to that of his sweetheart.

He pleaded with the physicians to take his blood. At first they refused, hoping against hope that she would recover. Finally, in a last desperate effort, the physicians consented.

The physicians knew that one giving up such a quantity of blood would subject himself to great risk — ... of life. Bennett was told of his danger, but he prevailed upon the physicians to perform the operation.

While Miss Williams lay unconscious under the influence of ether an artery in the wrist of the young man was opened and his blood flowed to the ... of the young woman.

GIRL NEVER KNEW.

For two days Bennett lay on his bed in the hospital, she not knowing and never knowing of his heroism but his strength ... and the hope of a speedy recovery ... soon ...

To explain his absence from his apartments in the Del Mar, Fifteenth street, ... told all his friends that he had sprained his wrist while trying to ... friends into ... had to stay at the hospital ... the story leaked ... the nurses and physicians not being ... from telling it. The girl ... for a few days and then ... set in and she died yesterday.

... is a graduate of Chico Normal School. Miss Williams of Oroville ... and only recently come to Oakland to live with her sister, Mrs. ... Williams, who lives with Mr. and ... on Athol avenue. She was ... of J. Williams of Oroville. Her mother ... here ... and Bennett ... for Oroville to attend the funeral.

The couple were to have been married ... He is an official of the ... Asphalt Paving company.

'TO JAIL WITH CORPORATIONS!' CRIES PIEDMONT

Mayor of Aristocratic City Would Start Something; 'Make Companies Obey Law,' He Demands

Let's start something, let's get into ... Mayor ... and see if we cannot obtain some satisfaction from these gas and water companies who are doing as they please in our city," said Mayor Hugh ... last night at the meeting of the board of trustees of Piedmont in the Hills, following the somewhat grave discussion ... that ... the manner in which alleged ... had been taken, specified by a general assertion that ordinances had not been obeyed, that the dignity of the ... had therefore suffered humiliation through the instrument of politics ...

"What can we do? There must be some way to curb their encroachments upon our laws and, as appears, have counted for naught. Let us seek in some other manner to bring them to time."

There was a profound silence attended by the scratching of heads while those ... pondered over the question.

"We have passed many ordinances dealing with these matters ... let us pass some more. Let us fix a severe penalty in ... a heavy fine and imprisonment ... the criminal for disobedience of our laws."

ORDER ORDINANCE DRAWN

"Very well," said the ... moved by Trustee ... and seconded by Trustee ... the ... city attorney be instructed to draw up ... ordinance ... The motion was carried.

They threaten to deprive us of sufficient water, they tell us, they will light ... tear up our streets with impunity and ... run their old pipes wherever they please, regardless of laws which we have made. They refuse to listen to our pleading and our demands ... that so ... bring them to time," ... the Mayor.

"The other morning I caught the ... man in the act of running a pipe directly through one of our sewer ... which would have seriously ... and ... destroyed ... usefulness of the tank. I stopped him at once and made him go around it ... down there on Rose avenue where ... street improvement is going on the water company is only laying a two-inch pipe regardless of prospective growth of ... which we ... them to put in a larger pipe which will not necessitate the tearing up of the street within the next ..."

"We might withhold payment on the bills," volunteered Trustee Munson.

"But we cannot pay them anyhow," said McNear, "so that would not be effective."

It was agreed to take the matter up further and see what could be done for the relief of the citizens residing along Rose avenue.

Upon petition it was decided to order ... lamp for Magnolia avenue below El Cerrito, also a water hydrant, it having been declared necessary by the city engineer to which the matter was referred.

WANT FIRE HOUSE

"Now how about the new fire house?" asked the Mayor. "Is there anything new to be considered on that proposition?"

"Only that we are farther away than ever from having one," responded Clerk ... "You know the board cancelled the contract for building the same at the last meeting and it will be necessary to advertise for new bids and it will be ... weeks before the matter ... be taken up."

In anticipation of some day ... the structure which ... weeks has been ... something on the ... the hillside inhabitants ... destined to toll the midnight alarms ... has been removed from the site originally purchased by the trustees for the erection of the firehouse, but which after a warm controversy among citizens was finally changed from Vernal avenue near Oakland avenue to ... Vernal. The bell now lies on the ground at the new site ... of the hills will ... immediately ... without waiting for the completion of the building.

A check for $100 which had been given ... as a guarantee ... was returned ... the ... of the part of the city for cancelling the contract.

RELIEF NEAR AT HAND

With a site selected ... the bell in place, the engines on the way and the firemen waiting to be spent, it will not be long before the clanging gong will be heard in the hilly streets ... speeds from the new firehouse ... the ... winding ways of the aristocratic village, which by that time will probably have settled back to its prosaic ... from the stir of ... attending the extraordinary event of erecting a municipal structure ... time to be devoted to raising revenue for the next carload of oil with which to ... the dust along the exclusive thoroughfares where nought but the ... is heard preceding the ... hour.

When a noise like a smothered auto horn penetrated the walls of the temporary structure in which the board now ... pending the erection of the classic ... house (town hall), it was moved and promptly seconded that the trustees adjourn.

Put the two-inch pipe on Rose avenue ... the mayor as he prepared ... his departure.

Taft Celebrates His 53d Birthday

Many Congratulations Received by Him

BEVERLY, Mass., Sept. 16.—President Taft was 53 years old yesterday and celebrated his birthday quietly. He was fairly deluged with telegrams of congratulation ... message coming from King George ... of England.

The President golfed during the morning with John Hays Hammond and Captain ... but ... last night he ... birthday dinner with his friends ... Mrs. Taft is ... New York.

DR. JACKSON IS REFUTED

John P. Irish Shows Mayoralty Candidate a Few Things.

EDITOR TRIBUNE: Dr. Jackson's angry and neglected letter merely discloses the personal political motive and office seeking ambition which endeavor to obstruct the city government in concluding an issue that has been many times referred to the people and as many times endorsed.

No one finds fault with Dr. Jackson's ambition, but his methods are the legitimate object of examination. The future of Oakland is involved in the final settlement of our water front complications and the immediate procurement of thirty feet of water at low tide ... harbor. Dr. Jackson and his friends should accept the often expressed endorsement by the people of the several franchises necessary to this end. If the issue is never to reach the angle of repose and agitators are to have a constant hearing in an effort to reverse all that has been done, then Oakland may as well fold up her arms to slumber.

By way of impeachment of the franchise to the S. P. railway Dr. Jackson asks what disposition is to be made of the slip used by the S. P. Co. at the foot of Broadway, or the slip used by the S. P. Co. at the foot of Peralta street, or the narrow gauge mole?

First, the S. P. slip near the foot of Broadway is on privately owned property to the low tide line. The S. P. relinquishes all claim to the foot of Broadway extended to deep water.

Second, the slip near the foot of Peralta street is on privately owned property above the low tide line.

Third, the narrow gauge mole is not in Oakland at all. It lies entirely within the territory jurisdiction and control of the city of Alameda, as Dr. Jackson should know if he knows the boundaries of Oakland within which he aspires to the honorable office of Mayor.

This seems to dispose of his objections to the franchise. I pass as unworthy of a public man his statements and insinuations personal to me. Oakland is not to pass on to her high destiny impelled by personal abuse and detraction used in the interest of office seekers. But she is to go forward by the impulse of our intelligent and unselfish city government and a strong pull together spirit amongst her people.

Very truly,

JNO. P. IRISH.

WARSHIPS FAIL BECAUSE OF WEATHER

Annual Fall Battle in Practice Delayed by Rough Water.

Only Five of Fifteen Battleships Have Completed Their Target Practice.

U. S. S. KANSAS, at sea on Southern Drill Grounds (by wireless via Portsmouth, Va.), Sept. 16.—Father Neptune and the weather have been playing their parts in the annual fall battle practice of the Atlantic fleet with too much vim and ... consequence have somewhat disrupted the plans of Rear Admiral Seaton Schroeder, commander in chief of the fleet.

The greatest difficulty being experienced by the fifteen battleships in getting satisfactory weather for their allotted time at night target practice. Only five of the battleships have completed their work in that direction since they arrived on the southern drill grounds, thirty miles south of the Virginia Capes on Tuesday.

Battle practice which had been planned for last night was again prevented as on Wednesday evening by the heavy weather. An attempt was made at towing the targets ... in order that the big guns of the battleships might shoot at the moving objects, but it was abandoned owing to the rafts breaking adrift. The ... drifting floats ... were ... overhauled and ... after great difficulty that they were rescued.

Admiral Schroeder's plans call for at least four more days of practice and this can be had ... the weather moderates. No ... has yet been held ... heavy weather ... by the fleets ... to New York where the men and officers anxiously are looking forward to ... which they have well earned.

COMMANDED BY SCHROEDER

The fleet is under Rear Admiral Seaton Schroeder, the commander in chief, whose flag flies from the Connecticut, the leader of the first division. Each division is commanded by a rear admiral. Captain William R. Rush commands the Connecticut and her sister ships of the first division are the Delaware, Captain Charles A. Gove commanding, the Michigan, Captain Nathaniel R. Usher, the North Dakota, Captain Albert Gleaves.

Rear Admiral Charles ... is in command of the second division around the Louisiana, Captain Albert ... Winterhalter commanding, the Kansas, Captain Charles J. Badger, the New Hampshire, Captain ... and the South Carolina, Captain F. Fechteler.

Rear Admiral Samuel P. Comly flies his flag as commanding officer of the third division from the Georgia with Captain William L. Rodgers in command of the ship. His mates are the Nebraska, Captain John L. Newton, the Rhode Island, Captain ... and the Virginia, Captain James H. Glennon.

FOURTH DIVISION

At the head of the fourth division Rear Admiral Joseph B. Murdock flies his pennant from the Minnesota, which is commanded by Commander William S. Sims, who will soon take ... captain's step. The other ships in this division are the Idaho, Captain Herbert O. Dunn, the Mississippi, Captain William F. Fullam, and the Vermont, Captain Walter McLean.

The fifth is the cruiser division. It is under the command of Rear Admiral Sidney A. Staunton and includes the Tennessee, commanded by Captain Harry S. Knapp, the Montana, Captain John G. Quinby, the North Carolina, Captain Clifford J. Boush, and the scout cruiser Chester, Commander Benton C. Decker.

The first auxiliaries include the Culgoa, supply ship, Lieutenant Commander Arthur B. Hoff, the Celtic, supply ship, Commander Harry Phelps, the Lebanon, ... ship, Chief Boatswain Edward J. Norcott commanding, the Panther, ... ship, Commander Josiah S. McKean, the Patapsco, ... Chief Boatswain ... Rundquist, the Patuxent, Chief Boatswain ..., the Solace, hospital ship, Surgeon George Pickrell commanding, and ... the Yankton, Lieutenant Orie W. Fuller in command.

MOST SUPERIOR FLEET

The Atlantic fleet is ... the superior of America's ... the Pacific ... Asiatic fleet. In fact, with the exception of the English ... it is the most powerful ... fighting ... under a single ... in the world.

Of the ships in the ... the Delaware and the North Dakota ... of the Dreadnought type ... newer Dreadnoughts ... Florida and the Utah ... even ... giants ... mount twenty guns ... 20,000 tons and 2,000 horse power ... horsepower and size ... in number these ... outstrip their ... the ships ... 18,000 ... tons ... 1,000 ... explored ...

MASKED BANDITS HOLD UP AUTOMOBILISTS PARTIES

PORTLAND, Ore., Sept. 16.—Masked robbers held up two automobile parties about a mile north of Oregon City to-night and at the point of revolvers the victims were relieved of several hundred dollars in money and jewelry.

The first car stopped was that of A. W. Cheney, a Portland ... who with his wife and family was returning from the State Fair at Salem.

Within a few minutes after the Cheney robbery and at practically the same spot the robbers in like manner held up the automobile of John H. Gibson of Milwaukee, Ore., who with his wife was returning from the Salem fair. From Mrs. Gibson the robbers secured diamond rings and ear rings valued at $150. Gibson lost a watch and $150 in gold.

ST. ANTHONY'S PARISH PLANS BIG FETE AT EMERYVILLE

Two of the women who will take part in St. Anthony's Parish festival

Details for the annual outing and picnic to be given by the parishioners of St. Anthony's church ... when the Emeryville ... track have been perfected.

During the day there will be races, games and numerous diversions for the entertainment of ... men and children ... All the ... will be ... to the grounds where booths will be erected and ... tickets will be sold by the women of the church. For many months they have been collecting material for the different concessions which will be ... and presided over by pretty young women who will assist their elders in distributing the goods for the benefit of the church.

The committees in charge of the function are as follows:

General Committee—Committee Hugh Hogan, chairman; M. ... Kelo..., vice chairman; ... treasurer; M. A. ... secretary; ... Frank H. ... Harrington, Patrick Maloney, ... and ... J. H. Millett and Bernard Lamb.

BERKELEY — FRUITVALE MELROSE — NEWS OF — SAN LEANDRO ELMHURST HAYWARD — ALAMEDA

CHARRED WOOD CAUSES MYSTERY

Burnt Timber Found at Great Depth Puzzles Well Diggers.

HAYWARD, Sept. 15.—While digging a well on the property occupied by Justice of the Peace Charles Prowse, Harry Gordon, a well digger, found several good sized pieces of wood which bore every evidence of having been in a fire, when he had reached the depth of twenty-six feet. The pieces, which Mr. Prowse has on exhibition, are about two feet long and about two inches wide.

It does not seem possible that this wood could have been buried at such a great depth, and Prowse believes that they are the roots of trees that have been scorched by some subterranean fire which might have burned under the ground before the white man came, or that this was the level of the earth at one time and some mighty earthquake might have leveled out the mountains nearby, covering up the spot.

PIANO CLUB HOLDS FIRST SEASON MEETING

BERKELEY, Sept. 16.—The Piano Club held its first meeting of the season Wednesday in the studio in Bancroft way, a large number of members being present to enjoy the excellent program presented. This organization stands for the best in music and was largely instrumental in agitating the formation of the Berkeley musical association, the object of which is to provide high-class programs at a minimum cost.

Several public concerts planned on this basis were given by the Piano Club last season, but it was seen that the cooperation of a greater number of persons than that embraced in the membership of the club would be necessary to finance the project, and accordingly steps were taken which led to the instituting of the larger association.

WILL ADDRESS CLUB ON CITY CHARTER

ALAMEDA, Sept. 16.—Former Mayor E. K. Taylor and Brainard C. Brown, members of the board of freeholders who framed the present city charter, are to address the North Side Improvement Club at the club's next open meeting, a week from tonight, their subject being the present charter.

The clubs have broached the subject of amending the charter and the addresses have been asked for to enlighten the club members as to obscure, complex and unsatisfactory charter provisions. The cost of government, through the increasing of boards and commissions, is one of the common objections to the new governing instrument. The club is also to take up in the near future a discussion of the Panama exposition bonds, the state harbor bonds and the Islais creek bonds

FACULTY TO ELECT.

BERKELEY, Sept. 16.—The annual meeting of the Faculty Club will be held tomorrow evening at the university, when officers will be elected for the term. A smoker will be held afterward.

CARE TAKEN IN STAGE EFFECTS

Setting and Costumes of Coming Play to Be Historically Correct.

BERKELEY, Sept. 16.—That the production of Bernard Shaw's comedy, "Caesar and Cleopatra," which will be given by the students of the University of California in the Greek theater the night of October 8, will be technically correct in the way of costuming and stage effects has been assured, when it was learned yesterday that Prof. Max Popper, head of the department of semitic languages at the university, had volunteered his services in the production of the comedy.

Professor Popper, who lately returned from Europe, has spent many years studying the customs and life of the ancient Egyptians while in Egypt, is considered an authority on such matters and, with the proffer of his services, the management of the play expects to make the Shaw comedy a spectacle for the eye as well as the ear by the use of elaborate costumes and stage effects. The result of Professor Popper's suggestions and advice in the production of "The House of Rimmon" last fall attracted the notice of many critics, and consequently the effect of his work on the play this year is expected by many to raise the high standard of productions which have gone before.

Miss Gladys Baker, a junior student, will play the role of "Charmian" in the production.

BANKERS' ASSOCIATION OFFICIALS COMING HERE

On their way to attend the American Bankers' Association convention at Los Angeles, Ralph H. McMichael of Pittsburg president of the association, and George E. Allen of New York, the association's educational director, will be banqueted by Oakland Chapter of the American Institute of Banking, which constitutes a section of the American Bankers' Association. McMichaels and Allen will arrive in Oakland September 29, and the officers and members of Oakland Chapter, A. I. B., are making great preparations to extend to them a hearty welcome and entertain them during their visit here.

The convention of the American Bankers' Association opens at Los Angeles October 3 and will adjourn October 7. In all probability many of the delegates will visit Oakland on their way to their eastern homes after the adjournment of the convention.

PASTOR WILL TELL OF PALESTINE'S GLORY

Rev. F. L. Goodspeed, D. D., pastor of the First Presbyterian church, will give an illustrated lecture on "Palestine—the Glory of all Lands," tonight in the chapel of his church for the scholars, their parent, and friends of the Bible school. Dr. Goodspeed is an authority on this subject having traveled extensively through those lands.

College Town Goes 3 to 1 Against Plan for Consolidation With the City of Oakland

While Oakland was practically unanimously willing to admit Berkeley into full municipal fellowship, the college town rejected the proposition by a vote of 3 to 1 in a total vote of 5411. The final count of the annexation election in the two cities made the following showing:

	For.	Against.
Berkeley	1401	4010
Oakland	2914	333

LITTLE INTEREST SHOWN.

But little interest was taken in the election in Oakland, as is shown by the small number of votes cast. It is several decades since an election of any kind was held here where the vote was so small. The apparent indifference in this city was due to the fact that public sentiment was wholly one-sided, virtually every citizen favoring the union of the two cities, as an essential step forward for the ultimate creation of a city and county government embracing all the communities on the east bay shore from Stanley road to the Contra Costa county line. Therefore the great majority of Oakland voters considered it unnecessary to visit the polls, knowing full well that however light the vote cast would be, it would fairly reflect public sentiment here.

BERKELEY BATTLE GROUND.

Berkeley was the real battle ground, as it had been throughout the scene of activity during the pre-election campaign. The annexation proposition had emanated from that city, in which Oakland had taken no part. Sectional differences existed among Berkeley's citizenship, and, in a measure, the election was a test of sectional strength and a conflict between sentimental and utilitarian views—between retaining a municipal autonomy and a name, and the proposition of becoming part of a great and growing and prosperous municipality, for mutual benefit and advancement and economy in the cost of government. The thickly populated territory adjacent to the State University was the strong hold of the sentimental idea. West Berkeley, which is a theater of industry, was, on the other hand, the section where the consolidation idea, as a measure of governmental economy and municipal progress, was most firmly established.

SOUTH BERKELEY FAVORABLE.

In South Berkeley the vote for annexation was larger than was anticipated by the anti-annexationists, and the result was in the nature of a surprise to the latter, although they won out on the final count.

A large factor in the general determination of the election was a fear that the Berkeley policy toward the liquor traffic would be disturbed in the event annexation prevailed.

As a result of the strenuous exertions of both sides during the day, the voting was exceptionally heavy, a total of 5311 ballots being cast. Of this number 1009 were against consolidation with Oakland while 1402 were in favor of the plan.

The result was not a surprise in any sense of the word. It was generally believed throughout the day that the issue was lost and in many cases arguments were made that the result would show a percentage as high as six to one.

INTEREST IN BERKELEY.

Probably no election ever held in Berkeley has created as great interest as this one. This was shown by the number of votes cast and also by the fact that the early vote was exceptionally heavy. In East Berkeley as well as in the central part of the city, the residents were so strongly against annexation that in several precincts the average showed a percentage of twenty-five to one against the project.

The probable cause for the loss of the issue is that many residents of Berkeley who are willing to join with Oakland in a consolidated city and county government did not believe that the annexation proposed would be a step in that direction, but rather would prevent the cities on this side of the bay joining together in order to bring that form of government about.

HODGHEAD'S STATEMENT.

After the result was finally known, Mayor Hodghead made the following comment:

The result of the election is emphatic enough to have a meaning. It was not an expression of the people on the subject of a possible city and county government about the bay at some future time. That issue was not involved. But it was notice to all concerned that Berkeley will never submit to palm annexation to Oakland and the surrender of its name and all local autonomy.

The methods adopted to bring about the annexation did not inspire the confidence of the people.

The number of votes in favor of annexation was less than the number who signed the petition for an election, showing that many signed under a misrepresentation as to the character of the consolidation proposed and also showing that further safeguards and restrictions should be placed upon the thoughtless practice and accommodating habit of signing petitions.

An analysis of the vote will show that if you eliminate those who voted for liquor rather than for consolidation the result was nearly 5 to 1 against the proposed annexation.

BERKELEY EXPRESSES WILL.

A Jonas, chairman of the joint consolidated city and county government committee of the Oakland Merchants Exchange and the Chamber of Commerce, stated when the returns of the election showed that the annexation proposition had been beaten that he would be willing to abide by the future action of the citizens of Berkeley in the movement toward a city and county government.

"In this, the second election held on the question of annexation," he said, "we waited until Berkeley came to us with a petition containing the proper number of names. We did not touch the proposition until we were assured that a considerable number of Berkeleyans wanted annexation.

"The president of the University of California took a very decided position against annexation, and the president is entitled to his opinion. He did not care to take our view on the best manner of consummating a city and county government."

HAVE SOWN SEEDS OF CONSOLIDATION

Workers in Movement Give Reasons for Defeat at Yesterday's Election.

EDITOR TRIBUNE: We are now more than satisfied with the result of the Berkeley-Oakland consolidation election. Considering what we were up against we think we made a very good showing, and are perfectly satisfied with the result.

In the first place, we did not start our campaign until after the opposition had thoroughly organized and had held a big protest meeting, which was followed by others, where strong resolutions against consolidation were adopted.

The effect of the publication of the anti-resolutions was that the merchants, business and commercial organizations, and also our newspapers, from which we expected enthusiastic support, got cold feet and we had to make the fight with practically no Oakland support, and even our own committee tried to hold us in check.

DIDN'T REACH PEOPLE.

We were able to get in touch with only a small portion of the people of Berkeley in the short campaign which our committee permitted us to make—less than four weeks. However, during that time we created a great interest in the subject of consolidation as a necessary step to city and county consolidation, and a great many Berkeley people now know a great deal more about the subject than they ever did before. We have a very creditable minority who thoroughly understand the subject now and are able to give the opposition all they want in an argument and this minority will keep up interest in the subject, and are well enough posted to make converts of their neighbors. So if we accomplish nothing else we have sown some consolidation seed on mighty fertile soil. We are not quitters and expect to keep right on with a campaign of education, and we would like to be invited to discuss this question before every club or organization in Berkeley during the next year.

SPEAKERS THANKED.

We wish to thank Mayor Hodgkiss, City Attorney Stetson, Col. John P. Irish, Councilman Albert H. Elliot, Jr. Gibson and all the others that spoke in the meetings, for it was not the most pleasant pastime they could engage in to address the opposition.

Another thing that is very gratifying to us, was the change in the attitude of our opponents toward us. At first we could not get within gunshot of them, but the last week of the campaign they came to us, and we had many friendly conferences with them.

We trust and hope that our opponents will at least be reasonable enough to make known what they desire in this matter and we are sure if they would have made their wishes known to the commercial bodies of Oakland and its administration, an agreement could have been arranged, but the opposition was unreasonable, and all they thought of was fight.

LACKED FUNDS.

We would have made a much better showing yesterday if we could have had automobiles and workers at the precincts, but for lack of funds we had to let most of them take care of themselves.

The total cost of the campaign was $2381 70, of which Berkeley contributed $188 50, and Oakland contributed, or will have to contribute, $1994 50.

The only regret we have is that it has postponed city and county consolidation for at least two years, necessitating carrying the expensive county government on our backs for two years more.

GELDER & MILES.

Berkeley, September 16.

ALAMEDA SOCIETY

ALAMEDA, Sept. 16.—Miss Ruby Wilson, daughter of Mrs. Hester Wilson of 1521 Benton street, became the bride of Ancil Leroy King at a pretty wedding at the Methodist Church yesterday morning. The marriage ceremony was performed by the Rev. Richard Duke of Canada, an uncle of the bride. A wedding breakfast followed the ceremony at the home of the bride's mother, where palms, ferns and potted plants, with white asters and carnations, formed an attractive background for the bridal party. Miss Mabel Wilson, a sister of the bride, attended as maid of honor, while Rowland Duke acted as best man.

The newly-married people left yesterday afternoon for an auto tour to Del Monte. On their return they will live in this city.

Miss Hilda Van Sicklen has sent out cards for a tea to be given Wednesday, September 28, at her home in Central avenue. One hundred and fifty of the smart set about the bay have been included in the guest list.

Mr. and Mrs. G. S. McKenzie Jr. and their small daughter, Miss Gayille, are the house guests of Mr McKenzie's parents at the family home in Pearl street. The visitors are from El Dorado county and will be here for several weeks.

PEACE CENTENARY CELEBRATED

ST PETERSBURG, Sept. 16.—The Mexican legation gave a reception today in celebration of the centenary of the independence of Mexico.

STRATTON DENIES ALL CHARGES OF MORTON

SAN FRANCISCO, Sept. 16.—H. C. Stratton, secretary of the Palmer Oil Company, for whose arrest District Attorney Fickert refused to issue a warrant several days ago, filed an answer this morning to the allegation made by Wells Morton, a stockholder in the concern.

The document is a complete denial of all the charges made by Morton. Stratton says he never refused to permit an inspection of the books whenever a request was made by a stockholder, but that when Morton wanted to see the stock certificates and stubs which were not in his possession, of course he was unable to produce them. He also denies that moneys were extracted from the treasury as had been alleged to finance the affairs of the Palmer Oil Company, Junior.

MUNICIPAL HORSE DIES SUDDENLY

Animal Which Recently Cost Berkeley $421 Had Incurable Disease.

BERKELEY, Sept. 16.—At the meeting of the city council held this morning a report was received that the gray horse purchased three weeks ago and brought to this city from a ranch north of here had to be killed yesterday, as it was suffering with an incurable disease. The city had paid $421 for the animal. When purchased it was examined and pronounced to be in good condition. The disease appeared two weeks ago.

Maxwell-Hagens Company was granted permission to pave Allston way from Spaulding to Sacramento streets.

Charles W Ure asked permission to build a 700-gallon water tank at Le Conte and Euclid avenues. The matter will be taken up at the next meeting.

LUMBERMAN'S SON IN CLUTCHES OF LAW AGAIN

SAN FRANCISCO, Sept. 16.—Detective Sergeant Dave Sullivan arrived here this morning from Chicago, having in custody D. H. Bibb Jr., the son of the wealthy lumber dealer, wanted for passing fictitious checks. Young Bibb has been in several escapades before, but his father has usually come to his rescue and done his best to save him from the consequences. This time however, it is reported that the lumber man has declined to interfere and has said that the

RUMORED THAT NEW YORK POLICE PROTECT GAMBLING

NEW YORK, Sept. 16.—That gambling is being run wide open throughout the city and under the "protection" of the police, is the information which Acting Mayor Mitchell is said to have obtained.

The raid last night on a gambling house on West Forty-fifth street is said to have been made under direct instructions of Mr. Mitchell over the heads of certain police officials.

PIONEER MERCHANT OF MISSOURI DIES AT 80

ST JOSEPH, Mo., Sept. 16. — Richard Turner, a pioneer jobbing merchant of St. Joseph, noted for his philanthropy, died at his home here today, aged 80 years. He made a fortune in the early days freighting from the Missouri river to California

FAIL TO LOCATE WIFE OF SUICIDE

Woman Blamed by Young Man for His Troubles Last Heard of in San Jose.

BERKELEY, Sept. 16.—Despite all the efforts that have been made by the coroner and his deputies, no trace has been found of Belle Hamilton, wife of Jason Nash, who committed suicide September 9 by climbing a telegraph pole in Grinda park and grasping a live feed wire.

In a note which Nash left, and which was found yesterday, Nash blamed the woman for his troubles. He had formerly been married to her, but they had separated about eight years ago. She last heard of the woman she was living in San Jose, but she is said to have left there several months ago. No trace of Nash's relatives have been found.

ROBINSON OPPOSES LOW PERCENTAGE FOR RECALL

EDITOR TRIBUNE: In THE TRIBUNE'S account of Wednesday's meeting of the board of freeholders it is stated that I declared myself as "totally opposed to the recall," and that I regarded it "as vicious." As the matter of recall is a vital part of the charter and as the statement quoted is erroneous, I ask its correction.

As stated by me at the meeting, I am opposed to a low percentage recall and regard that as a vicious thing. Every one agrees that a fair percentage recall is an essential part of the commission for most government.

I also call attention to the fact that the recall percentage has not been finally determined by the board of freeholders, and venture the prediction that the board will finally adopt a fair minimum that will prevent the abuse of the recall provisions of the charter.

HARRISON S. ROBINSON.
September 16, 1910.

CHARITIES WILL HOLD ANNUAL MEETING MONDAY

The annual meeting of the Associated Charities will be held in the children's room of the Oakland Library, Fourteenth and Grove streets, Monday next at 8 p. m. Besides the annual reports of the association, Judge W. S. Wells of the Juvenile Court will speak on the "Relation of the Associated Charities and the Juvenile Court." The public is invited.

Frances Starr Rises Above Play That Bears Touch of a Master Playwrigh

ACTRESS RETURNS WITH PROOF OF GREATNESS

"The Easiest Way" Affords Star With Means to Test Her Ability.

COMPANY GIVES HER EXCELLENT SUPPORT

Production Is Not Food for Babes; Real Life Depicted at Macdonough.

By Leo Levy.

Miss Frances Starr acts without working, despite, and paradoxically, that she labors with a speaking voice lacking in vibration and dimmed by a huskiness, and that she struggles with a wonderful facial expression that fights for existence where it should be dead.

The actress who jumped from stock in the West to a star near the first magnitude was greeted at the Macdonough theater last night by a crowd of persons who knew her in the old days. They went there to see if the latent talent they discovered in her in San Francisco had really been fanned into existence by experience and David Belasco, or, if New York had merely set up another stage idol. They came away satisfied, which is a great deal for an Oakland audience.

RISES ABOVE PLAY.

Frances Starr and "The Easiest Way" are almost all that could be wished for. The actress rises above her play but she has to soar high. Miss Starr is gifted with a heart that is in her work, with a personality that is a magnet, with an insight into character and the people she portrays, with facial expression that bespeak emotions as you find them in life, with perfect poise. And to cap this she is supported in "The Easiest Way" by a company of five who lack little.

The audience was quiet during the first act at the Macdonough last night. It wasn't quite sure that it was going to like Miss Starr. Or was it that the actress wasn't recognized by those who expect the entrance of the "leading lady" to be preceded by a burst of music, for Eugene Walter violated the conventional by planting his heroine on the stage when he called for curtain.

But that same audience had decided at the end of the act and many curtain calls bespoke its appreciation.

FRANCES STARR, who made a hit with an Oakland audience in "The Easiest Way" at the Macdonough Theater.

CARRIES HEARERS ALONG.

As easily as Miss Starr acts, she wins her way by sheer force. Her hearers are carried along with her, dragged through her joys and sorrows, but dragged willingly. Laura Murdock's joys and sorrows, as Miss Starr shows them, are real. Never once does she sound a false note.

Miss Starr rises to greatness in her last act. One can easily conceive of a lesser actress loosening a flood gate of tears here, drowning herself, the play and the audience. But not so Miss Starr. Tears are there, tears that course down her cheeks, but the grief spring of Laura Murdock has been dammed by suffering, and Miss Starr knows all that when she essays the part.

FAULTLESS SUPPORT.

Edward H. Robins is John Madison and gives Miss Starr support that is faultless. Joseph Kilgour as Willard Brockton plays the broker with his own peculiar sense of honor and leaves little to be desired. Louis Randolph gives to Elfie St. Clair, former chorus girl, the touch of realism that is found in her team mates, and fits her part as she does her gowns. As Jim Weston, the broken advance agent, John P. Brawn is just as good as he ought to be; and as Annie, the colored maid, Violet Rand doesn't overdo. It is a well balanced company that the star has behind her.

ACCOUNTING FOR IT.

"The Easiest Way" was written by a good newspaperman, which will account for a great many things. It is the reason, for example, why there are only six puppets in a big play, why the heroine and the hero stay within bounds of realism, why the two of them don't get married and live happily ever afterward.

"The Easiest Way" plays tonight, tomorrow afternoon and tomorrow night at the Macdonough. It is worth seeing. The matinee girl won't like it when it's over; it isn't food for babes; the pastor will criticise and declare there was another way than the easiest. Which, taken together with Frances Starr's greatness, is why you ought to see it.

It's Astonishing

How much value we crowd into our $18.50 MADE-TO-ORDER SUITS FOR MEN. It really doesn't seem possible that they could be so tremendously good---until you get into one. Then the whole thing is clear to you.

THERE'S SOMETHING about these $18.50 suits that makes you feel COMFORTABLE --- you probably don't know why you feel that way, SO WE'LL TELL YOU.

The INSIDE CONSTRUCTION of the suit, the parts which you can't see, are made with THORO HONESTY, and the canvas, the paddings, and all the accessories that go into a suit to give it shape are so arranged that the suit is bound to HANG right and FIT right.

CLOTHES AFTER ALL ARE A GOOD DEAL LIKE PEOPLE. "IT'S NOT SO MUCH WHAT'S ON THE OUTSIDE, BUT 'WHAT'S IN 'EM." Any tailor that's got money enough can buy a good piece of cloth, but any tailor can't MAKE A SUIT THAT WILL MAKE YOU FEEL COMFORTABLE AND HELP YOU TO FEEL CONFIDENT THAT YOU LOOK RIGHT to your friends and business associates.

CALIFORNIA IS GOOD COTTON-GROWING STATE

PORTSMOUTH, N. H., Sept. 16.—A number of technical questions relating to the textile industry were read at the forenoon session of the semi-annual convention of the National Association of Cotton Manufacturers here.

The merit of California as a cotton growing State was set forth by Joseph R. Loftus of Imperial Valley, California, who quoted figures to show that in California cotton could be raised as cheaply as in the South, with the exception of an increase in the cost of picking.

STATE BRIEFS

PETALUMA—The opening of the Petaluma Woman's Club will be held Tuesday evening, September 20, at the home of Miss Nellie Denman. This will be the first meeting of the club this season.

STOCKTON—Charles Mace, an automobile machinist, narrowly escaped death beneath an automobile in Stockton channel yesterday evening. He has overhauled a Pope machine and was trying it out on Channel street, close to the channel, when he lost control of the steering apparatus, owing to the slippery condition of the pavement.

SAN MATEO—The remains of David F. Walker, financier and clubman, who passed away last Sunday at his home in Salt Lake City, were laid at rest yesterday at Cypress Lawn cemetery, San Mateo county.

FRESNO—Because of the discovery that William H. Baker Jr., accused of forgery, is a former University of Wisconsin student and a son of the cashier of the First National Bank of Soxboro, Mass., the defendant was paroled yesterday by Superior Judge Church after he had entered a plea of guilty.

MARTINEZ—The case of Mrs. Louisa M. Morgan vs. M. E. Lyon, cashier of the Bank of Concord, which has been on trial in the Superior Court here for several days, was dismissed Wednesday on the motion of Attorney M. B. Jones for the defendant on the grounds of non-suit.

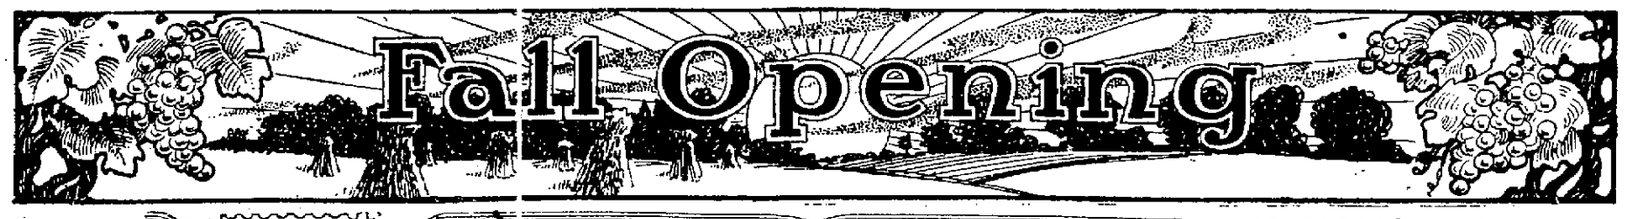

SANTA CRUZ—This city is incensed at the report of Dr. Aiken, health officer of Fresno, that typhoid fever there is due to lax sanitation here. The health board and the Chamber of Commerce, in a heated reply, state that there has been no case of the disease here all this summer.

NAPA—Announcement was made here yesterday afternoon by the Migliavacci Wine Company of this city that $12 per ton would be paid for wine grapes this season. The company says that grapes must have at least 22 per cent of saccharine.

PACIFIC GROVE—With members present from all sections of Northern and Central California, the Itinerant Club auxiliary of the California Methodist conference opened its annual session here yesterday. The convention will last until next Tuesday.

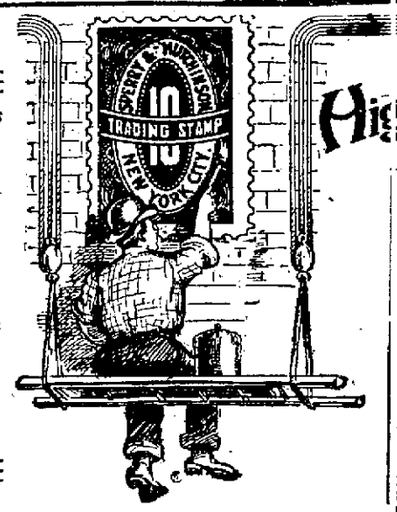

FRESNO—J. H. Pierce, an oil driller, born in Pittsburg, New York, has applied at the county clerk's office for naturalization papers. In order to take up land in Canada three years ago Pierce foreswore allegiance to the United States and became a British subject.

SANTA ROSA—Judge Denny, in the Superior Court yesterday overruled the demurrer made to the complaint in the will contest brought by Mrs. Margaret Clough against her sisters, Mrs. Kate Carriger and the Misses O'Brien, daughters of the late John O'Brier, a wealthy pioneer of the Sonoma valley.

YACHT WANDERER ARRIVES IN PORT

Will Sail South Under Command of Commodore Ward of Aeolian Club.

ALAMEDA, Sept. 16.—The steam yacht Wanderer, owned by E. A. Salisbury of Los Angeles, which anchored in the bay last week for an extensive cruise, is to sail south next Thursday, under command of Captain L. T. Ward, commodore of the Aeolian Yacht Club of this city.

The Wanderer was built in the Great Lakes, cruised down the St. Lawrence river and around the Atlantic coast to the Gulf of Mexico, where the owner left to cross to the Pacific by rail and again joined the yacht at Seattle.

After the Aeolian Yacht Club race Saturday the fleet scattered on cruises to various parts of the bay over Sunday. The Jola started for Point Reyes and later cruised to Redwood City. Next Saturday and Sunday will be open dates for the yachtsmen, and on the following Sunday the annual class flag regatta will be sailed.

GERMAN EMPEROR TO VISIT RUSSIA

ST. PETERSBURG, Sept. 16.—The Bourse Gazette announces today that Emperor William of Germany will visit St. Petersburg in November.

Makes Plea for Increase In Fund for Playground

"Our parks are of little value and might almost be said to be a detriment if they are not kept up," declared Miss Ethel Moore, a member of the Playground Commission, in laying a request for an increase in the annual appropriation before the auditing and finance committee, last night. She made an earnest plea for the playgrounds and finally won from the committeemen the promise that the playground appropriation would be increased if such action was possible.

The Playground Commission asked for $40,000 for maintenance and betterments, but this was cut by City Auditor Gross in making out the budget estimates to $17,500. Miss Moore complained that this amount would be inadequate to the work necessary to keep up the playgrounds.

"Our playgrounds are one of our greatest assets," she said. "People come from far to see the playgrounds in operation, and visitors are drawn to make their homes in Oakland because of the splendid educational facilities and the normal life afforded the children here. The amount you have allowed is barely sufficient for the work planned for Bushrod and De Fremery park playgrounds, and leaves almost nothing for Independence Square (San Antonio park) and the school playgrounds. We have already planned and arranged for the expenditure of $12,000 of the amount set aside for us, and this leaves only $5500 to meet the needs which we have not already planned for. I can assure you, Councilman Ellsworth, that even if it is necessary to raise the tax rate, this appropriation should be increased. For the benefit of the children the people would be glad to stand for an increase in the rate."

PLANS RECEIVED FOR NEW FRATERNAL HALL

ELMHURST, Sept. 16.—Plans for the new fraternal hall to be erected at the corner of Kinsel avenue and the San Leandro road No. 3, at a cost of $5500, have already been received by B. Magnessum, prominent real estate man of Elmhurst.

Magnessum is the organizer of a stock company which is to incorporate soon for $50,000. A portion of the stock amounting to $35,000 will be sold and it is part of this money which is to be used for paying for the site and the new building.

The hall, which will be three stories high, built of brick and steel, will have on the bottom floor space enough for three large stores, while the other stories will be given over entirely to lodge rooms, an assembly hall and a banquet room.

$200,000 LOSS FROM MONTANA FOREST FIRES

BOZEMAN, Mont., Sept. 16.—Supervisor D. T. Conkling of the Gallatin forest reserve, after a preliminary survey of the burned area in his district, reports that the fires swept over about 7000 acres of government timber, destroying, it is estimated, 48,000,000 feet of timber.

At the average price realized for standing timber this would have been worth $95,000. In addition to the government land which suffered there is a greater amount of State, private and railroad property. It is thought this will amount to 8000 additional acres, bringing the total loss to more than $200,000.

WOMEN TO ATTEND JINKS TONIGHT

Three Plays to Be Given at Hearst Hall by Students of University.

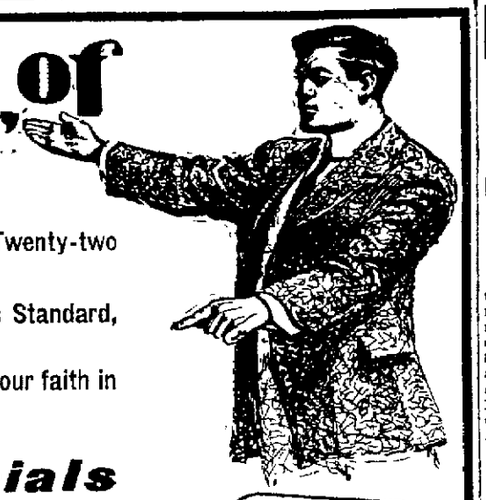

BERKELEY, Sept. 16.—The first jinks of the year will be held by the women of the university at Hearst hall at 8:30 this evening.

Extensive preparations have been made for the affair and a program of merit will be given. This will be followed by a dance. Three short plays will be given. They will be "Caesar and Cleopatra," a burlesque on the English Club's play; "A Shakespearean Tragedy" and "Lord Ullen's Daughter." All the senior women will attend in cap and gown.

SHIP'S OFFICER SWEPT OVERBOARD IN GALE

ALGIERS, Sept. 16.—Second Officer Funnell of the steamer Swazi, was swept overboard and lost during a fierce gale on September 4. The Swazi, in command of Captain Abey, sailed from New York on August 21 for Marseilles and other ports.

"PAY AS YOU DESIRE"

NEW S. P. TICKET OFFICE A MODEL

Railroad Quarters in Palace Hotel to Be Opened Next Tuesday.

SAN FRANCISCO, Sept. 16.—The new ticket office of the Southern Pacific Railroad in the Palace Hotel, one of the most magnificent in the West will be opened for business next Tuesday. Fred S Shoup, former traveling passenger agent, will be in charge, and he will be assisted by Robert L. Shepherd, John Mitchell, William Hasshagen Charles Olds and William Schmidt. John T. Smith Jr. will be the cashier.

The new office is a model of its kind. Instead of the usual wall of counters, an immense circular counter occupies the center of the room, which is well lighted, both on the Market and the New Montgomery street sides.

Upon the western wall of the office an immense map of the country is painted in colors. The work on the map alone cost over $4000. It is on a large scale, measuring six and a half miles to the inch.

A pneumatic tube system leading to the basement where the ticket stock is kept allows the ticket agents to devote their attention to the public without having to trouble with the old-fashioned ticket racks and punches.

A memorandum of the passenger's requirements is sent to the basement via the tube, and the ticket, properly made out, comes back the same way.

Immense photographs of California scenery decorate the walls of the room. The entire office is furnished and decorated on a lavish scale, the company having spared no expense in its effort to make the office the finest on the coast.

LICENSED JAGS ARE THE LATEST GLOOM KILLERS

ST. LOUIS, Mo., Sept. 16.—Over-indulgence in "red licker" and other gloom dispellers will become safe and sane if the "licensed jag" plan suggested at the final session of the Tri-State Medical Society's convention yesterday as a solution for the "drinking evil" should be adopted by the municipal assembly in the form of an ordinance.

The plan of the doctors and surgeons, or at least a large portion of those present at the final session, is to require every drinking citizen to take out a license, and if he should offend against any of the other ordinances while toting around an "unauthorized bun" he shall be fined. The fine, instead of being paid by the "jag" or members of his family, is to be paid by the city or the State, and the beneficiaries are to be the relatives.

Excursion Tickets to Eastern Points.

On October 7th and 8th low round trip tickets will be sold to Omaha and Topeka, final return limit October 31st. For further information see Southern Pacific agents.

WANT FRANCHISE FOR QUARRY ROAD

Council Railroad Committee Recommends Application; Petition for Flagman.

Application was filed with the railroad committee of the city council last night by the Blake & Bilger company for a franchise for a short quarry railroad on Whitmore street for 30 years.

With the approval of certain provisions, concerning the placing of street lights at crossings and the right of the firemen and police to ride on the cars, the franchise was recommended.

COMPLAIN OF CROSSING.

The following petition, signed by 27 voters, received favorable action from the committee, and was recommended to the city council.

"To the Honorable, the City Council of the City of Oakland, Gentlemen:

"We, the undersigned property owners, teamsters and otherwise interested parties in the neighborhood of First and Linden streets, beg to call your attention to the dangerous condition of the Southern Pacific railroad company's crossing at this point. There is a great amount of team traffic over this point and almost continuous passing of trains at high speed, while at the other sides of the street the view of the trains is absolutely obstructed.

"We consider it marvelous that no serious accidents have occurred at this point and to avoid the possibility of such accidents in the future, respectfully petition your body to ask the railroad company to maintain a flagman for this crossing."

CITY WILL RENEW PIEDMONT DEAL

Oakland Will Again Allow Sister Municipality to Use Sewerage Plant.

The contract with the city of Piedmont by which Oakland allows the use of its sewers as an outlet for the smaller city and takes care of Piedmont's garbage problem for the nominal sum of $1000 a year, was recommended renewed by the city council last night.

The contract has been in operation for one year, and as it has worked well, the renewal received the unanimous vote of the committee last night.

Instructions were given City Engineer Turner to prepare a resolution of intention for a storm sewer in Laguna avenue and Wilson avenue.

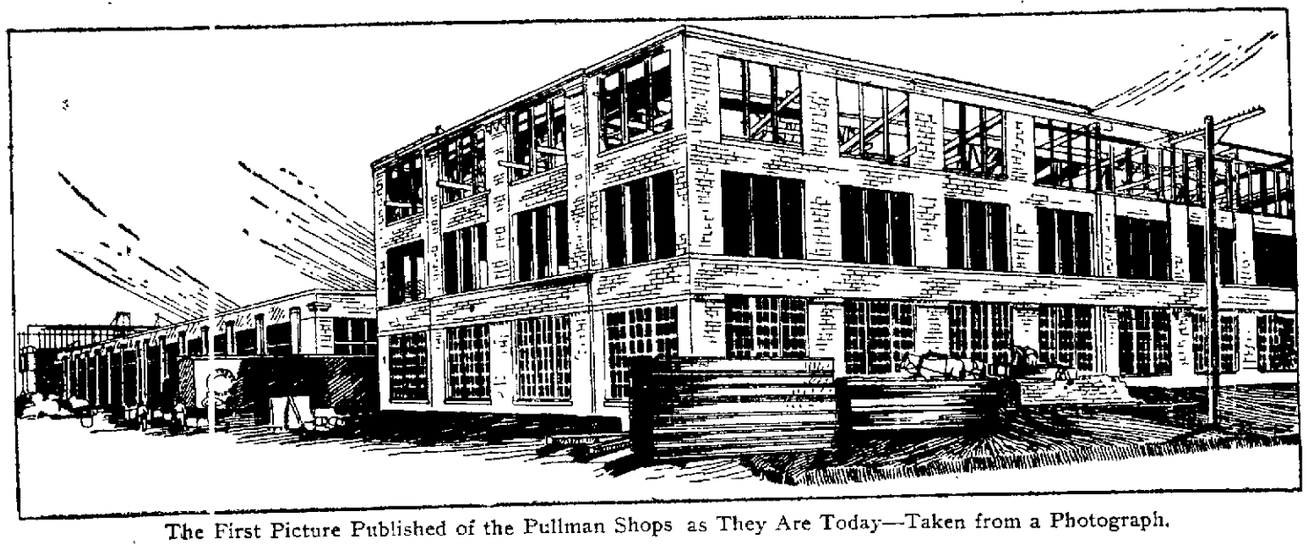

This will be presented at the regular meeting of the council, the auditing and finance committee having last night approved the estimates of cost submitted by the city engineer.

Engineer Turner estimated the cost as follows:

In Laguna avenue, from Madeline street to a point about 200 feet north of Hopkins street, where the creek enters private property, length about 1000 feet, estimated cost $4500.

In Wilson avenue, from Hopkins street to the southern end of Wilson avenue, length about 1050 feet, estimated cost $4500.

Diarrhoea is always more or less prevalent during September. Be Educated for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by all dealers.

The First Picture Published of the Pullman Shops as They Are Today—Taken from a Photograph.

GET YOUR LOT BEFORE THESE SHOPS ARE COMPLETE

THE above pen sketch, drawn from a photo of the Pullman shops taken this week, accurately portrays them as they are today. The completion of the work and the occupancy of the shops by the car builders will mark an epoch in realty values around North Berkeley Terrace.

North Berkeley Terrace is the last of the hillside residential sites between Berkeley and Richmond. It is priced lower now than any residential property on this side of the bay that enjoys such decided advantages. It is going to increase in value—and the increase is going to be rapid.

North Berkeley Terrace

Is on San Pablo Ave. Overlooking the Pullman Shops

Located on the gently rolling land east of San Pablo avenue, and overlooking the bay, Oakland, Berkeley and Richmond, with the Pullman shops in the immediate foreground, North Berkeley Terrace occupies a location for a desirable residential site that leaves nothing to be desired.

As a speculative opportunity every factor that makes for permanent realty valuation protects the purchaser in North Berkeley Terrace. Accessibility, improvements, transportation, demand, value of property surrounding, are a few of the factors that assure the future of this beautiful hillside property.

$5

A Month Pays for a Lot. No Interest—Improvements Free—Graded Streets—Water Mains and Cement Sidewalks—On Car Lines

You can pay five dollars a month on a lot and build as soon as you make your first payment—you never pay any interest at any time—no taxes for two years—the improvements are in—graded streets—water mains and cement sidewalks—it is not pioneering it to build in North Berkeley Terrace—every convenience of a metropolitan community is present—there is absolutely nothing lacking.

On the tract are schools, stores, churches and a post-office; near by is a picnic ground and a park. People whose business is in San Francisco can reach their home in the Tract just as quick as to any other east bay residential point—Oakland-Richmond electric cars pass the tract—the Santa Fe locals run through the center of the property, and the Key Route right of way is on the northern line.

Mail This Coupon Now for Beautiful Illustrated Folder

How to Reach the Tract Take an Oakland-Richmond car and get off at our office, corner of San Pablo and Potrero avenues.

RAID SEATTLE GAMING HOUSE

Sheriff and Posse Get $1000 on One Table, Besides Paraphernalia.

SEATTLE, Sept. 16.—Sheriff Hodge of King county, at the head of the force of seven deputy sheriffs, raided three of the largest gambling houses in Seattle just before midnight last night.

Five axes taken along by the party were used freely in breaking down the doors of the places, and several hundred dollars' worth of furniture and paraphernalia was destroyed.

Seventy-five men found playing in one Chinese and two white joints were thrown into the county jail. In one place $1000 in cash on the tables was confiscated.

The raid was carried out by the sheriff during the absence from the city of the mayor, the chief of police and the prosecuting attorney. The sheriff believes it is the greatest raid ever conducted in Seattle.

ROCKEFELLER GOES TO POCANTIC OHILLS HOME

TARRYTOWN, N. Y., Sept. 16.—John D. Rockefeller is expected here shortly. Twenty-six trunks and several horses and carriages which arrived from Cleveland yesterday will go to his home at Pocantico hills today and be ready on his arrival. Mr. Rockefeller will remain on the estate here until after Christmas.

RAILROAD MEN ASK INCREASE

Request for Higher Wage to Be Considered by Officials and Employes Soon.

The managers of the Southern Pacific lines east and west of El Paso have again been confronted with the demand for increase of wages by its 14,000 engineers, conductors and trainmen.

The Brotherhood of Locomotive Engineers has already formulated its demands, which will be presented before a committee comprised of representatives of the brotherhood and the General Managers Association, which will meet shortly in Chicago.

The engineers on switch engines who have been receiving 37 cents an hour for ten and twelve hours' work, have drawn up a schedule which is to be presented to the heads of the company at their next meeting, and if it is accepted will mean an increase of wages to equal $5 a day for eight hours' work.

The order of Railroad Conductors and Trainmen, the bulk of the latter consisting of brakemen, will submit their demands within a few days through their respective brotherhoods to E. E. Calvin and W. R. Scott of San Francisco and Vice-President and General Manager Fay at Houston.

No ill feeling exists on either side. The companies concerned have made no promises as yet but they state that they will be more than willing to listen to the men. If the demands are granted it will mean an increase of the monthly payroll to the amount of $700,000 or something like $8,400,000 a year.

The Brotherhood of Firemen was granted an increase of about 20 per cent by a board of arbitration sitting in Chicago about four months ago, but they did not receive it until one month ago. At this time all the firemen on the forty-nine roads west of Chicago threatened to walk out unless their demands were acted upon immediately, and it was only by the prompt action on the part of the railroad directors that serious trouble was averted.

STEAMER IS SEARCHED FOR KERMIT ROOSEVELT

NEW YORK, Sept. 16.—A hunt on the Mauretania for Kermit Roosevelt, son of the former president, when the big steamer docked last night, caused some excitement among the passengers.

Miss Ethel Roosevelt was waiting at the pier expecting to meet her brother and was greatly disappointed when he failed to appear. She said she had received a letter from him saying he would arrive on the Mauretania.

There was some mystery about Kermit's sudden trip abroad shortly after his return from Africa with his father, but the family poh-poohed at the time any talk of a European romance.

WANT CONSOLIDATION IN LOS ANGELES COUNTY

LOS ANGELES, Sept. 16. — Mayor George Alexander announced yesterday that he would call a meeting of representatives of municipalities of Los Angeles county for the purpose of furthering consolidation of city and county governments.

The principal object of the scheme is to reduce taxation by the abolition of dual authority. It is estimated the change would mean $3,000,000 to the taxpayers.

Mayor Alexander says he will invite representatives from the following cities to discuss the matter: Pasadena, South Pasadena, Alhambra, Glendale, Tropico, Burbank, Watts, Compton, Long Beach, Redondo, Sherman, Ocean Park and Santa Monica.

Let Others Buy Cheap Pianos

¶ Don't buy a Piano because you are offered a $100 or $150 reduction on its price. Regard that Piano with suspicion. No dealer sells Pianos at less than they are worth, and such reduction can only be made where prices have been arranged to permit juggling. Get all you can, irrespective of the real values, is the rule of the price-cutter.

¶ All Pianos in our store are marked in plain figures, and the prices are based on cost of production, allowing a reasonable margin for legitimate profit. These prices are the lowest at which Pianos of equal quality can possibly be sold, and are, save for the addition of freights, identically the same as asked in the retail departments of their manufacturers in New York, Chicago or Boston.

¶ One Piano only you expect to buy. Therefore use care in its selection and know that it is worth the price asked. We are confident that you can buy more satisfactory, more economically and get more real Piano quality at the Allen stores than elsewhere in the city or on the coast. Easy payments.

ROOSEVELT ENDS INVASION OF KANSAS

Indorses Passage of Federal Workingman's Compensation Act.

GREAT CROWD GREETS HIM AT UNION DEPOT

Visit Made Informal as Possible and Cowboys Are at Banquet.

KANSAS CITY Kas Sept 1—Speaking today to an audience composed chiefly of workingmen in this city Colonel Theodore Roosevelt heartily endorsed the passage of a federal workingman's compensation act This is one of the chief planks of the Kansas state platform adopted recently

This ended his Kansas invasion He then crossed the Kaw river to plunge into an active day on the Missouri side

The ex President's train arrived in Argentine Kas from Lawrence at 10 30 o'clock He was taken by motor to the place where he spoke and after a short address was rushed back to his train and brought to the Union depot here

A great crowd greeted the colonel upon his arrival at the Union station.

THOUSANDS GREET HIM

As this is the only point at which his train is to stop in Missouri on his present trip thousands of persons from all parts of Missouri and the Southwest came to greet him Every hotel was jammed with visitors last night and hours before his special train arrived to lay the station and the streets along which the parade passed were lined

Colonel Roosevelt was given a luncheon at a hotel at 1 o clock and made an informal talk there Every attempt was made to make his visit as informal as possible Guests invited to the luncheon were advised that it would not be necessary to wear frock coats and silk hats Colonel Roosevelt shook hands with them as they entered the banquet room

Many cowboys and rough riders mingled with the crowd The Third regiment Missouri National Guard acted as the colonel's escort upon his arrival

EXPLANATION WRONG

More than once we have had to investigate conditions in such businesses as you have in this city said Colonel Roosevelt in beginning his address in the Auditorium here Always when we have done so the employer has explained to the wage earner that if the government was successful in its efforts of control it would result in the cutting down of wages That is not so All we struggled to do was to secure better conditions of employment and of living among the men actually employed in industries

I do not like the expression employers liability because I think the term should be the compensation of employes for injuries I feel very strongly that in every industry where there is the slightest risk of life or limb whether on railroads or in any other industry that in the event of loss of life or injury we would not leave it to law suits to determine what shall be done

It is not fair that a girl working in factory which renders her liable to suffer injury shall go on in the maimed and no else bear the burden for her The burden should be distributed when a workingman is injured or killed in his employment There should be no question of responsibility He should receive compensation for the injury he has suffered and if he is killed his family should receive such compensation

POGRESSIVE LEGISLATION

I am emphatically for progressive legislation as regards the control of the corporation as regards the adjustment of our relations with the corporations But friends do not forget that no legislation will ever avail unless we have the right type of men and women on whose behalf the legislation is invoked

That is the keynote shouted a man in the rear of the Auditorium

Yes that is the keynote continued Colonel Roosevelt We must have good laws we must have laws that will prevent men oppressing others or taking an improper share of what is gained through the exercise of their joint energies

POLICE COMMITTEE URGE KEEPING DEPARTMENT OF SAFETY OUT OF POLITICS

Freeholders Adopt Motion to Have Charter Fix Salaries of Patrolmen; Little Progress Is Made

No progress in charter framing was made by the Freeholders at last night's session but the members of the board learned a good deal about the complicated relationship existing between a commission form of government and municipal employes appointed under Civil Service rules particularly in the police fire and health departments and the complex problems involved in the proposition of keeping them out of the filthy pool of politics and preventing designing officials in authority from building up a municipal machine under the dome of the City Hall

Three members were absent at roll call among them President Dornin Dr Pardee and A H Elliot and Freeholder Forrest was unanimously elected temporary chairman

The meeting was thrown open at once to the police department to express its views on the tentatively adopted plan of the department of public safety and health under the control of an elected commissioner A police department committee had threshed out the subject thoroughly and reached very positive conclusions and Chief of Detectives Peterson acted as spokesman

NOT IN HARMONY

Captain Petersen frankly stated at the outset that the police committee was not in harmony with the plan of a department of public safety and health as tentatively adopted

'We don t agree ' he said 'with the proposition that the department should be placed under the control of a commissioner elected to the office as that means keeping the police fire and health departments in politics and establishes one man power The charter should specifically define the tenure of office place the departments under Civil Service rules and make it impossible for salaries to be raised or lowered at the whim of one man and that one man elected If the wrong man should be elected commissioner the recall provision will be ineffective until great damage has been done

The police department suggests he continued that the Commissioner of the Department of Public Safety and Health should be appointed by the Mayor and his term of office should be from four to six years

AGREES TO COMMISSION

Petersen agreed that a Civil Service Commission should be formed The Civil Service Commissioners should be appointed by the Mayor for a term of ten or twelve years he said and on a plan which would give any subsequent Mayor elected the right to appoint only one member of the commission during his term of office If he were re elected he would be privileged to appoint only one more Such a Civil Service Commission would thus be taken completely out of politics according to Petersen

For minor offenses the power to enforce discipline should be centered in some way to the department For graver offenses the Mayor should have the right to appoint a trial board and the accused should be removeable only by the Council for cause on the findings of the trial board

By the adoption of such a system, Captain Petersen maintained that the power of the Mayor would end with the appointment of the Civil Service Commission the power of the commission would end with the appointment of the trial board and the Council could only remove for the cause declared in the trial board's findings

FIXING SALARIES

The commission should not have the right to raise and lower salaries and thereby have a disturbing influence on pensions Salaries should be regulated in the charter itself on a gradual scale of term of service he said and every title in the police department should be named in the charter and the salary for each one fixed promotion should depend on merit after examination as to the candidate's qualifications

The powers of the commissioner of the department of public safety and health should be confined to the general policy governing the department and nothing more according to the captain

Boston's commissioner of the police department Petersen said is appointed by the governor of the state and he is absolutely free from municipal control It is in the power of this board of freeholders to make Oakland's police department the best in the country It is also in its power to make it the worst

In response to Mr McDonald Petersen said that he thought it would be better that the charter should fix salaries

McDonald then showed the defects of the present charter and how the charter provisions fixing salaries had been defeated by the jugglery of changing titles and arbitrarily raising salaries above the charter limitations

FIXING CALARIES

Petersen continued that the charter should provide that a patrolman's salary should be fixed at $92 per month for the first year's service $102 for the second year $112 for the third year and $123 for the fourth year the latter figure then becoming the permanent pay of such patrolman The increased cost of living now makes it essential that the salaries of the members of the police force should be higher than that fixed by the present charter which after deducting $2 per month for the police insurance fund makes the patrolman's monthly salary only $98 per month

The number of patrolmen should be regulated according to population The police committee had decided that the ratio should be one patrolman to every 500 population The chief of police should have the right to suspend any member for minor offenses The graver offenses should be tried by the trial board

On motion of Robinson it was decided that salaries should be fixed in the charter

ENUMERATING OFFICERS

Robinson moved that it be the sense of this board that the offices in the department should be enumerated and that in some way the number of the patrolmen should be regulated in the charter, according to population Carried

It was also decided on Robinson's motion that the appointment of patrolmen and all promotions should be governed by civil service rules

A discussion occurred over Robinson's motion that the Civil Service Commission should govern all major offenses Chamberlain warmly objecting on the ground that would be pulling the civil service commission and the department into politics. 'The power of removal should be lodged he maintained in the council

Daly thought that the Civil Service Commission should control as it is responsible for the selection

The roll call on the motion resulted in a tie vote and therefore no action

On motion of Shaw a committee of three was appointed by the chairman to confer with the police fire and electrical departments and report back a tentative draft of a charter provision governing them The committee consists of Shaw, Hamb. and Chamberlain

COMMISSIONER SPEAKS

Civil Service Commissioner Zion from San Francisco then addressed the Freeholders He said that a government in which the administrative and legislative functions are combined as they are in the commission form of government calls for a check in the form of a Civil Service Commission but the commission should be so formed that the Mayor would not have the power of removal as is the case in San Francisco where through the removal of the members of a Civil Service Commission the executive has been able to control 1,000 out of the 1800 municipal employes The purpose of a Civil Service Commission is a check has thus been wholly defeated He recommended that the term of office of a Civil Service Commissioner should be twelve years that the Mayor should have the right to appoint only one each term that the Civil Service Commission should be the trial board of offenders as it was practically the appointing power that all salaries should be fixed in the charter

Not to fix salaries is to invite the Council to raise salaries which results in the beneficiary engaging in politics as a reward in return Los Angeles is troubled by this feature today said Zion

FAVORS ENUMERATING

Zion favored also enumerating the offices in the charter to prevent the abolishment of offices by the Council and the creation of new ones for political reasons

Temporary appointments for any period of time without passing Civil Service examination he said should not be tolerated under any condition Temporary appointments made for sixty days in San Francisco have in some case continued for ten years without the appointee submitting to a Civil Service examination

He advocated the enumeration of those positions in the charter which shall be under the control of the Civil Service Commission Appointment to position should be taken out of the hands of the heads of departments He illustrated the beneficial effects of such a policy by referring to the San Francisco Custom House and port collectorship

Out of the 410 employes under him he said Zion Port Collector Stratton does not have one appointment and he has administered the office with intelligence and ability that he is now serving the third term by appointment by different Secretaries of the Treasury his last appointment being made because the Government did not want to lose his services

SPECIAL AGENT SENT

When a special agent was sent out by the Treasury Department some time ago for the purpose of investigating the Custom House affairs Stratton was asked if in the interest of retrenchment the services of any of the employes could be dispensed with At that time Stratton had inherited one appointment namely a private secretary

Stratton replied On, one—my private secretary

What does he do? was asked

Nothing was Stratton's answer The two stenographers I have do all the duties he is required to perform so Stratton thus voluntarily surrendered the only appointment he possessed Civil service rules govern all appointments in the custom service

You charter should have an old age pension provision for all municipal employes You will have to come to it under the civil service commission

Provision must be made for the support of those who have reached an age when their efficiency in the public service is impaired and who have served so long in the public service that they are not fitted for an position in private business affairs The municipality has no right to turn them adrift unprovided for

FOR YOUNGER MEN

'It is equally essential that they should be retired to make way for younger men better fitted for the work and possessing ideas better adapted to the new conditions which are constantly arising in the life of a municipality

Zion also suggested that the civil service commission will be authorized to employ special counsel in case where an elected or appointed official was on trial

In response to a query from Chamberlain Zion advised against incorporating in the charter provision prohibiting city employes from engaging in politics The only restraint that should be put on them is that it is to prohibit them from doing politics during their working hours using public stationery and public property for political purposes Neglect of duty should be cause for removal but his political rights should not be abridged

Chamberlain But the postoffice department enforces such a rule

Zion That is true but I do not favor it

Zion said in response to question by Clark that he favored the civil service commission being the trial board as it is in Chicago and in Los Angeles

CLOSES ADDRESS

This closed Zion's address for which the board passed a vote of thanks

The report of Mr Daly on a tentative clause in the charter defining the duties of purchasing agent which had been turned down at a previous meeting at the instigation of Dr Pardee who was opposed to the agent being given any individual authority to purchase supplies was taken up again and it was referred back to the committee consisting of Daly and Shaw to establish a limitation on the amount which a purchasing agent could buy any material or supplies without advertising for bids

On motion of Robinson the cash basis fund provision contained in the Berkeley charter was rejected the consensus of opinion of all the freeholders being that it was defective and not adapted to a city of the size of Oakland

The board then adjourned until 8 p m Wednesday next

OVER ONE MILLION IN WAGE INCREASE

Vice-president of Rock Island Testifies Before Interstate Commission.

CHICAGO Sept 1—When the Interstate Commerce Commission hearing was resumed today F O Melcher second vice president of the Rock Island System continued his testimony Questioned by W F Dickinson attorney for the road Mr Melcher said the estimate of wage increase to which he testified yesterday was substantially correct From 1906 to 1910 he said the increase was $1,451,800 as based on an estimate of the increases granted organized labor

Replacing old rails with new Mr Melcher said constitutes another heavy expense

CHANGES IN RAILS

When the Rock Island replaces an 80 pound rail with one of a hundred pounds he said a charge of $1,71 per mile is put against the capital account of the road When that 100 pound rail is worn out and replaced by a rail of the same weight the charge of renewal $100 a mile goes into the operating account

A pension system put into operation at the beginning of this year he said cost the road $ 000 a month Reverting to the cost of maintenance Mr Melcher said

IMPROVEMENT COSTS

'The Rock Island should spend and continue to spend $14 0 a mile each year In the hard times year we spent only $ 0 1 a mile

The annual budget for permanent improvements of the year he added, was based on what was most needed

Last year the budget was $6,000,000 This was cut in two I should say that the amounts called for in the budget each year are usually cut in two

He placed the total value of the Rock Island at $404,000,000

Kolb Sues to End Dill Partnership

SAN FRANCISCO Sept 1—William Kolb the comedian yesterday began suit for the dissolution of his partnership with Max M Dill naming as defendants Dill and N A Magner former box office manager for the well known team of German comedians

In his complaint Kolb says for several years he and Dill worked together under an agreement by which they were to share equally the losses and profits of each venture Kolb asks for a termination of the agreement and an accounting of the property also pleading for the appointment of a receiver

Giving as a reason that Dill and Magner may use his share of the property in further productions of their own Kolb requests an immediate accounting and seeks to make good his claim for one half of the assets of the company

An explanation of the break in the relations of the team is given in a letter from Dill incorporated in the complaint In the letter Dill says he has been insulted by members of the company because of the disrespect that he alleges Kolb has shown him Dill also says Kolb has practically been running the affairs of the company to suit himself and has been disregarding all of Dill's suggestions

Oakland Church League Elects New Officers

The annual election of officers of the Oakland Church Athletic League was held Tuesday night with the following result President Frank J Guilford vice president Reed Robinson secretary J S Fields treasurer L C Fish the board of managers to consist of Frank Fock and Dave Duncan as delegates at large Frank Guilford of the Loyal Sons Charles Allen of the First Cadets No 1 J S Tardy of the First Cadets No 2 Reed Robinson of Plymouth Athletic Club L C Fish of Baraca Club J H Woolsey of Young Men's League and Emil Neilson of the Oakland Young Mens Christian Association

Death of Pioneer Recalls Early Days

SAN JOSE Sept 1—Thrilling stories of the days when desperadoes held full sway in the section of California including Monterey and San Benito counties are being recalled with the news of the death in Corral de Tierra valley late Tuesday of Thomas Watson Watson was Sheriff of Monterey county which then included San Benito for three terms beginning with 1866 It was he who broke up the robber gangs which infested the roads to Monterey Watson saw three governments in California He was born in Monterey in June 1834 his father having come to California ten years before in an English trading vessel and lived under the Mexican flag the Bear flag and the Government of the United States He was married in 1853 and twelve children were born to him and his wife who was Miss Louise Moreno a member of one of the early Spanish families and a California belle of the days of the gold rush

Plucks Nuggets From Placerville Orchard

PLACERVILLE Sept 1—W H Frey of Slug gulch in this county owns an orchard that pays handsomely for its cultivation whether the fruit crop is good or bad He has a cigar box full of gold nuggets and specimen ore picked up while he was plowing and harrowing this orchard this season These specimens range in value from $1 to $119 each

There are five acres in the orchard and it produces the finest pears in the county and a very fine quality of peaches figs apples grapes and other fruits His pears measure almost six inches long and are among the choicest exhibits in the local Chamber of Commerce display

Whether the season is good or bad, Frey finds it profitable to thoroughly cultivate this unique orchard

Hotel Proprietor Answers Final Call

ALAMEDA Sept 1—Henry Martens proprietor of the Willow Hotel San Leandro died yesterday at a local sanatorium Deceased is survived by a widow Pauline Martens and by two sons Adolph and F H Martens of San Francisco He was a native of Germany and 56 years of age He was a member of Alcatraz Lodge No 244 F and A M Martens had been in poor health for several years and when his condition became serious a few weeks ago he was removed to a local sanatorium

Funeral of the deceased was held this afternoon under the auspices of the Masonic lodge and was followed by cremation in the Oakland cemetery.

OIL TAKES DROP 30 CENTS BARREL

Lowest Rate for Petroleum in State for the Past Few Years.

SAN FRANCISCO Sept 1—The price of oil which has been declining for some time on account of the immense production in this state is now down to 30 cents a barrel This is the lowest rate for oil in California for several years

The Associated Oil Company which is considered the heaviest single purchaser of oil at the wells announces that it will now pay only 30 cents a barrel The Associated decided on this figure last Tuesday O Scribner secretary and assistant manager of the company when interviewed yesterday said that the cut was on account of the excess production

MUST PAY MORE

The Associated will pay more than this rate for much of its oil as it has contracts calling for a larger rate but its limit under new agreements is 30 cents

Big gushers have recently contributed a greater output than the market required The price has been hovering the last few weeks around 40 cents per barrel, ... this reduced rate could not ... Before the extraordinary ... tion began to affect the ... a barrel had been given ... and producers were expect ... price The drop to 30 cents ... sudden The Associated had ... ng 50 cents generally for the ... hich it now offers 30 cents

Invite Roosevelt To Realty Meeting

SAN FRANCISCO Sept 1—Hoping to bring Colonel Theodore Roosevelt to San Jose to attend the convention of the California State Realty Federation which will be held from September 15 to 17 Herbert Burdett secretary of the federation last evening addressed a telegram to the former President asking him to participate in their exercises

Burdett recently returned from a trip through the Eastern states and is bending every effort to make the San Jose meeting a success

The telegram sent reads

California State Realty Federation stands in its sphere for precisely the business principles advocated by you with such wonderful results It has exposed real estate malefactors and endeavors to protect colonists and small investors It has fought uphill for five years If you could comply with the request to address its annual convention at San Jose September 15 to 17 the resultant good would be inestimable As its executive secretary I earnestly second San Jose's invitation

LOST IN WEIGHT, FELT SMOTHERED, HEART AFFECTED

Characteristic Anæmia Symptoms in the Case of This Salt Lake City Woman Who Was Cured by the Tonic Treatment.

To keep losing in health and strength while money and effort is constantly being spent on treatment is calculated to bring discouragement even to the most hopeful.

That sufferers from anæmic and debilitated conditions are brought to the verge of despair when there is a remedy exactly suited for their treatment is a pathetic fact as is shown by the experience of Miss Ellen Mattis, of No. 232 West Fifth South street, Salt Lake City, Utah, who relates her experience gladly in the hope that others will be helped by it. She says:

"I was all run down, was thin and bloodless and had no color whatever. Two doctors treated me but did not help me that I could see. I kept losing in flesh and weight. I had severe palpitations of the heart and often had to gasp for breath for it seemed that I was being smothered, my heart would beat so fast. I had no appetite and the least exertion tired me all out. I became discouraged with taking so much medicine. Then my mother heard of Dr. Williams' Pink Pills and urged me to try them. I felt some improvement from the first box and as I continued to use them my strength and weight increased and my color returned. I became real healthy again and I shall always speak highly of the remedy."

Thin blood is the most frequent cause of debility. As the supply of blood sent to the brain does not carry sufficient nourishment the patient is dull and drowsy, the nerves become starved and there are marked nervous symptoms. As the blood and nerves control digestion the stomach suffers from lack of tone and the victim loses weight and strength.

Whenever a tonic is needed, Dr. Williams' Pink Pills should be given an immediate trial. They quickly enrich the blood and give strength and health to every part of the body. For this reason they have cured anæmia, chlorosis, rheumatism, lumbago, general debility and the after-effects of the grip and fevers.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

PURE RADIUM IS DISCOVERY OF MME. CUREE

MME. CUREE, the famous scientist, who says she has discovered pure radium.

Paris Academy of Science Woman Announces Success.

PARIS, Sept. 16.—"Pure radium at last," is the announcement made by Mme. Curee to the Academy of Science of Paris.

It was Mme. Curee who, with her husband, discovered radium for the first time and gave the discovery to the world some dozen years ago. Since that time and the death of her husband Mme. Curee has devoted her time to further investigations regarding the last great wonder of science.

The world was much interested when Professor Curee announced that he had discovered radium and that it could be used commercially, at least to a certain degree.

The subsequent announcement that Mme. Curee deserved as much of the credit as himself invited the attention of the world on the pair for some time.

Hitherto radium has existed only in the form of salts but Mme. Curee announced to the Academy of Science that this new discovery was made. Mme. Curee is professor in the faculty of the Science of Paris University.

GILLETT INVITED TO BIG OHIO FAIR

Dr. Pardee Also Asked to Attend California Day Celebration.

CINCINNATI, Ohio, Sept. 16.—Efforts are being made by the officials of the Ohio valley exposition to have the governor of California be present on "California" day.

He was communicated with earlier in the year and then said that he had numerous business engagements in Sacramento and could not come to Cincinnati.

The commission than had expected former governor Pardee to be speaker of the day. However, they have received word from him that he has returned to California to attend the funeral of his daughter, who was killed in an automobile accident.

Fifteen thousand oranges and the same number of peaches and more than 2000 bunches of grapes are to be distributed free on California day at the exposition. The California day services will be held here on September 23.

GOVERNMENT ENDORSES NEW PANAMA OFFICIALS

WASHINGTON, Sept. 15.—Richard O. Marsh, the United States charge at Panama, has reported to the State Department by cable the result of yesterday's elections in the national assembly.

The selection of Pablo Arosemana, Federico Boyd and Rodolfo Chiarlas as vice-presidents, had been expected by the department which finds no ground for objection. It is not expected that there will be any intervention in the affairs of the republic so long as the terms of the constitution are observed.

INFLAMMATION MADE HER ALMOST CRAZY

With Pain, Itching Settled from Knee to Toes. Physicians Cost a Fortune. No Relief. Went to Hospital 3 Years. Unable to Help.

Finally Used Cuticura and Was Completely Cured.

"I began to have an itching over my whole body about seven years ago and this settled in my limb, from the knee to the toes. I went to see a great many physicians, a matter which cost me a fortune, and after I noticed that I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would get really frightened. I did not know what to do. I was so sick and had become so nervous that I positively lost all hope.

"I had seen the advertisement of the Cuticura Remedies a great many times but could not make up my mind to buy them, for I had already used so many medicines. Finally I did decide to use the Cuticura Remedies and I tell you that I was never so pleased as when I noticed that, after having used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Pills, the entire inflammation had gone. I was completely cured. I should be only too glad if people with a similar disease would come to me and find out the truth. I would only recommend them to use Cuticura. Mrs. Bertha Sachs, 1621 Second Ave., New York, N. Y., Aug. 20, 1909."

"Mrs. Bertha Sachs is my sister-in-law and I know well how she suffered and was cured by the Cuticura Remedies after many other treatments failed. Morris Sachs, 321 E. 80th St., New York, N. Y., Secretary of Deutsch-Ostrowoger Unt.-Verein, Kempner Hebrew Benevolent Society, etc."

Cuticura Soap (25c.), Cuticura Ointment (50c.) and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills 25c. per vial of 60) are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston, Mass.

Mailed free, 32-page book on skin diseases.

GRISCOM COMES OUT FOR TAFT

Roosevelt's Chief of Staff Endorses President and All His Official Acts.

NEW YORK, Sept. 16.—Unqualified endorsement of President Taft and his administration by Lloyd C. Griscom, president of the Republican county committee, and Colonel Roosevelt's chief of staff shows signs of dissension in the ranks of the Roosevelt-Griscom-Grinet faction of the Republican state organization.

Evidence of a break between Roosevelt and his chief aid developed when Griscom was questioned concerning reports from Oyster Bay that the Colonel was at work upon a platform to be presented as the doctrine of the progressives in New York state at the convention which convenes in Saratoga September 27th.

A plank would indorse President Taft, but would remain silent on his administration, it was rumored. Griscom's answer to this was:

"I am for Taft; I am for absolutely every official act of President Taft. There will be no division in the state convention on the question of indorsing the administration of President Taft."

He added that he expected to see Colonel Roosevelt today and make clear his position.

TRADE BALANCE NOW IN FAVOR OF UNCLE SAM

WASHINGTON, Sept. 16. — The balance of trade, which the statistics of the last 30 years have generally shown to be largely in favor of this country, has turned over. It now commands a million dollars on the other side of the ledger for the first eight months of this calendar year.

The month of August, however, swung the pendulum and brought to the United States $3,565,426 more in trade than it took ou[t]

ADMIRAL DICKINS DIES IN GOTHAM

Former Assistant Chief of Navigation Bureau Passes Away.

WASHINGTON, Sept. 16. — Rear Admiral Francis W. Dickins, who, during the Spanish-American war, had much to do with planning the successful naval campaigns in the capacity of assistant chief of the bureau of navigation, died in New York yesterday.

Admiral Dickins was born in Beckmanville, N. Y., November 2, 1844, and entered the naval service as acting midshipman September 20, 186[6].

ANNOUNCEMENTS

AN UP-TO-DATE DRUGGIST

says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and $1 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by The Owl Drug Co., 13th and Broadway, 10th and Washington, 14th and San Pablo.

FALL OPENING

SATURDAY

SEPTEMBER 17, 1910

We invite you to attend our annual exhibition of fall patterns and inspect the splendid assortments of this season's new and desirable suitings.

We are pre-eminently able to show all that's new in fabrics. Being the largest tailoring establishment in the United States, we control the output of several of the biggest and best mills in Scotland and America. Our manager has just returned from an extended buying trip and all the late weaves and novelties that he selected in this country and Scotland will be shown on our opening day.

Remember our uniform price is $15.00 and up. Every garment is A No. 1 Union Made in our own shops, good linings, good trimmings and a perfect fit—or we will not let it go out of our store.

Satisfied customers are the foundation of our success.

SIBLEY, ACCUSED CANDIDATE, PUTS BLAME ON TAYLOR

JOSEPH C. SIBLEY, who, as candidate for Congress in Pennsylvania, was accused of conspiracy, makes defense.

Attempts to Explain in What He Terms His Dying Statement

FRANKLIN Pa Sept 1 — Expressing the belief that he is standing near the borderland of another country and that he may never be able to testify in court Joseph C Sibley who last week resigned as the Republican candidate for Congress in the twenty-eighth Pennsylvania district and was arrested the next day on a charge of conspiring to debauch, corrupt and bribe the voters of Warren county tonight issued a long statement He tried to justify his $42,000 election expense account and defends himself against the Warren county charges

As expected he puts the blame for the large expenditure of money on Frank K Taylor his private secretary who is a co-defendant in the conspiracy prosecution

He says that on account of illness he did not see Taylor more than six or eight times On one of these occasions he said to him

"I am afraid Mr Taylor that you are making this campaign too expensive

From the day the campaign opened until fifteen days after the campaign closed I know of but two payments of moneys made from my account

Social Czar Home From European Trip

SAN FRANCISCO Sept 1—F M Greenway [illegible] returned yesterday from his first trip across the Atlantic full of ideas that are likely to have their exemplification in the winter [illegible] is already preparing.

Greenway has rested up [illegible] during his [illegible] of ten weeks and looks [illegible] young He took in nearly all the entertaining [illegible] of the continent [illegible] particular attention to Paris in its interesting [illegible]

Going [illegible] from home with only a scant knowledge of French Greenway was [illegible] He found however that [illegible] he did not speak English [illegible] and that his nearest [illegible] Gallic tongue was nowhere [illegible]

COUPLE LEAP FROM INFERNO INTO SEA OF SEETHING FLAMES

LOS ANGELES, Sept 1—Leaping from a burning launch and swimming through a sea of fire, Mr and Mrs A W Wood reached shore safely last evening in the San Pedro harbor Wood was filling the tank of the launch which was moored in the inner harbor, when the gasoline exploded

The two jumped, but soon had blazing oil spread on all sides of them on the water Through this they swam reaching shore with but slight injuries. The fire was a spectacular one and for a time was thought to threaten water front property

CAPITAL SECURED FOR NEW ROUTE

Work on the Proposed State Railroad to Be Started in Near Future.

SAN JOSE Sept 1—At a meeting of the San Benito County Improvement Club held last night in Hollister it was announced that the proposed Hanford-Hollister-Santa Cruz railroad company would soon begin the work of building its line [illegible] capital having been secured from eastern capitalists to warrant the construction of the railroad as soon as possible

The line will be a great boon to the section of the country to be traversed It would give easy access to a water route to Los Angeles or San Francisco through Santa Cruz and Monterey and would mean millions of dollars to the [illegible]

Another feature of the meeting was the passing of an enthusiastic vote of resolution [illegible] endorsing the proposition of [illegible] Panama-Pacific Exposition [illegible] the completion of [illegible] in San Francisco in [illegible] The resolution declared San Francisco the logical point for holding the exposition It was passed by a unanimous vote

FOOT SAILS

OLDHAM, England Sept 1—[illegible] Foot who headed the American [illegible] in the Newfoundland [illegible] before The Hague tribunal [illegible] and Mrs Root sailed for New York yesterday

ALL WHEELS STOP DURING FUNERAL

Work and Traffic Halted When the Late H. G. Platt Is Buried.

SAN FRANCISCO Sept 1—Relatives and friends of the late Horace G Platt filled Grace Episcopal Church 1215 Sacramento street during the funeral services yesterday Bishop William Ford Nichols assisted by Rev J Wilmer Gresham the rector conducted the ceremonies The altar was banked high with elaborate floral offerings and in the assemblage were many members of the Bar Association and the clubs and commercial concerns with which Platt was identified

A noteworthy instance of the high esteem in which the deceased was held was the attendance in full court uniform of P Rogestvensky the Russian consul in this city Several years ago Platt held the same post in this city

ROAD PAYS TRIBUTE

The Guatemala Central Railroad of which the deceased was vice president and the Geary Street Railway company paid tribute to the departed by a cessation of service Not a wheel turned on either system for three minutes during the time of the funeral service

The honorary pallbearers were Joseph D Redding Thomas P Deering Charles Greer J O McCormick A D Shepherd Edgar De Pue C H McIntosh and E S Pillsbury Among others who assembled at the church were Samuel Shortridge W F Herrin Associate Justice Henry A Melvin and Garret W McEnerney

After the services in the church the cortege proceeded to Cypress Lawn Cemetery where the interment was made private

Police-Army Feud Is Ended at Seattle

SEATTLE Sept 1—The controversy between the army officers at Fort Lawton and the police department of Seattle which began last June when after an assault by a negro soldier of the twenty-fifth infantry upon a white woman the police established a patrol service on the military reservation was ended yesterday by the discontinuance of the police patrol

When the police were placed on the [illegible] the officers objected mildly Recently a negro soldier was arrested [illegible] man on the reservation charged with insulting white girls Captain [illegible] of the negro regiment wrote [illegible] Chief of Police Wappenstein asking that the patrol be withdrawn The chief refused

[illegible] W H Evans of the Twenty-fifth infantry then upon wrote stating that a sentinel would be posted at the reservation gate who will be properly instructed to prevent trespass on the reservation by individuals whether acting in their private capacity or under color of authority

The chief of police acknowledged that army authority over the grounds and will [illegible]

Strauss Closes Nine of His Milk Depots

NEW YORK Sept 1 — Nine of the seventeen Nathan Strauss infant milk depots in this city have been closed as the first step in the ending of the philanthropy which Strauss started [illegible] which he says he has felt compelled to abandon because of persistent attacks that he fostered hindered the cause of Pasteurization

At the eight other depots the sale of Pasteurized milk by the glass has been discontinued but the supply of modified milk in nursing bottles will be continued for a time Strauss will arrive here on the Celtic next Sunday and will then fix the date for the closing of the stations that are still open

Pioneer "Keyman" Dies; Aged 81 Years

WILMINGTON Del Aug 1—Isaac W Hadlum probably the oldest telegraph operator in the country in point of continuous service, died here today aged 81 years He was an employe of the Western Union Telegraph Company for fifty two years For a time during the Civil war he managed the transmission of telegrams between the War Department at Washington and the headquarters of the Army of the Potomac.

ALAMEDA COUNTY EXHIBIT AT FAIR

Space Is Exhausted at Sacramento's Great Show for Local Industries.

Alameda county will have a larger and better exhibit at the State Fair to be held at Sacramento September 3 to 10 The number and size of exhibits have reached such proportions that Secretary Wilber Walker of the general exposition commission for Alameda county said today that he would receive no more exhibits for room would not permit

It was also decided yesterday that the Alameda county exhibit would have to be taken out of the main building and a special tent or this building is now being erected This was decided after [illegible] of the fair officials and the county commission

SEND EXHIBITS TO CHICAGO

The industries of Alameda county are so numerous and varied said Secretary Walker [illegible] that we would be able to fill the entire main building Yesterday two carloads of industrial exhibits and one carload of agricultural exhibits were shipped to Sacramento After the State Fair closes the exhibit will be sent to the Land and Irrigation Exposition at Chicago so as to arrive there in time to be placed prior to the November opening

Last year Alameda county took the first prize for county exhibits this year [illegible] before the second and we are expecting to take the first prize this year Our county building will be cash [illegible] means of a large electric sign [illegible] for which will be generated on the grounds

THREE DAYS EXCURSION

Arrangements for the Alameda special train which will carry the 200 or more people from this county to the fair have been made Seven stops will be made along the line—at San Leandro Haywards Sunol Pleasanton Livermore Lathrop and Stockton At Stockton a stop of three hours will be made and the Alameda delegation will be given a reception It has not yet been decided by Dr G H N Clow in charge of transportation whether in addition to a day and two more towns Oroville and Portola will be added to the itinerary If this addition is made the trip from Oakland will take either two or three days Chambers of Commerce along the line are being notified where stops will be made The train will leave Oakland so as to arrive at Sacramento September 8 which is to be Alameda county day

Many of those who are planning on the trip will take their wives and it is contemplated to such a Pullman will be reserved for the use of the women

School Doors Open for Oriental Adult

CHICAGO Sept 1 — Japanese and Chinese more than 21 years of age are eligible to attend the public day schools of the city of Chicago as well as the night schools providing they are of good moral character and are vouched for by persons known to the Board of Education

This was decided by the Board of Education yesterday at its first meeting of the year when Yim Chum Chinese 28 years old and Jonezi Yimak Japanese 27 years old were given permission to attend

Conservatives Agree to Estrada Ministry

WASHINGTON Sept 1—United States Consul Olivares at Managua officially reported today the formal approval by Conservative leaders of the ministry selected by General Estrada himself a Liberal

Even a more important step toward harmony is said to be the recall from exile of Dr Cardenas formerly leader of the Conservative party who it is understood was banished from Nicaragua by Zelaya on account of this political activity

CONSUL TURNED OUT OF PRESIDIO

P. E. Wolf, Now Paralytic, Says Government Is Showing Ingratitude.

SAN FRANCISCO Sept 1—Paul Eugene Wolf who has been confined at the Presidio General Hospital for the last year and who has served his country in the consular service for fifteen years in different countries of the world was sent to the central emergency hospital by the military authorities yesterday to be sent from this place to the county infirmary No word of explanation was sent to the civil authorities and Wolf who is practically a helpless paralytic is to appeal to Senator George C Perkins for an investigation

Wolf was close to the McKinley administration and was allied with the Mark Hanna wing of the national Republican party when McKinley captured the nomination For his services he was rewarded with a place in the consular service and was sent to the Orient during McKinley's first term

When war was declared between this country and Spain he was in Manila and served the Department of State there He later went to Africa and Europe and returned to this country two years ago His health undermined by the oriental climate and hardships he went to the Presidio General Hospital and has been there for a year past Without giving him any reason he says he was sent to the central emergency hospital He feels that he has been the object of official ingratitude and declares he will appeal to the Washington official [illegible] He is about 60 years old

Much Damage Done by Sagebrush Blaze

VIRGINIA CITY Nev, Sept 1 — Damage of several thousand dollars was wreaked yesterday by a sagebrush fire which swept an area of two square miles The efforts of a large force of fire fighters saved the property at Five Mile reservoir but the flames carrying water to this city and various mines were damaged

LIQUOR CRAZED; STABS MERCHANT

Clothes Blood-Spattered; Hotel Clerk Denies That He Used Knife.

SAN DIEGO Sept 1—Crazed by liquor Charles Colby until [illegible] weeks ago employed as a hotel clerk in Los Angeles attacked W H Shearer a local merchant and before he could be prevented had inflicted several deep cuts on the face and neck of his victim

The attack which occurred yesterday afternoon was precipitated when Shearer objected to the language Colby was using in front of his place of business Colby was found near the [illegible] depot by the police but denied all knowledge of the affray His clothes were spattered with blood and he was held on a charge of assault with intent to commit murder

OAKLAND PLAYERS ROUGH IT AND FORFEIT GAME TO LOS ANGELES TEAM YESTERDAY

ROUGH TACTICS ON DIAMOND BRINGS DEFEAT TO OAKLAND

Wolverton, Cameron, Lively and Nelson Display Roughness at Los Angeles and Forfeit Game to Los Angeles

LOS ANGELES, Sept. 16.—Harry Wolverton and his hired men, smarting under two consecutive defeats at the hands of the Angels, turned yesterday's ball game into a "rough house," finally winding up their disgraceful tactics on the ball field by forfeiting the game to Berry's crew.

The finish of the game came in the seventh inning with McGreevy backed up against the grandstand ready and willing to mix it with big Don Cameron and Captain Wolverton, aided and abetted by Jack Lively with a bat in his hands and "Slim" Nelson. The air was certainly filled with fight talk, and but for the prompt interference of the police there would have surely been a grand melee on the ball field.

The umpire was game to the core though, and was peeling off his heavy chest-protector ready for action when the police led the fighting men from Oakland off the field.

CLOSE DECISION STARTS THE ROUGH WORK.

With the opening of the last half of the seventh inning the Oaks had a lead of one run, but Tyler Christian was steadily weakening, and it was but a question of time when he would go skyward, as he has on many occasions before. He had been lambasted good and hard in the third inning for five hits that netted two runs and close fast fielding was all that saved him in the fourth from being driven off the hill.

Orendorff was at second with Nagle at first when the shadows of war began to fall. Wolverton seeing that Christian was failing sent Lively to the mound. Bernard the batsman, hit to Hogan, and died at first, but the two base runners moved up a base. Howard stepped in front of a Lively shoot and was sent to first, filling up the bags.

NOW BEGINS THE ROUGHNESS AND FIGHTING.

Dillon was the next batter and slammed a low liner at Cutshaw. The ball took a nasty bound and pulled the second baseman high into the air. Coming back to earth, Cutshaw hurled the ball to Cameron and many fans thought Dillon was out, but were surprised when McGreevy yelled "Safe." Orendorff had scooted across the plate, Nagle getting to third on the play. Cameron, thinking Dillon out, rolled the ball to the infield and Nagle beat it to the rubber, making the score 4 to 3 for the Angels.

Cameron, realizing that the runner had been called safe, let out a belch and tore after McGreevy, using such disgraceful language that he was assessed $25 and thrown out of the game.

WOLVERTON ALSO GETS IN BAD, AND TALKS.

Wolverton, too, came tearing across the diamond from the bench, also being taxed $25 and ordered from the game. Then the whole team surrounded the umpire and the line of talk they handed out would have put a mule driver on a canal boat to shame.

McGreevy could stand it no longer and pulling his watch, told the men to proceed. This they refused to do and backed him up against the grandstand. He was game and was ready to swing back, but none ventured that strong. The one minute quickly ticked by and the umpire said, "Game forfeited to Los Angeles."

This started more trouble and Cameron ran toward the umpire boiling with rage, and attempted to strike the umpire. McGreevy held his hands though and stayed off Lively, who held a bat in his hand, until the police broke through the crowd and rescued him.

SLIM NELSON ALSO BECOMES A ROWDY.

Cameron was shooed away, Wolverton took wings and Lively sneaked, but not Slim Nelson. He wanted to take "just one smash" at the umpires but the law was on him and Slim was led away. Through all the fracas the umpires was cool and collected, and remarked after the game that he was feeling pretty good himself, and that the Oaks would have found a good fight left in them yet.

Later in the day McGreevy sent a report of the fracas to the president, Judge Graham, and if all he says is true, then the ring-leaders that is Cameron, Wolverton and Lively should be set down for a week at least and a big chunk of their salary taken from them.

Whether the umpire was right or wrong, there was no extenuating circumstances for the men to act as they did. Clean, aboveboard fighting is one thing and hoodlumism is another, and the quicker this element is chased from the game the better it will be for baseball.

Up to the time of the forfeiture of the game it was a well played contest with the Oaks slightly in the lead, due to timely hitting in the first and third inning. Following is thescore:

Double play—Hallinan to Dillon to Hallinan. Hit by pitched ball—Daley, Dillon (by Christian). Time of game—1 hour and 40 minutes. Umpire—McGreevy.

OAKLAND WILL GET SOME SUNDAY BASEBALL AFTER ALL

Central League Closes Deal for Use of Freeman's Park That Afternoon.

Oakland is to have Sunday afternoon ball at last, and organized ball at that. President Walters readily gave his consent to the Central California League to play at Freeman's Park every Sunday afternoon hereafter, and the Berkeley team has been transferred to this city. Manager Schwartz would be only too glad to call his team "Oakland," if he were permitted to do so, as most all of its players reside on this side but that is not permitted in the big league now, at none the less these youngsters should receive the support of the baseball loving public. "Kid" Burns, the brother of our "Big Bill" is the one star artist on the lab for Berkeley. This youngster holds the league record for the largest number of strikeouts, and fewest number of hits allowed per game. In but two contests have more than four hits been secured off his delivery and he has won every game he pitched for the "Scholars." "Cy" Perkins, who does the receiving, is considered by competent judges to be the best catcher outside the Coast League today. Goldy, on first ward and Waterbury at second Schwartz at short, Moran at third, and Acton Lyman, Masso, Stockton and Rabey in the outfield, with Stamner, Hougnard, McGeshin and Masso as pitchers, make one of the strongest teams in the State. The Richmond team will be the first of the league to visit us, and as Berkeley and Richmond are tied, a fight for first place should be one of the best games of the season. Ward and Roth will do the slab work for the "oil boys," with Snow on the receiving end. If the fans all go out to Freeman's Park Sunday afternoon and boost the baby league to the front, they are producing the timber that makes teams like our own "Oaklands," and we ought to encourage them.

Bakersfield has the champion ball team of the San Joaquin valley. Yesterday the Newman team champions of the north San Joaquin ... used to play Bakersfield for a $500 side ... and the winner to take all the receipts. Bakersfield won the Valley League pennant by a margin of 256 points. Decorah will disband his team, but he will play here again next year. During the entire season Bakersfield won thirty-four out of fifty-three games.

WORLD'S SERIES WILL BEGIN OCTOBER 16

CINCINNATI, Sept. 15.—Chairman Herrmann of the national commission said yesterday he had practically given up hope of seeing the world's series begin before October 16, the day after the St. Louis Nationals and Chicago Cubs are scheduled to play the last game of the season.

Two weeks have passed since the national commission instructed President Lynch to meet with President Murphy of the Cubs and President Robison of St. Louis and attempt to induce them to arrange their schedule so that the world's series could be started a week earlier. Lynch has made no progress, as several games which were to have been played by the Cubs and St. Louis have been postponed on account of bad weather since that time, and there is hardly a chance of an arrangement being made which would permit the world's series to be played at an earlier date than the present schedule will permit.

FAST TIME IS MADE IN TROTTING RACE BY CALIFORNIA MARE

SALEM, Ore., Sept. 16.—Helen Stiles, a California horse, trotted three of the fastest heats ever seen on an Oregon track yesterday afternoon, winning first money in the Lewis and Clark $5000 purse at the state fair. She broke the track record, making a heat in 2 09¾.

ARREST RICKARD FOR SHOWING FIGHT FILMS

Tex Rickard was arrested last night in San Francisco for attempting to display the films of the Jeffries-Johnson fight, but later released on bail of $25.

With the arrest of Rickard it looks as if the fight started against the showing of the pictures was on in earnest and according to District Attorney Fickert it is, for he says every man that attempts to violate the ordinance covering the showing of the fight films will be prosecuted.

Roy Hitt

Who was defeated by a home run in the tenth inning yesterday.

SEALS AGAIN TRIM VERNONS AFTER TEN INNINGS OF CLASSY BALL

Claude Berry Combs Out a Home Run in Last Half of the Round.

San Francisco and Vernon again gave the fans an extra inning game, the Seals annexing the long end of the 2-to-1 score by a spectacular finish in the tenth inning, when Claude Berry lifted the ball over the fence for a homer.

"Cack" Henley was pitted against Roy Hitt and the southpaw from the land of lemons had all the best of the argument as far as hits were concerned, otherwise it was a toss-up as to which was the better, but as Henley was with the winning team he got all the fame and glory next to the aforesaid Berry.

It wasn't a very large or very enthusiastic crowd that took in the game, due, of course, to the unsettled condition of the weather; but those that did gungle up the little quarters and halves saw a first-class game of ball.

VERNON MAKES ONE IN THE SECOND INNING.

Carlisle, Burrell and Ross were easy outs for Vernon in the opening frame, and so were Madden, Mohler and Dodie in the Seals' half, after Shaw had walked. In their half of the second, though, the Hooligans chased one over the plate in this manner:

Roy Brashear was ticketed to first and it looked like a gift from the umpire at that. Coy picked out one and sent it scooting over the first base bag for two bases, Roy getting to third. Brother Kitty poled a long fly to Madden and Brother Roy registered. After that nary a dot did Happy's gang get.

SEALS TIE IT UP IN THE THIRD.

Hogan from the bench asked Cack Henley what he was going to do with this one Hitt threw up and Cack glommed it to center for a safety, but was pogged out at second when Madden attempted to lay down a sacrifice. Madden got gay around first, and when Hitt heaved the ball into the bleachers he went to third. Mohler, though, forced him at the plate a moment later. While all the Vernon lunch ware pulling off this trick the "Kid" was beating it to third, arriving there in safety. Shaw hit to second, and before the infield could recover the ball Mohler was over.

Both men then settled down to pitch big league ball and both did what they set out to do.

Hitt had all the best of it, for nary a hit did he allow in the next seven rounds, but it must be added that his support was wonderful. Henley, too, was admirably supported, so he had no kick coming.

BERRY BREAKS IT UP IN THE TENTH.

Claude Berry was the first man to face Hitt in the last half of the tenth, and Hitt had the Seals' pitcher on his staff. Then he fed Claude a straight ball, waist high. Whang! went the bat against the pellet. On a line went the pellet for the clubhouse. Onward and upward glided the ball, and as it dropped over the fence it sealed the doom of the Hooligans. Happieus ran up to tell the umpire that the hit was foul, but he didn't have a chance to win his argument. That's all.

The score.

Sacramento	59	102	.366

Notes of the Diamond

Portland didn't play; Oakland forfeited the game at Los Angeles, and San Francisco won. That is the way the Coast League games went yesterday, and this turn in the tide didn't do the locals one whit of good. In fact it did the home guard a whole lot of harm.

The Beavers by not playing remained as they were in the percentage column while the Oaks, by forfeiting the game, dropped down several points and the Seals, by winning, of course, gained on the two leaders.

Today the Beavers have 5.9 in the percentage column. Oakland is nine points behind, while the Seals are eleven points behind the Oaks.

* * *

The sleuths are still trailing the elusive "Mr. Mitchell." Yesterday he was on hand warming up with the rest of the team and exposed himself to the picture men, who snapped him at it will. One bold'n that the rest, then asked the unknown if he would mind posing. Up went his temper and he threatened to do the newspaper man harm, but the newspaperman, being a gentleman, simply walked away. As for Mitchell, the writer thinks he is just an ordinary ball player seeking a little cheap notoriety and when he gets it will come out of his hole like any other "properety seeker." As for all this delving into the guides and seeing information about "Mitchell," to the writer's mind is foolishness, and if the rest of the scribes would look at it the same way, "Mitchell" would soon be numbered among the forgotten.

* * *

This old talk about "Cack" Henley being all in, out and down is wrong for the elongated bricklayer still has several good curves on the tips of his fingers and plenty of steam behind the strong right arm of his. He demonstrated yesterday that he is still a pitcher of no first magnitude and he is going to win far more than he loses for the Seals.

* * *

Oscar Vitt and Burrell played third base to the queen's taste yesterday and some of the stops they made saved the game on more than one occasion. When Burrell went over the field and picked up Shaw's slam with one hand and caught this speed-burner at first, he saved that game in the eighth inning for Madden was nearly home when the play was made. And when Vitt went over the ground and grabbed Brashear's hit in first of the ninth, he, too, put off a run, for Burrell would have surely made the plate.

* * *

Henry Berry, the Lemon Hill magnate, was among those present in as loud a suit as ever came over the waters. It was so loud that the players asked him to sit in the shade so that it would not dazzle their eyes. Sir Henneny is up to attend the big meeting of the league today, and above all things to make a strong talk for the double umpire system. Frank Ish, Cal Ewing and Ed. Walter are opposed to this, so it looks as if the proposition will be lost.

* * *

D. E. Dugdale, from the north, will also be on hand, seeking admission to the Coast League for a couple of towns up north. Sizing up the proposition from a business point of view, it looks to be beaten, still we can never tell. The clubs of the north, to the writer's mind, are composed of men who could not make good in the Coast League; therefore they wouldn't be fast enough to compete with the present teams, so it would either mean an uninteresting race or the expending of lots of money to build up those teams, and the man that can get D. E. Dugdale to part with a plugged quarter will surely have to be a Joe Gundy. Moreover, Ewing and Ish don't look with much favor on the scheme either.

* * *

Reports from the south have it that there was a regular rough-house time on the diamond there yesterday during the seventh inning of the Los Angeles-Oakland game. McGreevy as umpire, is alleged to have given a close one against the Oaks that let two Angels over the plate giving them a lead of a run over Wolverton's men. Wolverton and Cameron are said to have torn after the umpire and to have used language that brought them each a fine of $25. Jack Lively is also said to have given vent to his temper and to have went after McGreevy with a bat. As a rule these reports of riots on the ball field generally spring from the minds of some rub reporter, and it would be unfair to condemn anyone, even the umpire, until the true facts come to hand.

* * *

Oakland will not get Pitcher Kenworthy after all, for the Boston team sent in a draft for the man and landed him. From the reports sent out Kenworthy is a first-class pitcher who hits well and fields his position excellently. That is the way the minors don't get the player.

* * *

Several of the big league players still insist that they will don the spangles and join the all-star combination that Mr. Fletcher is promoting in the East. Back comes the National Commission with a threat to suspend the players. We have a fine picture of Terrell, Wagner and a few others being suspended when such notorious contract jumpers as Kling, Chase, Moriarty and others were soon reinstated when the box office receipts fell off.

* * *

It is beginning to look like the passing of Roy McArdle from the ranks of the Seals, for Hunky Shaw is filling his shoes to perfection, and moreover Hunk is hitting the ball right on the seam, something Roy can't do.

* * *

Happy Hogan was the real comedian of the game and caused many a laugh by the way he joshed with the picturemen. "Come on, you picture-shooters; I'll pose if no one else will," and Happy went through all kinds of antics in front of the camera.

* * *

Mr. Fisher of Vernon and Mr. Van Haltren, the ump, had a little run in during the fifth inning that was funny to everybody except Fisher. He was laying on the ground back of the backstop when Van yelled, "Hey, get out of there." "Why, I didn't think you could see that far," sprung back Fisher. "I can see just far enough to tax that remark of yours a 'Y' spot," said the ump. Then all was silence.

* * *

The game tomorrow will commence at 2:30 p. m., while the morning game Sunday will commence at Freeman's Park at 10:10, while the p. m. over the bay will begin at 2:30 as usual.

* * *

Next week brings the Oaks and Seals together for a series of seven games. Five of these will be played in San Francisco, while two will be played in Oakland. The local fans are asking Cal Ewing if he won't give them a chance to look "Mitchell" over if he is still among those present.

* * *

During a batting practice back of the plate before the game a ball bounced back from the screen and hit Jesse Sloval a severe blow under the left eye, cutting the flesh badly. That was the reason that Artie Ross held down left field.

* * *

Out of respect to Cal Curtin, son of President William L. Curtin of the Sacramento baseball club, who was accidentally killed last night, the game scheduled yesterday between the Senators and the Portland Beavers was called off and will be played Sunday morning. Young Curtin was a gatekeeper and assistant treasurer at the local grounds.

* * *

Fielder Jones, formerly of the Chicago White Sox, has whispered the information that he will be at the helm of Comiskey's team in 1911. The glamor of the diamond, also the dollars that is in it, were too much of a temptation for the old boy to overlook.

* * *

Swander received a wire day before yesterday and rushed to Los Angeles taking part in yesterday's game. No mention is made of either Eddie or Hal Maggart being in the fracas twice yesterday.

* * *

Kitty Brashear wants to be a manager and will try and get one of the clubs from the north, if one be admitted. Kitty would make a good man, for he knows the game from A to Z and then back from Z to A.

* * *

Bill Reidy told the bunch yesterday that he was sure the man who hides his real life was a college pitcher. Thanks, Bill, but who cares whether he is a college pitcher or a canal boat engineer.

* * *

Oakland was playing a beautiful game down in Los Angeles up to that seventh inning, and it is a pity that they spoiled their record by letting the goat get loose.

* * *

Wolverton has bad legs and Willie Hogan is at third base. Harry didn't show any weakness in the unpinning, according to dispatches from the south, in getting over the ground in that seventh inning.

* * *

The fact that Orendorff is back in harness is helping the Angels' pitchers a great deal, and those that have pitched so far this week have showed that they want him behind the bat.

* * *

Tyler Christian started to hurl for the Oaks yesterday and got along excellently until the third inning, when five hits gave the Angels two runs. Then in the seventh his wildness really caused all the trouble.

BLOT IS STILL IN THE AIR OVER THIS MONTH'S RING GO

Trying to Match Several Likely Men, but Is Meeting With No Success; Carroll and Keller Would Be Great

By EDDIE SMITH.

THERE is some talk of rematching Sammy Keller and Jimmy Carroll. The club that might secure this attraction would have a card that would be well worth the consideration of the fans. Louie Blot could do a lot worse than make such a bout one of the attractions for his professional show this month. In fact Louie would show a bit of good judgment if he were to sign the little fellows for a ten-round contest.

No judge of boxing who saw the contest of Wednesday night could conscientiously say other than that Keller had a good lead in the matter of boxing points and was a winner. The fact that Keller made a great showing with Willie Canole in four rounds, however, and then in the ten-round contest weakened toward the end makes it possible that in a ten-round contest with Carroll the local boy might win.

CARROLL CONFIDENT OF BEATING KELLER.

Carroll claims that he is confident that he can best the Britisher and Keller surely should have little fear of his chances after winning the other evening, so the match should be an easy one for Blot to make.

If Johnnie Coulon is to meet the winner of the Keller-Carroll contest, as he has promised, we would like to see another match at ten rounds. The principal reason for this desire is to prove the ability of Keller to go the ten rounds. He has shown his ability to go four and six rounds at a fast clip, but in the only ten-round contest he had he weakened at the end and we are somewhat suspicious that Sammy is not fitted for distance battles.

McFARLAND RUNS OUT OF WOLGAST MATCH.

With a declaration that he cannot make the weight of 133 pounds at 3 o'clock on the afternoon of a contest Packey McFarland has declared the Ad Wolgast match off and has refused to put up his forfeit. The Chicago lad was wise enough to test his ability to reduce to the lightweight limit before posting any forfeits and for that reason he will not have to give up any of his money. McFarland asked Tom Jones, manager for Wolgast, to allow him to weigh in at 135 pounds at 3 o'clock, but this the manager wisely refused to do, claiming that his boy would weigh little more than 130 pounds and for that reason had no right in the ring with a man who would weigh more than 140 pounds at ring time.

PACKEY IS TOO BIG FOR CHAMPION.

For a very long time we have insisted that Packey was too big for the lightweights and would have to make the jump to the welterweight class. We said this was the case when he was dickering for the match with Battling Nelson and also said so when he started negotiations with Wolgast. The one thing that led us to believe we might be wrong was the making of 133 pounds early in the day for Freddie Welsh in England. For the Wolgast scrap the stockyards lad claims that he has put in some little time at his training and has only taken off two pounds of the 144 that he weighed. That would mean that he could not make the weight and be strong, so it is just as well that the match is called off.

Wolgast will now be bothered to distraction by Battling Nelson, who claims that he has regained his old condition and that with three months training will be ready to make the German any kind of a side bet that he will be the victor in another long-distance battle.

MONTE ATTELL DEFEATS MORVIC.

Monte Attell invaded Bakersfield last evening and in seven rounds he forced the seconds of Rudy Morvic to throw up the sponge. Morvic was a great favorite with the Bakersfield fans and they had predicted a championship great future for him. The easy win of Monte will put the southern lad out of the running for the title.

LANGFORD FRAMING AGAIN WITH JEANETTE.

Sam Langford and Joe Jeanette are threatening to again meet in a contest with the gloves. Boston certainly has a world of patience with this pair of darkies, for they have met no less than five times and a sixth would prove nothing. Jeanette, of course, makes certain excuses for his last showing with the smaller man and it looks as if the people there are falling for them. Langford can beat Joe any time the men start if he wants to and there is absolutely nothing to be gained by another match. Except, of course, the chance for the pugilists to pick up a little coin.

THE HARVESTER BREAKS WORLD'S RECORDS FOR TROTTING STALLIONS

SYRACUSE, N. Y., Sept. 16.—At the state fair track yesterday The Harvester, the great brown horse owned by August Uihlein of Milwaukee, piloted by Ed Geers, broke his own and the world's record for trotting stallions of 2 02 by stepping a mile, paced by a runner, in 2 01¼.

DENNIS AND HARRIS WILL BOX TONIGHT

Eddie Dennis and Frankie Harris will meet tonight in the main event at the carbarns under the auspices of the United Railroads Club in San Francisco. The boys have been in training for the past two weeks and will enter the ring tonight weighing 118 pounds.

GEORGE TEBEAU DOES NOT SEEK TO BREAK IN ON NATIONAL LEAGUE

CINCINNATI, Sept. 16.—President George Tebeau of the Kansas City club in the American Association says he is not a member of the party which wants to declare war on the national commission and to force the issue for a third major league to a fight. He says, rather, that he wants to have a peaceful adjustment of the difficulties and another major league with the consent of the national committee. It is Tebeau's plan to have major league clubs in Chicago, Pittsburg, Cincinnati, Cleveland, Indianapolis, Columbus, Kansas City and Milwaukee.

He says that peaceable methods alone will produce the result he wishes, and that he therefore will come to Cincinnati within the next few weeks and place before the commission the arguments of himself and backers.

One of the plans that will be proposed at the meeting this evening would cut San Francisco-San Francisco out of continuous baseball next season. Wonder how Ewing, Ish et al. will vote on this proposition?

HELP FOR YOU

WEAK MEN

DR. HALL'S REINVIGORATOR stops all losses in 24 hours. You will feel an improvement from the first dose. We have so much confidence in our treatment that we could safely offer FIVE HUNDRED reward for any case we cannot cure. This secret remedy Enlarges Shrunken Organs, cures Emissions, Impotency, Varicocele, Pre-nature-ness, Gleet, Stricture, Kidneys, Lost Manhood. Drains in the Urine and all other terrible wasting effects of errors of youth or excess; $2 per bottle; three bottles $5. Guaranteed to cure any curable case. Try it. Acts like magic. BOARD TO INCREASE ASSESSMENT IN LOS ANGELES

Scott Shows Oakland Paying as High Front Foot Tax as Southern City.

$80,000,000 LESS THAN STATE'S FIGURES

Raise of Forty Per Cent Was Made at Meeting Last Year.

SACRAMENTO, Sept. 1—That the State Board of Equalization will materially increase the assessment roll of Los Angeles county was indicated today when the county came up for review. Last year an increase of 40 per cent was made over the figure set by the Assessor and this year it was believed that a better showing would be made. However, Assessor Hopkins in his figures for this year is about $50,000,000 less than those set by the State board.

On behalf of the board J. H. Scott explained to the Los Angeles delegation the reasons why last year's increase was made.

MAKES INVESTIGATION

He pointed out that investigation made by the board showed that in most instances real estate and improvements showed but about 40 per cent investment of the actual value. The law requires 100 per cent assessment.

In detail he pointed to instances where 84 sales of property showing a set price of $856,000 had been assessed but 34 per cent of the sale price, again where property sold for $90,027 had been assessed for 8 per cent of the sale price and again where property sold for $398,000 had been assessed for but 36 per cent of the sale price.

SMALL INCREASE

He pointed out that figures for 20 years prior to 1901 show that in Los Angeles the State board had made an increase in the assessment roll of but 17½ per cent as opposed to an increase of 31½ per cent made in San Francisco. He showed that in Los Angeles the capital stock of 108 banks amounting to $26,000,000 had been assessed at $4,900,000 or at 18 per cent of the actual value.

He showed that Oakland with its 150,000 population was paying on its best property as high a front foot assessment—ninety $2.18—as Los Angeles, which with its 315,000 population has for its highest front foot assessment $3567. He showed that property was being appraised for far less in Los Angeles than in Oakland. He declared that the board should have made a 50 per cent increase last year instead of 40 per cent.

NOT MUCH ACCOMPLISHED

On account of part of the Los Angeles delegation failing to arrive in time not much was accomplished at the morning session. The following representative men were present however to present Los Angeles' side of the case this afternoon:

E. W. Hopkins, Assessor; Deputy Assessor E. O. Weed, Supervisor Manning and Members of the Real Estate Board D. C. McCabe, R. W. Friburg, George Black and Alexander H. Macklin.

When the board had concluded examination of witnesses from Los Angeles this afternoon the San Francisco case was taken up. Quite a delegation from this city was present and included Assessor Washington Dodge, Supervisors Walsh and Kelly, Clerk Hagerty and the following representative citizens:

A. L. Harrigan	J. R. Howell
William White	W. J. Hutton
O. C. Stone	M. W. Hiatt
A. H. Miller	J. C. Corbett
K. J. R. Tobin	Robert Shipton
F. R. Delist	

San Francisco's assessment for 1910 is placed at $1,102,161. In 1909 it was fixed by its Assessor at $119,807,107 and was increased by the State board $46,235,554 or about 17 per cent.

Los Angeles' assessment for 1909 was $120,671,600. These figures were increased by the State board $163,730,117. The figures submitted by the Assessor for this year are $1,2,711,44.

M'ELROY MEMORIAL CONTRACT IS LET

Contract for the McElroy memorial fountain was let this afternoon to the Colusa Stone Company for a Georgia marble affair on a bid approximating $10,000. Work is to be commenced immediately.

HILL INVADES HARRIMAN LAND

The Surveyors Stake Out Line Directly Through Pelican Lodge Estate.

PORTLAND, Ore., Sept. 1.—Hill invasion of Harriman territory has never been brought more forcibly to the attention of the public than now soon after the death of the great railroad financier. J. J. Hill, the greatest business rival having his surveyors stake out a line directly through the Pelican Lodge estate of the dead magnate on Pelican Lake Bay, Ore.

C. F. Lumm, president of the Vital Motor Car Company has just returned from Pelican Lodge with the news that when he visited the country home of the late E. H. Harriman the Hill surveyors were at work within the precincts of the estate.

They have surveyed a line directly through the estate cutting it in half. The line is that of the Portland & Eastern, running east from Medford to connect with the Oregon Trunk line down the Deschutes Canyon.

Neglectful Father Is Given Another Chance

SAN FRANCISCO, Sept. 1—James P. Race, accused of failing to provide for his minor children and found guilt in Judge Lawlor's court, was admitted to probation this morning. The court took pity on him because he had been out of work and released him on his agreement to pay $25 toward the keep of his little ...

START WORK ON OUTDOOR CITY PARK GYMNASIUM

City to Meet Demands of School Children With Another Lot of Playground Apparatus; Best of Material Used

Workmen started today weeding, leveling, grading and rolling ground at the De Fremery park playground preparatory to equipping the second complete outdoor gymnasium for the school children of Oakland. The work is being done under the direction of the playground commission and has been authorized for some time. It will meet the needs of a host of children in West Oakland who have been forced to rely upon makeshifts for a place in which to play.

The work of fitting up the new playground and open air gymnasium will include the building of a division fence between the boys' and girls' sections of the playground and the installation of a large amount of equipment. The playground commission has applied to the park commission for permission to take in certain amount of land on the east side of the playground to square the tract to be used for this purpose.

MATERIALS OF BEST

The equipment to be installed has been contracted for by Superintendent of Playgrounds George Dickie. It will be on permanent steel pipe tested and tempered especially to meet the demands of the playground construction. Swings, seesaws, slides, flying rings, traveling rings, horizontal bars, sliding poles, gliders, trapezes and other apparatus dear to the heart of the school boy and girl for the exercise of recreation hours will be installed on this frame work for the open air gymnasium.

It is also planned to construct a shelter building for boys and girls with showers, locker rooms and other conveniences. An effort will be made in this connection to have the old De Fremery residence turned over to the playground commission for the use of the boys and girls.

The old two story residence is in good repair and could be remodeled to fill the requirements without great expense. It is projected that reading rooms and club rooms should be arranged for, rooms for the meetings of the mothers' clubs and a large assembly hall for the indoor winter games, folk dancing and programs at night.

: Divorces in the News Today :

Unhappy Wife Declares Her Spouse Turned on Gas in Attempt to Murder

SAN FRANCISCO, Sept. 1—Accusing her spouse of attempting to kill her and commit suicide by turning on the gas in their home and later of threatening to destroy her beauty by throwing vitriol at her, Mrs. Eliza Bartolozzi filed suit for divorce against Antonio Bartolozzi this morning. She says her husband is idle and profligate and that he has not supported her for more than a year.

On January 6 at their home on Moulton avenue she sets forth he struck her with his fist and later when she was in bed shut the doors and turned on the gas saying he was going to kill them both. She screamed according to the complaint and fought with him until neighbors rescued her, whereupon she fled to the home of her mother at — Alhambra street.

She avers that he came there and ordered her to return to him and that when she wouldn't he threatened to throw vitriol at her. She asks for the custody of their child and suitable alimony.

ACTRESS WINS HER DECREE

SAN FRANCISCO, Sept. 1.—Mrs. Carlyn Forest, a pretty and petite actress, formerly of the Kolb & Dill company, took the witness stand in Judge Cabaniss' court today to support her suit for divorce against Ralph D. Forest, a musician. She presented a bewitching figure as she sat looking archly up at the court and detailing the desertion of her spouse and his failure to provide for her.

She told Judge Cabaniss that she was married in Oakland in December 1906 and that hubby was at present in Portland. Tiny Bidekoff, who is at present playing at the American Theater, corroborated Mrs. Forest and she was granted her decree and allowed to resume her maiden name, Carlyn Phillips.

WANTED PA TO PROVIDE

Lella Meleen was granted an interlocutory decree of divorce this afternoon from Niles J. Meleen, a non resident, by Superior Judge Ellsworth on the grounds of desertion and wilful failure to provide.

The couple were married in Portland in 1900 and Mrs. Meleen told the court that although her husband had a regular income of from $200 to $300 a month he would not provide for her in any way, giving as his reason that as long as her father would give her money that was good enough.

"Mr. Meleen developed into one of the meanest and most penurious men I have ever heard of," said Mrs. Meleen. "One day when I asked him for money he threw a chunk of laundry soap at me and when it went out of a window he cursed me for causing it to be wasted."

WAS TOO MOROSE

Edith L. Kennedy has been granted an interlocutory decree of divorce in the Superior Court from Richard C. Kennedy on account of his morose disposition.

"He has done nothing but sulk and growl ever since I married him," Mrs. Kennedy told the court. "He has also said to me repeatedly that he regretted having married me because it had cut him off from his old friends and associations."

SAYS HE WANTED CHILD TO DIE

Anton Schwartz refused to get medicine for his sick boy according to Pearl Schwartz's complaint for a divorce, which has been filed in the Superior Court, declaring that he wished the child would "kick off." Mrs. Schwartz also charges that her husband drinks to excess and that he was brutal to her as well as their son.

MANY DECREES ARE ENTERED

The following decrees have been entered: To Violet from E. W. Herrick, habitual intemperance; to Byron J. from Nellie F. Sanford, desertion; to Alice M. from George W. Eustis, desertion, and to J. H. from Tillie V. Christiansen, desertion.

The marriage of Albert A. and Henrietta S. Allen has been annulled because at the time it was contracted Allen was under age.

SPALDING GETS COUNTY MAJORITY

San Diego Man Given Greatest Advisory Vote for United States Senator.

A. G. Spalding of San Diego received the greatest advisory vote in this county for United States senator at the primary held two weeks ago, the total number of ballots cast for him being 2,710. The vote for the other candidates was as follows: Edwin A. Meserve, 1,0—; John D. Works, 17,070.

This is the showing made this morning by the canvass of the vote completed by County Clerk Cook. The effect of this vote upon the members of the next legislature in the matter of selecting a candidate to succeed United States Senator Frank P. Flint remains to be seen.

The count has been made by senatorial and assembly districts, of which there are eleven in Alameda county and all of these with the exception of the Fifteenth senatorial and the Forty-second assembly were carried by Spalding. In the former of these J. D. Works won by 71 and in the latter by 57 votes. The vote by districts is as follows:

VOTE BY DISTRICTS

1— Senatorial District	
Edwin A. Meserve	641
A. G. Spalding	901
John D. Works	674
11— Senatorial District	
Edwin A. Meserve	1102
A. G. Spalding	2401
John D. Works	1903
1— Senatorial District	
Edwin A. Meserve	2126

HOME CLUB PLANS FIRST ASSEMBLY

Review and Analysis of "Chantecler" to Be Given This Evening.

The Home Club will hold its first assembly for this season tonight. Dinner for members will be served at 6:45 and at 8:30 Madame Jeanne Lowenburg of San Francisco will give a review and analysis of Edmond Rostand's "Chantecler" in the auditorium. At 9:30 there will be dancing in the ball room and cards in the drawing room and in the gymnasium an exhibition game of basket ball will be played by Messrs. Geoffrey Puss, Andrew Smith, Dening Maclise, Wade Reynolds, Harold Reynolds, Oliver Hunt, Stuart Kelly, Arthur Grant, Crocker, F. Carson, Molly, Tobse, Tyson, Harris, Garrison, McPhee. Umpire—Amos Hunt of the University of California, Eugene Hall. During the intermission of the game there will be a wrestling bout by Messrs. L. Taylor and P. Smith. Referee—Professor Light of the University of California; a single stick contest by Messrs. Percy Slater and F. Strauss, referee Mr. O. F. Fritsch; Bushrod Park playground instructor; fancy club swinging by Mr. N. T. Moody and exhibition fencing by Dr. M. L. Greene and Mr. O. Fritsch.

MANY NEW FEATURES

Among the new features of the Home Club arranged for this year is that of open house every Thursday, when members are given the use of the club house for the entertainment of personal guests and many delightful luncheons, dinners, card parties and dances will be arranged.

On Mondays and Thursdays the gymnasium and tennis court are reserved for members and accompanying guests and the men members particularly enjoy the gymnasium and tennis court where many a hotly contested game of basket ball or tennis is played by electric light.

The library is accessible to members on Sunday afternoons, a privilege much appreciated.

The club officers for this year are: President, Mr. Harris Cebert Capwell; first vice president, Mrs. Granville Shuey; second vice president, Mr. J. Howell; third vice president, Mrs. Geo. B. M. Gray; recording secretary, Miss Marion Ellis; financial secretary, Mrs. Chas. Cornell; treasurer, Mrs. W. W. Crane.

Colored Women Fight Following Quarrel

Following a lengthy altercation between Mrs. Winnie P. Blake and Miss Vivian Knighton at the Blake residence, 810 Center street in West Oakland, Vivian drew a large razor from some place of concealment about her garments and threatened to cut the heart out of her hostess. Mrs. Blake succeeded in escaping by dodging behind a table and getting out of the room. She called the police and Miss Knighton was taken into ...

Spooner Burned Too Much Gas and Lands Behind Bars

SAN FRANCISCO, Sept. 1—The spooning of Fred Johnson and Irene Garcia, the latter of 227 Langton street, has been beset with difficulties, the chief of which was the burning of the illuminating gas until the late hour, when Fred called regularly each night. It appears that the couple preferred the brilliancy of illumination, rather than the light of the moon peeping through the parlor window, for Andrew Garcia, father of the prospective bride, objected strenuously to the increased gas bill. He remonstrated with Johnson to no purpose, and in a quarrel last night blows were exchanged and Johnson was arrested for disturbing the peace.

Today Judge Shortall, after hearing the testimony and learning that the nuptial knot is still to be tied, bade Fred to go on his way, but cautioned him to burn a lamp hereafter.

EDUCATION BOARD GRILLED BY MAYOR

Noy of Alameda Says They Have Been Derelict in Their Duty.

ALAMEDA, Sept. 1—W. H. Noy, mayor of Alameda, is censuring the board of education for its delay in adopting a plan for the Washington school to be erected at Eighth street and Santa Clara avenue and cites the fact that the city has nine councilmen and that it has not taken that body more than five minutes to decide issues of the greatest importance in the last two years.

That the board of education was also dilatory in the selection of a design for the Haight school is the contention of Mayor Noy, who said this morning that the school directors were wasting valuable time which should be employed in the building of the new school at Eighth street and Santa Clara avenue.

Mayor Noy intimated that some of the school directors were derelict in their duties because they had gone on vacations and into the country, when the city needed them.

HAVE BEEN WASTING TIME

"The school directors have been dilly-dallying instead of awarding a plan and having building operations commenced on the schools' structure. The excuse is made first that one director is in the country and no action can be taken and then other reasons are given for the delay. The city has nine councilmen and in the last two years it has not taken that body more than five minutes to decide issues of the greatest importance, but we have five school directors who cannot agree upon a set of plans. The money has been provided for the Haight and Washington schools and the city is paying interest on it so there is no just cause for the delay of the board of education in selecting plans. Let them get busy."

Plans submitted to the board of education by architects several months ago for the Haight school were rejected and specifications readvertised. The plan was recently awarded to Cunningham & Politeo, but as yet there have been no plans awarded for the Washington school, although ten designs, which the board says are all good, have been submitted.

ACQUIT CHINESE OF YEE MURDER

Yo Kim Yew, Third to Be Tried on Charge, Gets His Freedom.

SAN FRANCISCO, Sept. 1—Ho Kim Yew, a member of the On Yick tong and one of the first Chinese arrested in connection with the bloody highbinder war of last winter, was acquitted by a jury in Judge Dunne's court this morning of the murder of Yee Fon Wo.

The jurors deliberated less than an hour and the Chinese present in the courtroom were jubilant over the decision.

This is the second trial of the defendant and the third for this particular crime, himself and his alleged accomplice having previously had disagreements.

Ho Kim Yew was arrested on election day, November 2, and accused of shooting down his victim in Church alley. Yee was a member of the Yee family which was at war with the On Yicks because of the love of one of the latter for a slave girl of the former.

SHELLMOUND PICNIC PROCEEDS TO GO TO TRADES ORPHANAGE

The big feature of Labor Day on both sides of the bay will be the annual picnic at Shellmound Park in the afternoon. The plan this year is to give the entire proceeds of the park to the orphanage which is under the management of the California State Building Trades Council. A movement is now on foot to enlist volunteers for the selling of buttons to swell the fund. Registry of these volunteers is being made at ...

Improvements in Oakland

Work Is Commenced in Market Street to Widen It From Third to San Pablo Avenue; Car Line Is a Probability

With the completion of several blocks of grading and paving of Market street in accordance with the orders of the City Council the contractors doing the street work have reported that the property owners have signed up for the completion of the entire street from Third street north to San Pablo avenue. This means the putting into commission of one of the finest and most important thoroughfares in the city.

The street work as ordered includes the setting back of the curbs on each side of the street four feet, thus making it one of the wide cross streets of the city. It taps the business section of West Oakland for all of North Oakland and is destined to be the main business artery of this section of Oakland.

Residents of Market street are having the improvements put in with the expectation that the Oakland Traction Company will in time run a car line south on Market from San Pablo to Third street. Verbal promises have been given that this line will be put in ultimately and the people are basing their hopes upon the fulfillment of this promise.

Since the improvements have been under way property values have been on the rise and more business is being done along Market street. The Council has acceded to the request for an authorization of the installation of electroliers. These are to be put in by the business firms of the section of Market street between Twelfth and Eighteenth streets.

Following the established custom in the matter of installing electroliers the business firms will meet the initial cost of placing the electrolier while the city will agree to maintain and furnish light after the installation has been completed. The lighting of the business section will be a great improvement.

The work of grading, paving and setting back the curbs on Market street is being done by the Barber Asphalt Company. The company has the street torn up in part and much of the work has already been completed. Contracts have already been signed by property owners between Third and Eighteenth and between Seventh and Twelfth the street work has been completed.

Several weeks must elapse before the work will be finished on the street and when this is done the improvement clubs, residents of the district, business men and members of the city council will join in a petition to the Oakland Traction company to have the car line extended down Market street to the one of the Western Pacific. The street car facilities in this section of the city are at present inadequate to the needs of the people and an effort will be made to bring them to the high standard of other portions of Oakland.

ROTARY CLUB TO OPPOSE FRANCHISE

The Organization Will Employ Lawyer to Take Matter Into Courts.

At a weekly luncheon of the Tri-City Rotary Club held this afternoon, it was resolved to oppose the granting of the crossways franchise to the Southern Pacific Company. H. C. Montgomery made a speech in opposition of the franchise and asked that steps be taken to stop the grant if possible.

He called for contributions towards a fund to finance the employment of a lawyer to take the matter into the courts. After a little discussion the matter was referred to a committee consisting of H. C. Montgomery, John Aubrey Jones and N. O. Anderson.

Chairman W. C. Poole appointed a committee to work with the Home Industry League of San Francisco in furthering the campaign for home products. The committee is composed of Messrs. Robertson, McCarron, Jones, Poole and Greensfelter.

BROWNE CASE IS NEARING AN END

Last Witness Gives Testimony and Summing Up Begins.

CHICAGO, Sept. 1—The last witness in the trial of Lee O'Neil Browne, charged with having bribed Representative White to vote for William Lorimer for United States Senator, gave his testimony in Judge Kersten's court today and State's Attorney Wayman began the summing up for the prosecution.

The indictment voted by the grand jury yesterday against P. H. Keeley, a Browne witness, was returned in court today and bond fixed at $10,000. The bill charged perjury.

Keeley was a city detective assigned to the State's Attorney's office. He testified for Browne however, declaring that he had been ordered to treat Beckmeyer right and that pursuant to such instructions he had plied with drinks Representative Beckmeyer, who was one of the Democratic representatives who voted for Lorimer. Keeley said that Beckmeyer was intoxicated when he confessed to receiving $1000 for voting for Lorimer.

WATCHMAN VICTIM OF LOCAL TRAIN

Run Down by Southern Pacific Local Near His Home.

While crossing the Southern Pacific tracks at the yards at West Oakland on his way to his home Charles E. Gribble, an aged watchman for the railroad company, was run down by an Alameda local at 6:40 last evening and died immediately from his injuries. The old man became confused in avoiding a switch engine and stepped in front of the westbound Alameda train.

The accident occurred at the foot of Pine street while Gribble was on the way from his residence at 726 Union street. He was 60 years of age and a native of Scotland. He is survived by a wife and six children, all adults.

Disturbs Audience and Encounters Law

Enraged because he had been thrown out of a nickelodeon at Seventh and Campbell streets for disorderly conduct, Tony Cardoza fortified his courage with several drinks and the assistance of his friend Joe Silva last night attempted to make good his threat of cleaning out the whole show. Before he could succeed in his plans he was placed under arrest on the request of the proprietors of the place, who were prepared for trouble.

Stolen Ride Results in Death of a Tramp

BAKERSFIELD, Sept. 1.—An unidentified man who was beating his way on a freight train was killed this morning about 6 o'clock when the train became uncoupled between Reese and Edison. The only means by which he may be identified were tattoo marks on each arm, as he ...

SKINNER TO HAVE HIS THIRD TRIAL

Jury Are Again Unable to Reach Verdict in Felony Case.

For the second time a jury failed to convict Sedley Carfeld Skinner today in the criminal department of the Superior Court after his trial on a felony charge in which Belle Kistler, 15 years of age, appeared as complainant. At his first trial the jury was unable to reach a verdict. After a rehearing the second jury retired yesterday. It remained out twenty four hours and reported to Judge Everett J. Brown when court was convened at 10 o'clock this forenoon that there was no possibility of a verdict being reached.

SEVEN TO FIVE WOULD CONVICT.

For a while last night the jurors stood seven to five for conviction. Then another juror went over to the side for conviction and there the deadlock occurred that could not be broken. Judge Brown discharged the jury and continued the case until September 6 again to be set for trial.

Skinner was accompanied in court during his second trial by his young wife while his accuser held in her arms an infant of which she claims Skinner is the father. The Kistler girl admitted on the witness stand that she had been implicated in a number of illicit love affairs aside from that with Skinner and this confession seems to have had most to do with the disagreement of both juries that have sat in the case.

TRI-CITY TO HELP ON ALAMEDA DAY

Rotary Club's Aid Enlisted in Efforts to Make Celebration Success.

The executive committee of the Alameda county day celebration at Sacramento enlisted the aid of the Tri-City Rotary Club at the luncheon of the club held this afternoon in the Athens Hotel.

After several addresses had been made by R. P. Miller, Dr. C. B. N. Clow, A. A. Denison and Charles Cormin, the Tri-city club pledged the attendance of twenty four of its members on the proposed excursion to be run to Sacramento on next Wednesday morning.

Dr. Clow explained the plans for the excursion in a short speech. He said that the excursion would be productive of a better acquaintance with the business men of the various cities at which stops will be made. He told of the plans for the receptions by the Chambers of Commerce of Sacramento and Stockton.

Gorman spoke along the same lines and was followed by Denison, who asked the members of the Tri City Club to give their approval to the celebration. Bernard P. Miller and Kenneth A. Millican also asked the cooperation of the club in making the celebration a success.

Blames Trolley Car for Old Man's Death

Thorough investigation of the killing of James Callahan, who was found dead lying beside the tracks of the Oakland Traction Company at San Leandro Junction August 25 by the Coroner's jury this morning has failed to throw any light on the manner in which the aged grave digger came to his death.

Crews of all the traction company's cars passing this point on the night in question were examined by the Coroner's jury, but denied having struck anybody or having seen the body lying beside the track.

A verdict was brought in that the man had come to his death from a fracture of the skull accidentally caused by an Oakland Traction Company car, but stated that the circumstances of the case were so meager as to make it impossible to determine the persons guilty of having run him down.

There will be no further investigation of the case.

PRO-CONSOLIDATION MEETING TO BE HELD TONIGHT

Many Speakers to Argue for Annexation of Berkeley to Oakland.

COL. IRISH SLATED TO DELIVER ADDRESS

Other Gatherings Scheduled to Take Place Before the Election.

The nearing of the election, which is to be held September 15, to decide the issue of consolidating the cities of Berkeley and Oakland has occasioned the joint pro-annexation committee to announce a series of meetings to be held in Berkeley during the coming two weeks.

The first of the meetings will be held tonight at U-No skating rink, on Allston way and Shattuck avenue. The list of the speakers include both advocates and opponents of the consolidation scheme.

Two of Oakland's officials are programmed to speak at the meeting. They are City Attorney J. W. Stetson and Councilman Albert Elliot, and they will present the views of the consolidation scheme as seen in the official circles of Oakland.

COL. IRISH TO SPEAK.

Colonel John P. Irish is also slated to deliver an address. Oakland will have several other representatives on the platform, including Dr. George C. Pardee.

The consolidation question as the people of the college town see it, will be presented on behalf of Berkeley by the following speakers:

Dr. F. R. Woolsey, T. F. Garber, H. J. Binkel, Professor Albin Putzker and others.

Following the session tonight, the joint committee plans to hold other meetings in Berkeley at short intervals. The list of speakers has not been announced but meetings are scheduled to be held at the following points at specified dates:

Friday evening, September 2, at Lincoln hall, South Berkeley.

Tuesday evening, September 6, at Wilkins hall on Haste street, near Telegraph avenue.

Wednesday evening, September 7, at the Tennis Club on Derby street, near Benvenue avenue.

Thursday evening, September 8, Hillside Club, North Berkeley.

Monday evening, September 12, a meeting will be held in the Finnish Comrades hall in West Berkeley.

PLAN JOINT DEBATE

The final meeting and rally of the campaign will be held on September 13 at U-No skating rink in the center of the college town. It is planned for the windup of the campaign to hold a joint debate and to bring out the strongest speakers who can be obtained.

In furtherance of their campaign in the college town, the joint committee has issued a great deal of literature giving their arguments in favor of the consolidation.

They are bringing their best efforts to bear on the people of Berkeley in the hope of getting them to endorse the consolidation scheme emphatically.

Steals Milk to Stay the Pangs of Hunger

LOS ANGELES, Sept. 1 — Pleading that he was on the verge of starvation, J. B. Bleakmore, who came here recently from San Francisco, told a story of hunger and privation that touched the hearts of the police yesterday. Bleakmore, who says he was formerly employed as a clerk at the Mason and the Brule hotels in San Francisco, was arrested while attempting to steal a quart of milk.

"I admit I tried to steal the bottle of milk," Bleakmore said. "It had been more than 24 hours since I tasted food and I could not resist taking the milk."

When placed in jail a bottle of milk was handed to him. He swallowed the liquid in a few gulps. The jailer then prepared a meal which Bleakmore eagerly devoured.

Clubmen Disturbed; Strikers Are Jailed

NEW YORK, Sept. 1—Seventy four men and eleven women of 300 striking cloakmakers who attempted to parade Fifth avenue today are in jail charged with disorderly conduct following the complaint of members of the Knickerbocker Club that they were being disturbed. The three hundred marching members of the Skirt Cloak and Suit Makers Union were stopped by the police near the club and Inspector McCluskey ordered them to disperse.

"Lazarus had a right to eat the crumbs falling from a rich man's table," cried Samuel Rosenthal, their leader, "why should the rich object to our eating our own crumbs at their gate. Here we are seeking work to buy us those crumbs."

Woman Suicide Shows Gratitude by Bequest

SAN FRANCISCO, Sept. 1—The kindness of Mrs. Rose Nelson of this city to a weak and ill woman was rewarded this morning when $1000 was given to her from the estate of Mrs. Fred Hindman.

Mrs. Hindman committed suicide some little time ago leaving a small estate, and bequeathing $1000 to Mrs. Nelson. She stated in her will that without compensation and out of the goodness of her heart Mrs. Nelson had assisted her for two years in her notion store in the Mission.

Newspaper Attack Rouses Roosevelt

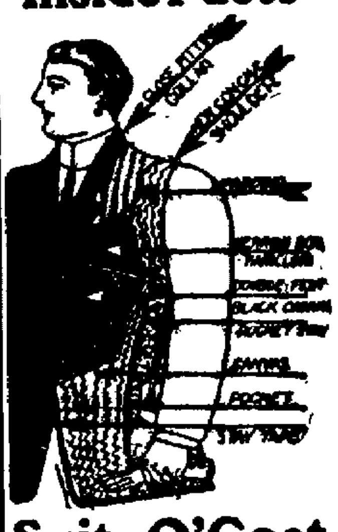

NEW YORK, Sept. 1—Answering an attack in the New York Evening Post, which accused him of taking money from corporations to buy votes, Colonel Theodore Roosevelt in marking in The Outlook today declares the Post's statements are absolutely false and says that the editor who printed them is a liar and every known form of mendacity.

"In the struggle for honest politics there is no more use for the thief than for the ... to end the thief's domination ... can be deaf ... distance," Roosevelt says in his reply.

Eastern Baseball Notes

Ford is ineded the twirling terror of the American League. He is not exploding as the season wanes, but, if anything, growing better.

• • •

Talk about your odd names in baseball, the following short list shows that the Murphys, Reillys, Smith and Jones are being pushed into the background by the comers and phenoms coming from the lowly minors: Rapp, Lapp, Knapp, Krapp, Lpp, Krupp, Knapp and Hipp are now looking for honors. Then there's Bacoff, Kickenbeck and Divorski.

• • •

Harry Colliflower, appointed umpire by President Johnson, was formerly occupied as scout for the Detroit Club. Several of the men who may wear a Tiger uniform some time in the future were tipped of by the man who is now an arbitrator. Many claim that an umpire is in better position to judge a ball player than the man who tries to size the youngster up from a seat in the grandstand.

• • •

A vaudeville performer has invented one that goes like this "Washington—first in war first in peace and last in the American League." But things have changed this year in Washington. The addition of Elberfeld, whom Washington secured from New York, and the much-improved playing of Milan have made the team one to be feared around the American League circuit.

SKIN DISEASES
HUMORS IN THE BLOOD

Nature has made ample provision in the moisture and sunshine of the air for the outward protection and healthy condition of the skin. But the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their stimulus, and the fibrous tissues are all preserved in a healthful state because of constant nutriment supplied by the blood. It is only when the circulation becomes infected with humors or acids that we are troubled with skin affections. The humors producing these troubles are carried through the circulation direct to the skin, and their irritating or inflammatory effect remains until the blood is cleansed. S. S. S. cures Skin Diseases, because it is the greatest of all blood purifiers. It goes into the circulation and REMOVES the acids and humors which are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, rashes, and all eruptions of the skin. When S. S. S. has driven out the humors every symptom passes away, the skin is again nourished with cooling, healthful blood, natural evaporation is renewed, and the skin becomes soft and smooth. Book on Skin Diseases and medical advice free.

'DON'T CARE WHAT IS SAID,' AVERS BALLINGER

"I Am Conscious of Doing My Duty," He Declares at Spokane.

PRAISES PRESIDENT TAFT FOR HIS POISE

"Great Achievements of Executives Have Not Been Realized by People."

SPOKANE, Wash., Sept. 16.—"I don't care what anybody says about me so long as I am conscious of doing my duty not only as a private citizen, but as a public officer. The man who pursues the course that seems to him to meet the obligations of his place in life has no need to fear about the future."

So declared Richard A. Ballinger, Secretary of the Interior, at the noon luncheon of the Chamber of Commerce.

"There never was a time when greater opportunities were laid before the American people than today. There was never opportunity for greater prosperity than today. All the efforts of public men and business men should be to work together in unison for this prosperity, and to see that it is not destroyed by hypocrisy, demagogy or hysteria, which may exist for a time but will pass away.

ALL HARD AT WORK.

"So far as the public service of this country is concerned, every man I know in this administration is laboring first to know the needs of the nation, then to execute these needs within the limits of the law and the Constitution. We have not reached the day, and I hope never will reach it, when the fundamental doctrines of this republic can be forgotten or overlooked.

"This country in its history never had a man more deliberate, better poised, more in harmony with the development of this great nation than William H. Taft. His great achievements perhaps have not yet been fully realized, but they will be realized by the American people."

PROTECTION PAID FOR, IS CHARGED

Grand Jury Charges Chinese Gamblers Expended Large Sums for Privilege.

SAN FRANCISCO, Sept. 16. — "Money has been collected for protection," was the gist of the report made public last night by the grand jury investigating the charges of widespread graft on the Chinese gamblers.

Following the statement that graft had been carried forward the jury charges that the Chinese gamblers perjured themselves to protect the guilty parties. During the last three weeks more than a score of Chinese have been called before the jury.

Fear on the part of the Chinese witnesses for those who are supposed to have collected the graft is said to be the reason for reluctance on their part to testify.

Despite the inability of the witnesses to understand the questions put to them by the inquisitorial body, the jurymen have been able to decide that a systematic form of collecting graft has preyed upon the gamblers.

During the inquiry on the part of the grand jury, District Attorney Fickert was barred from the room. In the first charges both the district attorney's office and the police department was censured.

GRAND JURY'S REPORT.

The report in full follows:

After hearing the testimony in the investigation of the alleged extortion cases in Chinatown, the grand jury has come to the conclusion that moneys were collected for protection but as the witnesses have contradicted each other's statements, it is with deep regret that we must report as we do.

These Chinamen, in our opinion, have all perjured themselves in order to protect the guilty party. In the near future we propose to have the transcript condensed, and those who have committed perjury will be punished.

Moneys have been collected for protection. It may be that Chinamen have been grafting on one another, as some have testified that Chinamen have collected money and stated it was for charitable purposes for both Chinamen and whites.

At present we have not sufficient evidence to warrant any indictment for extortion. Any information as to graft existing in any of our municipal departments will be greatly appreciated by the grand jury. The grand jury would also thank newspapers for their co-operation in this matter, and it is requested that they present in writing any information that they have touching the matter of graft or any other violations of the law.

FORMER PRESIDENT TO DELIVER EARL LECTURE

BERKELEY, Sept. 16. — In a letter received from Theodore Roosevelt Dr. J. K. McLean is informed that the former president will arrive in Berkeley early next March and deliver the charter day address as well as the Earl series of lectures under the auspices of the Pacific Theological seminary.

The lectures will be given at the Greek theater. While in Berkeley the former president will be the guest of President Wheeler of the university. Roosevelt has been honored with the degree of doctor of laws at the University of California.

HELD TO ANSWER FOR ILLEGAL OPERATION

SAN FRANCISCO, Sept. 16. — Miss Adele Wood, physician and nurse, who is alleged to have performed an illegal operation resulting in the death of Mrs. A. H. Less on August 27, was held to answer to the Superior court this morning on a charge of murder, with bonds fixed at $10,000.

Mrs. Less died at Hahnemann hospital after a capital operation had been performed by the surgeons in a desperate effort to save her life. In her dying statement she accused Miss Wood.

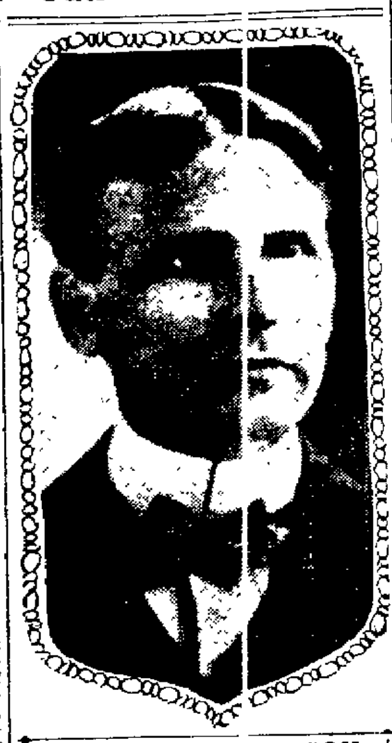

E. Morris Cox Indorsed by Teachers' Association for Van Liews' Place

OAKLAND EDUCATOR MAY HEAD STATE NORMAL SCHOOL

Supported in Race to Succeed Principal Who Was Dismissed by Board.

FAVORED FOR PLACE BY TEACHERS' ORGANIZATION

Assistant Superintendent of Local Schools Candidate to Succeed Van Liew.

PROF. E. MORRIS COX.

E. Morris Cox, who, since the first of February of this year has been assistant superintendent of schools of this city, is a candidate for the presidency of the Chico Normal School, which position was made vacant several weeks ago by the removal, under a cloud, of Dr. C. C. Van Liew, who had filled the place for several years.

Public attention to his candidacy was directed this morning by an article in a San Francisco paper to the effect that, at a conference of leading members of the California State Teachers' Association, held yesterday, Cox was indorsed for the position. When the publication was brought to the attention of Cox this morning he declared that it was the first intimation he had had that the teachers' association was taking an interest in his candidacy. eH declared that he had made no request of the organization and neither did he know that a conference in his behalf had been held. He admitted, however, that he knew that President Lusk of the Board of Chico Normal School Trustees was a guest at the Palace hotel on the other side of the bay and that he had met and conversed with him within the last few days.

NOTED EDUCATORS PRESENT.

The other educators who, it was asserted, had taken part in the conference were Dr. Alexis F. Lange, professor of education in the University of California; Dr. Morris E. Daily, president of the San Jose Normal School, and Dr. Samuel T. Black, former president of the San Diego Normal School. It is said that the three last mentioned interviewed Lusk in behalf of the candidacy of Cox, but the result of the interview could not be ascertained.

Cox this morning admitted that he was a candidate for the position vacated by Van Liew. He had not become a candidate for the position, for which there are at least 30 other aspirants, until the matter had been brought to his attention by some of the members of the Chico Normal School oBard of Trustees. He declined, however, to give the names of the persons who had so approached him. He has turned over to those members the recommendations he has for the position, in the shape of documents showing the educational work he has done while engaged in the profession of teaching the positions he has held and the manner in which he has discharged the duties of the same to the satisfaction of his supetriors and the people directly interested.

SHOWS QUALIFICATIONS.

Cox further declare that he did not seek the place until after Van Liew had been disposed of and that, in his aspiration, he was inspired by men who are eminent among educators, who had assured him that he was available.

Cox commenced teaching in Marin county in 1892 and remained in that position for a year and a half. He then went to Santa Roa and there became successively principal of the grammar school, principal of the High School and superintendent for 15 years. In 1908 he became superintendent of schools in San Rafael, a position which he held for a year and a half and which he resigned when he accepted the post of assistant superintendent of schools in this city on the first of February of this year.

ADVANCES EDUCATION CAUSE.

Outside the classroom Cox has also devoted a great deal of his time to advancing the cause of education. In 1909 he acted as president of the California States Teachers' Association. For four years preceding that he was president of the California Council of Education, dhich is an advisory body to the California State Teachers' Association. He has also a member of the California High School Association from 1901 to 1909.

Cox is a graduate of Haverford College, Philadelphia. He did graduate work in Stanford University and at Clark College, Worcester, Mass. He is a native of Hardin county, Iowa, is barried, the father of four children, and is now in his 44 fear.

Since coming into the employ of the local Board of Eudcation Cox has been considered successful, and has the indorsement in his aspirations by Superintendent McClymonds of the local schools as also Superintendent Bunker of the schools of Berkeley.

BANK RECEIVER MOSER MUST GIVE OVER BOOKS

SAN FRANCISCO, Sept. 16.—Superior Judge Sturtevant this morning directed Receiver W. H. Mooser of the Market Street Bank to turn over their bank books to Charles E. and W. H. Setter, so as to enable them to collect the dividend made payable on February 8 last. This action was taken as the resultt of a petition filed by the Setters.

CHARGES DESERTION AND FAILURE TO PROVIDE

Charging her husband with desertion and failure to provide, Mrs. Jennie L. Harvey filed suit for divorce yesterday against Judson W. Harvey. The couple were married in 1883 in New York and have four children.

DEER MEAT GALORE FOR GOTHAM EPICURES

NEW YORK, Sept. 16.—Three hundred pounds of choice European venison, the first of a series of big shipments, is being unloaded at Hoboken piers today for the consumption of New York epicures. The domestic supply of venison is extremely limited and for the last three years large quantities have been brought each fall from Europe, where the game laws are less strict.

HELLO GIRL AND MONEY DISAPPEAR

Pretty Operator Deserts Desk, Taking Money From the Safe.

SAN FRANCISCO, Sept. 16.—The tale of a bewitchingly beautiful telephone operator, whose physical charms and smooth, persuasive manner succeeded in getting her a position without references, was revealed this morning when Louis Richards, one of the proprietors of the Lincoln Market, swore to a warrant for grand larceny against Mrs. E. Dunn.

About a week ago the firm advertised for a telephone operator. Mrs. Dunn came in response, declared she was the wife of an automobile man and lived in a hotel, but had much leisure time and thought she could take the position. The firm was impressed and hired her. A few days since, the cashier being absent from her desk for a few moments, the strong box was opened and $315.75 taken. At the same time the telephone booth adjoining was deserted and no calls could be had over the exchange. Mrs. Dunn's coat and hat were ther, but she had fled, hence the warrant.

BOUTELLE TO RUN AS INDEPENDENT

Says He Will Beat Rivals on Principles of Responsible Government.

CHICAGO, Sept. 16. — Congressman Henry Sherman Boutelle, who was defeated by nearly 1000 votes in yesterday's primary by F. H. Gansberger, who proclaims himself a progressive Republican, stated today that he would run independently. Boutelle will leave for Washington tomorrow and, it is believed, for Beverly also.

"I will run independently and beat my rivals on the simple principles of responsible, representative government," said Boutelle. "I place no reliance in direct primaries. In my district fewer than one-third of the Republican voters went to the polls. Pure democracy always has been a failure. The initiative and referendum, direct vote for senators—these are vagaries. The idea of 100,000,000 people trying to legislate direct on subjects that individually they do not understand!

"The only thing that might make me hesitate to run is the fact I am a party man. I am willing to accede to the wishes of my party when they are honestly expressed. Yet they were not honestly expressed. The voters were misled by the statements of hired professional liars."

The Congressman said he had received telegrams from 113 constituents asking him to stay in the race.

GOLD WATCH STOLEN.

BERKELEY, Sept. 16.—While he was absent from his room yesterday E. Cooper's apartment was entered by a sneak thief, who stole a gold watch from his trousers pocket. Nothing else was taken. Cooper reported his loss this morning.

SPRINKLED ROADS.

Yosemite Valley

NO DUST—A FINE TRIP

A delightful fourteen-mile drive through the park over well sprinkled roads.

WHY NOT VISIT YOSEMITE THIS SUMMER

Plenty of water in the Vernal and Nevada Falls. The walls and domes are as impressive in the month of August as in the month of June.

Through Reduced Rates From All Points.

WILL WORK FOR 1000 Y. W. C. A. MEMBERS

Campaigners Begin Organized Activity Next Monday Morning.

ARMY OF WORKERS IS ENLISTED UNDER CAPTAINS

Expect to Obtain Desired Number Before Ten Days End.

Enthusiasm in the campaign to secure 1000 new members to the Young Women's Christian Association is increasing, and Monday morning an army of zealous workers under eighteen captains will inaugurate a ten-day crusade for members.

It is believed that they will secure the desired number of members in one-half the number of days scheduled for the battle. Everyone of the women interested in the cause is optimistic, and they say that there is no doubt that there will be 1000 new members before the lapse of many days.

The members of the Young Women's Christian Association are noted for the earnest way in which they undertake things and they will maintain their standard in the campaign, which is at present engaging the attention of every member who is loyal to the organization.

WORKERS ORGANIZED.

Mrs. Harriet Murray is chairman of the membership committee and she will have the assistance of the women of her committee, composed of Miss Bessie Wood, Miss Ruby Glacier, Mrs. Elsie Lake, Miss Harriet Merriam, Mrs. Breese, Miss Mae Baudin, Mrs. J. J. Warner, Miss Alice Wythe and Mrs. W. W. Ferrier.

Among the captains, who will have the co-operation of the officers of the association in directing the squads, are as follows: Mrs. W. F. Lake, Mrs. J. J. Warner, Mrs. W. W. Ferrier, Miss Alice Wythe, Mrs. B. R. Breese, Miss Harriet Merriam, Miss Bessie Wood, Miss Leora Horgliton, Mrs. Oscar C. Boyd, Mrs. Helsen, of the Home Club; Mrs. W. J. Rayhond, Mrs. H. P. Carlton of Ebell Club, Mrs. Oscar F. Long of the Oakland Club, Miss Ella Hill and Miss Zelva Brown.

One of the first captains to report that her corps of lieutenants was complete was Miss Douglass Whitehead. They will be designated as the "College Company and are as follows: Misses Winifred Bangs, Alice Berry, Pearl Dewing, Elsie Gunn, May Haworth, Lela Lenfest, L. Morse, Emma Pfeuger, Edith Rickley and Claire Soule.

The second company is composed of the members of the Tokalon Club, which is one of the recent societies formed in the Young Women's Christian Association. Miss Sally Skelley will be the captain. The workers will be Misses Laura Burtchaell, Hortense Smith, Maud Middleton, Idell Batchelder, Regnhild Ostrom, Ida Cheshire, Garland Wentworth, Mae Baudin, M. Augusta and Marie Clement.

TRIPLE AMOUNT SPENT IN FIGHT

Report of Anti-Tuberculosis Work Will Be Made at Rome.

WASHINGTON, Sept. 16.—Official announcement that the seventh international congress on tuberculosis will be held in Rome, September 24 to 30, 1911, was made today from the headquarters of the National Association for the Study and Prevention of Tuberculosis.

It is expected an American committee of 100 will be appointed as the official body representing the United States. The National Association announces that this committee will be able to give a flattering report at the congress.

The number of agencies in the United States has tripled in three years. More than twice as much money is being spent in the fight against consumption by private societies and institutions and the appropriations for tuberculosis work by Federal, State, municipal and county authorities have quadrupled.

MAN WHO KILLED OFFICER IS ACQUITTED

MUSKOGEE, Okla., Sept. 16.—C. L. Pratt, who shot and killed former Deputy United States Marshal Dick Terry at Tahlequah last June, was acquitted today. Pratt, who was cashier of a bank at Kansas, Okla., pleaded self-defense.

A NORMAN DEL MARTIN

A man who has for twenty years been delving into the mysteries of the occult making a scientific study of the various methods of reading the lives of people seems to have reached a higher round in the ladder of fame than his predecessors. He gives full names dates facts and figures. Reliable and important advice on all affairs in life past, present and future.

DO YOU WISH TO KNOW
How can I have good luck?
How can I succeed in business?
How can I make my home happy?
How can I conquer my enemies?
How can I marry the one I choose?
How can I marry well?
How soon can I marry?
How can I conquer my rival?
How can I make any one love me?
How soon will my lover propose?
How can I get a letter?
How can I get a good position?
How can I remove bad influences?
How can I control any one?
How make distant ones think of me?
How can I settle my quarrel?
How can I hold my husband's love?
How can I hold my wife's love?

DEL MARTIN tells all and never asks a question. He instructs you how to remove the cause of any trouble sickness bad luck failures in business and starts you on the road to success and happiness. Consult this wonderful man at once. He teaches the power of control all secret influences that enables you to control husband wife or sweetheart. There is no home so dreary and sad no life so blighted that cannot be set right and kept right after a visit to this most scientific prophet of modern times.

A Norman Del Martin is permanently located in his own home where his callers may enjoy the strictest privacy.

Fees in reach of all. Rich and poor treated alike. No money in advance. Hours 10 a m to 7 30 p m Sundays 1

ROSENHEIM & SHANNON,
Bacon Court, Oak., 12th and Washington.

INVESTORS IN EUCALYPTUS LANDS.
An unsurpassed opportunity to secure from twenty-five acres up of eucalyptus in the famous Santa Maria Valley, where the fertile soil and its proximity to the coast makes ideal conditions for the growth of these trees.
The first year you plant the trees, the second and third years you care for them, the fourth year you pay one-fourth on the purchase price of the land and one-fourth each succeeding year for three years. The land is limited to a few hundred acres in quantity and first come first served. A snap like this has never before been offered in California.
Get in on the ground floor and secure a grove worth while for little money.
For further details write A. L. Stanley, Santa Maria, Cal.

REAL ESTATE

INSTALLMENT HOMES

You can buy almost any kind of a home on monthly payments like rent, whether it is a 3, 4, 5 or 6-room cottage or bungalow, or a mansion of any size or style. Usually $100 cash down on a place costing $2000, and about $20 a month, will do—and the same payments in proportion on any sized property. This list merely gives an idea of what can be done. If you're looking for a home, let me show you the many places now on my list or let me give the descriptions and location of them so you can go and examine the property yourself.

SNAP—$150 down, $30 per month; classy beamed and paneled 5-room bungalow in Linda Vista Terrace; a very desirable place.

$250 down; four classy, brand new bungalows of 5 rooms each, with every modern convenience, including disappearing beds; large lots; high ground; nice location in East Oakland and the price is only about $3000 each.

$1000; $100 down or less; 4 rooms; plain little cottage one block from Fruitvale electric line. (5360)

$5500; $300 down; two flats of 3 and 4 rooms; live in one and let the rent of the other (which is always rented) pay the installments; close to San Pablo ave. and 30th st. (6090)

$2600; $300 down; 5 rooms; fine elevated location; large lot; among pretty homes; close to cars.

$2850; $300 down, $25 a month; new and modern cottage, 5 rooms and bath; lot 32½x100; one block to school; cars pass door; close to Key Route; sunny side of prominent street. (6749)

$2850; $100 down; 5-room bungalow; beamed ceilings; 30-foot lot; sunny front; street work all done; electric line right there; in East Oakland.

$3250; $250 down, small monthly payments; 6 rooms, bath, high basement; wide, prominent business street; fine place for a store; lot is nearly worth the money; one fine buy.

$3750; $875 down, small monthly payments; 7 rooms and bath; near 35th and Grove. (2696)

Here is a perfect beauty of 8 rooms, corner lot, garage, etc.; price $18,000, including carpets and draperies; make your own terms; all the owner wants is a responsible party to occupy the house and pay installments.

$12,000—Mansion about 14 rooms; elevated corner, 150x140, with stone coping, lawn, rare shrubs and trees, gravel driveway and very attractive surroundings; wealthy owner will make any kind of terms you want.

WILL BUILD TO SUIT—Any kind of a cottage you want on 40-foot lots, nicely located in Fruitvale, and all you have to pay is $100 down or so. We provide plans or you can do so. Our client has several vacant lots and will build to suit for responsible parties at very low prices.

I have lots of money to loan at 6 to 7 per cent.

SALMON PACKETS ARRIVE IN FLEET

Six Vessels Arrive From Far North Bringing Cargo of Red Fish.

SAN FRANCISCO Sept 16—During yesterday six salmon packers from the Alaskan canneries came in and two more were reported outside last evening. The latter were the bark Star of Italy and the ship Santa Clara, both of the Alaska Packers Association. They were expected to tow in during the night. The Star of Italy was reported off the light ship and the Santa Clara in the vicinity of Point Reyes.

The six packers arriving before sunset brought an aggregate of 201,088 cases of canned salmon and 1,100 barrels of salt salmon. Bright and early the bark W B Flint, Captain Schmelz, twenty five days from Nushagak, showed up with 28,600 cases to the Alaska Fishermen's Packing Company. She was followed by the bark Star of England, Captain Mortensen, thirty two days from Naknek, with 51,208 cases to the Alaska Packers. The bark Star of India, Captain Christensen, came next, being twenty eight days from Nushagak. She brought 28,600 cases to the Alaska Packers. The ship Indiana, Captain Olsen, twenty-six days from Nushagak with 40,000 cases to the Alaska Packers, towed in in the afternoon. The Indiana had a little trouble in getting away on her voyage home. She stuck for ten hours in the mud of Nushagak river and was towed off by the tug named after the stream. When the vessel struck some of the cannery hands aboard thought she had been wrecked and there was a mild panic for a time.

Late in the afternoon the bark Emily F Whitney, Captain Poggensen, with 32,000 cases to the Alaska Salmon Company, towed in. She was thirty-four days from Nushagak. The barkentine Centennial, Captain Starr, twenty days from Koggiung with 20,950 cases to the Alaska Packers, was the last to make it before sunset. There were about 1350 white and Chinese cannery hands and fishermen brought home by the packets. The bay launchmen were kept busy bringing them ashore and the scene off Meiggs wharf was a lively one during the afternoon. Nearly all the Chinese prefer going to Oakland instead of landing on this side. The reason for this is said to be that they wish to prepare themselves for any tong troubles that may be smoldering in this city.

Codfish Schooner in From the Bering Sea

SAN FRANCISCO Sept 16 — With 48,767 codfish the codfishing schooner Papeete, Captain Pettersen, arrived in port yesterday morning having made an ordinary run of fifteen days from Bering sea. It is understood that this season's codfish catch falls below that of last year. Previous to August 16 the Papeete spoke the barkentine Fremont with fish, schooner Joseph Russ 140,000 fish, schooner Fanny Dutard 145,000 fish, schooner Vega 145,000 fish, schooner Alice 100,000 fish. The schooner belonging to the Seattle fleet. Both the Russ and the Dutard have arrived home. Captain Pettersen reported speaking the ship Tacoma on September 7 in latitude 44 40 north, 142 30 west. The Papeete's cargo was consigned to the Alaska Codfish Company.

Little Freighters Carry Capacity Cargoes To and Fro

Steamer Napa City which is well known in Oakland harbor.

Chinese Smugglers' Case Argued in Court

SEATTLE Sept 16—Before the United States Court of Appeals the question of whether a Chinese seaman not legally in the United States can be admitted to bail after his arrest for a criminal offense was argued today when the case of Ah Look, the smuggler, was brought before that tribunal on appeal. Judge Hanford of the Federal court ruled that a Chinese laborer could not be allowed bail and refused to forfeit the amount deposited by Ah Look. From this decision United States District Attorney Elmer E Todd appealed. Ah Look was a sailor on the steamship Kumeric and was caught trying to smuggle silk into this port. He was arrested and released on $500 bail. He went back to China on the Kumeric and failed to return for his trial. He is believed to be dead.

Drinking Fountain Planned for Ferry

SAN FRANCISCO Sept 16—Engineer Ralph Barker presented plans and specifications for a spur track of the Belt railroad on Pier 21, known as Filbert street wharf, and the enlargement of the wharf, the improvements to cost about $11,000. The plans were adopted.

A communication was received from the chairman of the civic department of the California Club offering to furnish a drinking fountain for the use of people passing through the Ferry depot. The secretary was directed to request the club to submit a drawing of the proposed donation.

The Admission Day festival committee in a communication thanked the Harbor Commissioners for their cooperation in making the recent celebration a success.

Bark Antiope Partly Loaded by a Mistake

EUREKA Sept 16—A peculiar and costly mistake on the waterfront has just leaked out. It was one which necessitated the loading and unloading of about 60,000 feet of rough clear lumber on a foreign bound vessel on the bay. This was the British bark Antiope for Australia which took on that amount of lumber at the Bayside mill a few days ago and after being towed out to this part of the bay had to unload it and ship it back to the mill on a scow. The reason for this was that the lumber was part of an order for another vessel and was taken aboard the Antiope through mistake, but just where the mistake belongs has not been disclosed.

Carries Cargo for South and Europe

In the hold of the Kosmos steamer Radames which sailed at noon today for Mexico, Central and South America and Europe is a cargo of 7000 tons of construction material, the principal items being 1000 tons of canned fruits from California orchards and 1,000 tons of barley for Europe and 2500 tons of general merchandise for southern points. The Radames carries no passengers. The steamer Abyssinia next of the Kosmos fleet to arrive here will be due on September 8th from Europe and the southern coast bringing merchandise from all ports but no passengers.

Torpedo Boats Sail for Southern Ports

The destroyers and torpedo boats which came from Southern California to participate in the Admission Day festivities sailed yesterday on the return trip with San Diego as their destination. One of the boats however, the Perry, did not get out until afternoon. The others sailing were the Lawrence, Stewart, Goldsborough, Hull, Paul Jones, Preble, Rowan and Truxton. The Whipple went up to Mare Island. The Perry arrived here on September 8th.

Big Liner Sails on Fifth Trip to Nome

SEATTLE Sept 16—Leaving on her fifth voyage of the season of 1910 the Pacific Coast Company's steamship Senator sailed for Nome and St Michael this afternoon at 4 o'clock with twenty-two passengers and 1300 tons of general freight. The Pacific Coast Company will dispatch another vessel, the steamship Umatilla, to Nome before the close of Bering sea navigation. The Umatilla will sail September 29th.

TURN VEREIN TO GIVE CONCERT AND BALL

A concert and ball will be given by Oakland Turn Verein Sunday evening at Germania hall. The musical program will be conducted by Professor Galbreth and the affair is being looked forward to with interest by members and friends of the organization.

Service to Antipodes Will Start Shortly

The steamers Moana—now Maitai—and Aorangi, two pioneers of the Canadian Australian line, which are to be put in service between New Zealand and San Francisco by way of the South Sea islands, are being overhauled at Wellington. The first steamer to leave San Francisco will be the Aorangi, scheduled to depart November 26th. The Aorangi will leave Wellington for the Golden Gate on October 22d, calling at Auckland, Papeete and Raratonga en route. The Aorangi is a steamer of 4268 tons register and is 384 feet long with good passenger accommodations.

The new line supersedes the present Wellington-Papeete service where connection with San Francisco has been made with the Oceanic Company's steamer Mariposa. While the Mariposa will continue on the San Francisco and Papeete run the new line will run independently, clear through from Auckland to San Francisco. The time for the run will be twenty one days.

Game (per dozen)—Nominal.

QUAY WALL WORK TO BE RUSHED, IS PLAN

Much Dredging and Many Improvements Lend Much Activity to Estuary.

Work on the quay wall, which will extend westward from Myrtle street will commence within a few days, as preliminary plans are being carried on by Hansborough Brothers, contractors. Structures for the housing of the company's material and executive offices have been erected and actual construction will start probably next week.

In various parts of the estuary a great deal of development is being done in the way of dredging and other work. Under the supervision of city Wharfinger Greer the warehouses belonging to the city at the foot of Franklin street, are undergoing repairs consisting of new flooring and roofing, while the wharf floor will also be improved.

Scarcity of Caulkers

The scarcity of calkers in the ship yards on this side of the bay has caused a great deal of inconvenience to those who have endeavored to have work done. In the yard of F J Hanlon near the Webster bridge several contracts have been held up, owing to the difficulty of obtaining competent laborers to do the work. Otherwise the week has been an unusually quiet one, there having been no large receipts and but one foreign vessel to arrive with a cargo. Small receipts of lumber have come in from the north while shipments of merchandise, fruit, salt and other products from bay points has been up to the average with a slight increase in fruit shipments.

Water Front Notes

The dredger Coronado will leave this week for San Pedro where it will do some government work along the wharves, deepening the channel that lumber schooners may unload their cargoes at yards for up the creek.

The bark Edward May has gone on the ways in the Moore & Scott yards where she will be dismantled and converted into a coal barge for carrying trade on the bay.

Reports from every quarter of the waterfront from the bridge to the long wharf, indicate a quiet week.

RAILROAD'S CONSCIENCE FUND GROWING LARGE

LOS ANGELES Sept 16—The San Pedro, Los Angeles and Salt Lake railroad will devote a growing conscience fund to charity.

The railroad receives about $1500 each year from persons who become conscience stricken after having cheated the railroad out of fares. Seldom do the identities of these persons become known, the amounts simply being mailed to the office of the company.

A man who had come through from Salt Lake on a recent colonist excursion called in person after having secured work and asked for his bill. As he had ridden brake beam the company agent did not know how to classify him. He thereupon insisted paying $2, which was added to the unique fund. The money will be expended upon such worthy cases as come under the notice of the company officials here.

BILLION FEET TIMBER LEVELED BY FLAMES

PORTLAND Sept 16 — Preliminary reports to the forest service here indicate that about one billion feet of standing timber in Oregon and Washington was damaged by the forest fires which prevailed in August.

A portion of this timber is wholly destroyed and part only scorched. The latter class however is capable of utilization if cut into lumber within the next two or three years.

In addition to the expense of sending troops to fight fires the government through the forest service in this district spent $100,000 for labor and supplies used in fighting the fires.

NOTICE OF APPLICATION OF THE PENINSULAR RAILWAY COMPANY A CORPORATION FOR A STREET RAILROAD FRANCHISE UPON AND ALONG CERTAIN STREETS IN THE CITY OF OAKLAND COUNTY OF ALAMEDA STATE OF CALIFORNIA AND OF THE SALE OF SAID STREET RAILROAD FRANCHISE AND ADVERTISEMENT FOR BIDS THEREFOR

TO ALL WHOM IT MAY CONCERN

NOTICE IS HEREBY GIVEN that an application in writing has been made by the Peninsular Railway Company a corporation to the City Council of the City of Oakland County of Alameda State of California for a franchise to lay down construct maintain and operate in the said City of Oakland for the term of fifty years a street railroad with all necessary and convenient switchings crossings sidings connections poles wires and other necessary appliances appendages and adjuncts such railroad to be operated by electricity or such other improved mode of operation as may be authorized by law (except steam locomotives) along and upon the following described route in the City of Oakland County of Alameda State of California said route following a center line described as follows

COMMENCING at a point in the center line of Curtis street distant thereon twenty four (24) feet more or less southerly from the southerly line of Twentieth street there connecting with the tracks of the proposed railroad of the Peninsular Railway Company franchise for which was granted by ordinance No 3089 of the City of Oakland duly passed and approved on the 28th day of June A D 1910 thence curving to the right and into and through private property in a southwesterly direction to a point on the northerly line of Nineteenth street distant thereon ninety four (94) feet more or less westerly from the westerly line of Curtis street thence crossing Nineteenth street and into and through private property to a point on the easterly line of Market street distant thereon eighty one (81) feet more or less southerly from the southerly line of Nineteenth street thence crossing Market street and into and through private property to a point on the northerly line of Eighteenth street distant thereon twenty four (24) feet more or less westerly from the westerly line of Market street thence curving into Eighteenth street to a point on the center line thereof distant thereon one hundred and thirty one (131) feet more or less easterly from the easterly line of Myrtle street thence continuing along said center line of Eighteenth street westerly to its intersection with the westerly line of Myrtle street to a connection with the tracks of the proposed railroad of the Peninsular Railway Company franchise for which was granted by ordinance No 3089 of the City of Oakland duly passed and approved on the 28th day of June A D 1910

AND THAT IT IS PROPOSED by the said City Council to grant such franchise upon the terms and conditions and under the restrictions imposed or required by law and upon the additional terms conditions and restrictions hereinafter set forth and that bids will be received for such franchise and that it will be awarded to the highest bidder that the term for which said franchise or privilege shall be granted is fifty years and that the route to be traversed by said street railroad is that above set forth and particularly described

NOTICE IS FURTHER GIVEN that sealed bids for said franchise will be received up to the hour of 12 o clock M on Monday the 24th day of October 1910 and must be filed with the City Clerk of the said City of Oakland at his office in the City Hall of said City of Oakland and that upon Monday the 24th day of October 1910 at the hour of 8 o clock p m the said City Council will meet at the Council Chamber in said City Hall in open session and will then and there open and read said bids and that thereupon said franchise will be struck off sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor and who shall in addition agree to pay at the expiration of five years after the date of said franchise and thereafter semi annually the largest percentum of the gross annual receipts of such road according to a verified statement of the same—the percentum of such gross annual receipts in no event to be less than two per cent thereof and in the event said payment is not made said franchise shall be forfeited. Provided: only that at the time of the opening of said bids any responsible person firm or corporation present or represented may bid for said franchise or privilege a sum not less than ten per cent above the highest cash bid therefor and said bid so made may be raised not less than ten per cent by any other responsible bidder and such other responsible bidder may also increase the percentage of the gross annual receipts bid for said franchise in such amount as he may see fit and said bidding may so continue until finally said franchise shall be struck off sold and awarded by said City Council to the highest bidder therefor in gold coin of the United States whose bid shall include both the highest cash bid and the greatest percentage of the gross receipts of said road as hereinbefore provided. Each sealed bid shall be accompanied by cash or a certified check payable to the Treasurer of the said City of Oakland for the full amount of said cash bid and no sealed bid shall be considered unless said cash or check is enclosed therewith and the successful bidder shall deposit at least ten per cent of the amount of his cash bid with the Clerk of the City of Oakland before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately then and in that case his bid shall not be received and shall be considered as void and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor subject to the same conditions as to deposit as above mentioned and the highest percentage of the gross annual receipts as herein provided. Said procedure shall be had until said franchise is struck off sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his cash bid therefor as herein provided. Said successful bidder shall deposit with the clerk of said City Council within twenty four hours of the acceptance of his bid the remaining ninety per cent of the amount of said cash bid and in case he or it shall fail to do so then the said deposit heretofore made shall be forfeited and the said award of said franchise shall be void and the said franchise shall then and there by said governing body be again offered for sale to the highest bidder therefor in the same manner and under the same restrictions as hereinbefore provided and in case said bidder shall fail to deposit with the City Clerk the remaining ninety per cent of his cash bid within twenty four hours after its acceptance the award to him of said franchise shall be set aside and the deposit theretofore made by him shall be forfeited and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale as required by law

THE SAID CITY COUNCIL will exact and require from the successful bidder for said franchise a satisfactory promise and undertaking to permit and allow mail carriers in the employ of the United States Government at all times while engaged in the actual discharge of their duty to ride on the cars of the street railroad authorized thereby without paying any sum of money whatever for fare or otherwise and such promise and undertaking on the part of said successful bidder will be made a condition precedent to the granting of the aforesaid franchise

THE SUCCESSFUL BIDDER for said franchise shall file a bond running to said City of Oakland with at least two good and sufficient sureties to be approved by said City Council in the penal sum of $500 conditioned that such bidder shall well and truly observe fulfil and perform each and every term and condition of such franchise and that in case of any breach of condition of such bond the whole amount of the said penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said City Council within five days after such franchise is awarded and upon the filing and approval of said bond the said franchise shall by the said governing or legislative body be granted by ordinance to the person firm or corporation to whom it has been struck off sold or awarded and in case said bond shall not be so filed the award of such franchise shall be set aside and any money paid therefor shall be forfeited and said franchise shall in the discretion of said City Council be readvertised and again offered for sale in the same manner and under the same restrictions as provided by law

NOTICE IS HEREBY FURTHER GIVEN that said franchise will be granted upon the following terms conditions and restrictions in addition to the terms conditions and restrictions required or imposed by law to wit

First—That the term for which said franchise or privilege is to be granted is fifty years and that the route to be traversed by said street railroad is that above set forth and particularly described

Second—Said City Council will exact and require from the successful bidder for said franchise a satisfactory promise and undertaking to permit and allow mail carriers in the employ of the United States Government at all times while engaged in the actual discharge of their duty to ride on the cars of the street railroad authorized hereby without paying any sum of money whatever for fare or otherwise and such promise and undertaking on the part of the successful bidder is made a condition precedent to the granting of the aforesaid franchise

Third—The grantee or the grantees of said franchise his its or their successors or assigns shall have the right franchise and privilege to lay down construct maintain and operate said street railroad together with the right to carry passengers thereon for hire for the term of fifty years provided however that said franchise shall not be construed to give to the grantee or grantees thereof his its or their successors or assigns the right to carry freight for any person partnership or corporation over along or upon the street railroad to be authorized thereby except such material tools machinery and fuel as it may be necessary to transport over said street railroad for the construction operation or maintenance of the said street railroad lines of said grantee or grantees his its or their successors or assigns and excepting also freight for the City of Oakland as hereinafter set forth provided however that said franchise shall not be construed to give to the grantee or grantees thereof his its or their successors or assigns the right to carry oil in oil cars over along or upon said railroad. The City of Oakland upon paying the proper freight charges therefor may have transported all materials and tools necessary for the use of the municipality over the street railroad provided for under this franchise

Fourth—Subject to unavoidable delays and casualties cars for the convenience of passengers must be operated over the said street railroad between the hours of 7 a m and 9 p m of each day at intervals of no more than ten minutes and between the hours of 9 p m and 12 p m of each day at intervals of not more than twenty minutes

Fifth—All street work required by law to be done by the grantee or grantees of said franchise his its or their successors or assigns must be done with the same kind of material at the same time and in the same manner as the remainder in width of the aforesaid streets

Sixth—All trolley poles used in said streets in the construction of said street work must be located on the sidewalks immediately adjoining the curb and must be of iron or of the most approved pattern for street railroad purposes and no hanging arms shall be used and the said poles and all the wires used in connection with the exercise of said franchise must be of sufficient height and elevation above the ground to avoid obstruction to the ordinary use of the streets and must be constructed and erected to the satisfaction of the Board of Public Works of the said City of Oakland

Seventh—The tracks of the said street railroad shall be double

Eighth—All of the tracks of said street railroad shall be constructed of standard flat rails of the most approved pattern for street railways and shall be laid down and constructed in a good and substantial manner and so as to prevent the least possible obstruction to travel and the crossing of vehicles and to conform as nearly as possible to the official grade of the streets over which the railroad is constructed

Ninth—Single fares over said street railroad shall not exceed five cents

Tenth—The tracks of said street railroad must not be more than five feet wide within the rails and must have a space between them sufficient to allow the cars to pass each other freely and sufficient to allow a person to pass freely between cars passing each other on said tracks and when permanently laid they must be as nearly as possible in the middle of the streets hereinbefore designated

Eleventh—The grantee or grantees of said franchise, his, its or their successors or assigns must plank or replank pave or repave, macadamize or remacadamize the entire length of the portions of the streets used by their track between the rails and for two feet on each side thereof and between the tracks where there is more than one and must keep the same constantly in repair flush with the street and with good crossings and such street work shall be done with the same material at the same time and in the same manner as the remainder in width of such portions of said streets. When the grantee of said franchise desires to construct additional crossings sidings, switches or connections after the time for the completion of the construction of said street railroad as provided in Section 16 of this resolution the same shall be put in only upon the approval of the Board of Public Works of the City of Oakland

Twelfth—Street cars used on said railroad when not in use shall not be allowed to stand at any place on the right of way granted by this franchise so as to form in any way an obstruction to free travel over the streets above named

Thirteenth—All cars used on the lines operated by virtue of the franchise hereby granted shall be of modern style and all cars thereon shall be provided with modern style brakes and fenders

Fourteenth —No steam locomotives shall be used as a means of locomotion upon the right of way granted by this franchise and above set forth

Fifteenth—Firemen while in uniform, firemen while in uniform or not when going to or from fires, policemen in uniform, mail carriers in the employ of the United States Government at all times while engaged in the actual discharge of their duty and electricians employed by the City of Oakland while on duty and having badges or documents showing their official character shall be allowed to ride free of charge on said railway

Sixteenth—The work of constructing said street railroad must be commenced in good faith within no more than four months from the date of the granting of said franchise and said work must be prosecuted diligently and completed within eighteen months thereafter unless the time be extended or the uncompleted portion abandoned with the consent of said City Council or unless the commencement or continuance thereof be enjoined, restrained or prevented by legal proceedings and in the event of a failure to comply with these conditions this ordinance shall be void without any action of the Council of said City of Oakland or otherwise. In case of the failure or neglect of said grantee of this franchise its successors and assigns to operate said railroad over said tracks in good faith at any time after twenty two months from the date of granting of this franchise for a period of ninety consecutive days unless such operation be prevented by the act of God or be enjoined restrained or prevented by legal proceedings or the time extended by the City Council the Council of the City of Oakland may declare the right privilege and franchise hereby granted to be forfeited and abandoned and said right privilege and franchise shall thereupon be forfeited and abandoned and said tracks and the poles wires and appurtenances thereto shall thereupon be removed from said streets and the portions of said streets occupied thereby be restored to the same conditions as the remaining portions of said streets and said grantee of this franchise, its successors and assigns shall forfeit to the City of Oakland the sum of one hundred (100) dollars for each month that it or they shall fail or neglect to so remove said tracks and restore said streets

Seventeenth—When the tracks constructed under this franchise shall curve around any street corner the rails of the curve at such point shall not be laid within twelve feet of the curb of the streets forming the corner provided that the grantee of this franchise its successors and assigns may add to the width of any street sufficient property to make effective this provision

Eighteenth—The percentum of the gross annual receipts of said railroad agreed to be paid by the successful bidder for this franchise at the expiration of five years shall be payable semi annually to the City of Oakland on the 1st day of February and the 1st day of August of each year according to a verified statement of the gross annual receipts of such road for the period for which payment is made to be filed with the City Clerk not later than the 31st day of January and the 31st day of July of each year. In the event that the railroad operated under this franchise shall be operated in connection with other railroads or transportation companies and through rates shall be made so as to include the railroad operated under this franchise the proportion of earnings upon which such percentum of gross receipts shall be based shall be such proportion of such through fare or fares as the mileage of such fare or fares over the railroad operated under this franchise bears to the entire mileage for which such through fare or fares are charged

Nineteenth—The grantee of this franchise its successors and assigns shall construct culverts under its tracks at street crossings where necessary for the purpose of draining surface water across the streets upon which its tracks are maintained under this franchise and if existing culverts shall have to be reconstructed by reason of the installation of such tracks the grantee of this franchise shall continue the construction of such culverts across the width of such streets

Twentieth—The grantee of this franchise its successors and assigns shall construct asphalt cross walks at street intersections between tracks maintained by it under this franchise and for two feet on each side of said tracks

Twenty first—The cars of the grantee of this franchise its successors and assigns shall be required to stop on signal to admit or discharge passengers at all street crossings or at such stopping points that may be established by the grantee of this franchise its successors or assigns not to exceed as between said point four hundred feet provided that the requirement as to stopping shall not apply to through cars which said grantee its successors and assigns shall be permitted to run under this franchise in addition to its regular service hereinbefore provided for but no more than two cars attached together shall be run under this franchise at any time

Twenty second—Should the grantee of this franchise its successors or assigns hereafter be granted franchises by the City of Oakland to operate other street railways in said city it shall issue transfers to passengers on cars run under this franchise to the cars operated under such other franchises connecting with those operating under this franchise, provided that this provision shall apply only to passengers who have paid the fare to the point to which they wish to be transferred and provided further that this provision shall not be construed to entitle any passenger to be carried to any point beyond the municipal limits of the City of Oakland upon the payment of the five cent fare

Twenty third—It shall be the duty of the grantee of this franchise its successors and assigns to allay the dust between the rails of its tracks by means of sprinkling with water or oil in accordance with the directions of the Superintendent of Streets of the City of Oakland

Twenty fourth—Where two cars are operated attached together under the provisions of this franchise the grantee of this franchise its successors and assigns may at its discretion operate such two cars with not more than two employes one of whom may act as motorman and the other as conductor upon said cars

Twenty fifth—At the expiration of the life of this franchise the grantee thereof its successors or assigns shall sell to the City of Oakland or its successor at the latter's option that portion of the physical plant which is attached to the street under this franchise at the cost of duplicating such physical plant in its present condition of any value has it earning power

Twenty sixth—It shall be the duty of the grantee of this franchise its successors or assigns in accordance with the lighting schedule adopted by the City of Oakland to illuminate the route of said franchise and in so doing to furnish a minimum illumination of one one hundredth (0 01) candle feet which is to be calculated from certified photometric curves furnished by the manufacturer of the lamp used. The candle feet from any lamp shall be the quotient of the candle power at unit distance along the given angle divided by the square of the distance from the lamp. The choice of the apparatus for the lighting system itself shall be entirely within the control of the said grantee its successors or assigns but the designs of the fixtures required to be installed shall be subject to the approval of the Board of Public Works. In connection with its street lighting circuits the said grantee its successors or assigns, shall maintain suitable instruments which will show that the proper conditions to give the guaranteed illumination are being maintained on its said circuits. The City of Oakland shall have access at all reasonable times to said instruments with the right to test the same and shall be furnished upon demand with such other or further reasonable assurance that the provisions of this franchise relating to illumination are being complied with.

By order of the Council of the City of Oakland, Alameda County Cal

FRANK R THOMPSON
City Clerk.

Oakland, September 13, 1910.

GRACE HAMILTON ELECTED CAPTAIN

Members of Woman's 'Varsity Crew to Begin Training for Race.

BERKELEY Sept 16 — Miss Grace Hamilton who rowed in the sophomore boat at the woman's day activities at the university a year ago has been elected captain of the crew for this year. She succeeds Miss Hazel Myers. It is the plan of the crew to hold races on Lake Merritt in the near future and in preparation for them practice spins will be taken daily.

The interclass race is set for February 22. Efforts are being made to secure a boat house and boats on the lake for the use of the crew.

100,000 Victims of Cholera in Russia

ST PETERSBURG, Sept 16—The cholera epidemic which, originating in Southern Russia has claimed already upwards of 100 000 victims is stretching its way across Asiatic Russia and today was officially declared to threaten the Province of Amur in Southeast Siberia and separated by the Amur river from Manchuria.

The reports now in possession of the sanitary bureau show a total for the season of 182 327 cases with 83 613 deaths.

STOCK PRICES ARE UNCERTAIN

Open Dealings on New York Board Are Small; Market Weak.

NEW YORK Sept 16—Opening dealings in stocks today were small and prices were uncertain and narrow except in a few stocks of minor importance

Declines outnumbered the gains at the outset but there were signs of support Central Leather International Mercantile Marine preferred and American Smelting preferred declined 1 Western Maryland and Manhattan rose 1 and Baltimore and Ohio ¾

There was no market for any considerable amount of stock at the opening figures and prices began to sag Losses reached 3 points in Rock Island preferred 1½ in Northwestern 1 in Great Northern preferred Kansas and Texas Northern Pacific American Beet Sugar General Electric American Car and Bethlehem Steel and ½ in the preferred International Paper rose 1½ and Great Northern Ore Certificates 1

There was insistent talk that an open cut in steel prices was in contemplation In the absence of official announcement this weighed on stocks Business in the second hour was small and the general price movement narrow Bethlehem Steel preferred fell 2½ Central Leather 1⅜ Republic Steel preferred 1½ The tone was easy at noon with trading at a standstill

A heavy undertone pervaded the market but there was little effort made to market stocks speculation being practically nominal National Lead fell 1

The market closed strong and dull

Demand from uncovered shorts caused a hardening movement in the final hour which placed the market leaders higher than yesterday's closing prices Interborough Metropolitan preferred rose 3 the common 1 Delaware and Hudson 2¾ and Chesapeake and Ohio United States Rubber American Smelting and Virginia Carolina Chemical 1 American Wool preferred and Westinghouse Electric declined 1

Bonds were easy

NEW YORK Sept 16—Gibson says Late yesterday it was learned from authentic sources that a well formulated plan is on foot to bring about a considerable decline in prices before any advance of importance occurs The proposed move is of a purely manipulated character but the principals are strong in resources and experience and in fact it would be difficult to name a more powerful clique The plan as mapped out is a very feasible one Some of the larger operators are short of stocks and others are desirous of creating a sound foundation for a bull movement later The bears want lower prices on which to retire commitments and the bulls want bargains The technical situation is not at all weak but there are enough tag end long accounts to make the game worth the candle I believe I am in touch with the situation and that it will not be difficult to find out what is going on Under ordinary circumstances I would pay no attention to such a move as this even if it were to extend to four or five declines but in this case the parties' strength is too great to be ignored For the present would sell stocks on the rallies with a view to replacing at lower prices a little later on

NEW YORK Sept 16 Confident selling by the bears and a fair amount of realizing in Steel kept that stock weak and unsettled the rest of the list The technical position of a professional market was weakened by short covering on the advance making operations for a decline more effective London is somewhat firmer this morning which may help us a little but the bears seem more confident than for some time and will probably fight any improvement Interborough Metropolitan holds its strength and a belief prevails that holders of the stock will in time secure good profits but interest in it is mainly local —McClellan

MONEY AND EXCHANGE.

NEW YORK Sept 16—Money on call easy 1⅞@2 per cent ruling rate 1⅞ per cent closing bid and offered at 1¾ per cent

Time loans firm 60 days 3¾@4 per cent 90 days 4@4¼ per cent six months 4½@4¾ per cent

WHEAT SHOWS GENERAL DECLINE

But Export Business in Manitoba Causes Tendency to Rally.

CHICAGO Sept 16—Following a general decline yesterday in all European and American markets wheat here opened ⅛@¼c to ⅜c down today and went still lower There was considerable liquidation by longs Assertions that some export business was being done in Manitoba caused a tendency to rally December started ⅛@¼c to ⅜c off at 98c to 98¼c fell to 97¾c and recovered to 98⅜c

Reports that Paris was buying turned prices upward Indications of a decline in the world's shipments came also The close was strong at 98⅝c a net gain of ¼@½c

Fine weather led to free selling of corn December opened ⅛c to 1c lower at 53⅛c to 53⅝c The market steadied later at 53⅝c

Cash corn—Close No 2 55¾@56c No 2 white 55¾@56c No 2 yellow 55½@56c No 3 55@55¼c No 3 white 55@55¼c No 4 54@54¼c No 4 white 54@54½c No 4 yellow 54@55c

In sympathy with wheat the corn market declined further and then rallied sharply The close was steady with December at 53½c a net loss of ⅛c

Oats were easier with other grain December showed ⅛@¼c loss on first trades at 35½c but reacted to 35¼c

Higher hogs made provisions strong The run west was light and the week's packing was less than a year ago Opening prices were 20c higher to 2½c lower, with the October option at $20 20 for pork $18 25 for lard and $11 47½ for ribs Much of the gain however subsequently disappeared

The closing quotations were as follows:

Wheat—September 95⅞@95¾c December 98⅝c May $1 05⅜

Corn—September 55½c December 53½c, May 56⅜@56¼c

Oats—September 34c December 35c May 38¼c

Pork—October $19 90; January $18 35

Lard—September $12 32½@12 35 October $12 80 November $11 57½ January $10 65

Ribs—September $11 65 October $11 42½ January $9 72½@9 75

Rye—Cash 73½@74c December 74c

Barley—Cash 50@76c

Timothy—Cash $8@9 50, October $9@9 25 March $9 60

Clover—Cash $ 3@15 75 October $15 75@16 50

CHICAGO Sept 16—The Inter Ocean says To close the Chicago grain market for a primary election and leave all others throughout the country wide open was regarded as a good deal of a farce as well as an injustice to the grain trade of the world by many of the leading grain men yesterday It was said that had the market been open Thursday that prices would have dropped 1c to 2c from the close of Wednesday Liverpool offered the bears more encouragement by breaking badly with spot off 1d to 1½d and Russian cargoes off 9d It was difficult for the average trade to see anything good on the bull side but at the same time an impression prevailed among many of the men who were bearish that the outside markets were depressed to affect Chicago at the opening today and they were inclined to believe that the leading bears will take advantage of the decline to secure profits on short wheat The gossip on corn was bearish and traders said that unless there is frost they expected lower prices with any break in wheat

CHICAGO Sept 16—Bartlett says We continue to feel that the long side of wheat on weak spots is preferable We would be careful about selling corn on weak spots

Finley Barrell & Co says It looks as though wheat would continue to sag until values reach a level which will prove attractive to buyers of cash wheat

S B Chaplin & Co says The cash demand is unsatisfactory and until it develops sharply we believe the market will drag There is nothing in the foreign situation to indicate any export demand of importance so that even with smaller receipts we do not believe it will be possible to bull wheat at prices in the face of present conditions

Sharon Hammill & Co says There is nothing new to be said on this wheat market It is a case of values adjusting themselves to a surplus position How radical this adjustment will be depends on our meeting foreign competition and in part our surplus abroad The much desired goal at this writing appears to be decidedly remote

Walter Fitch & Co says From the manner in which domestic wheat receipts are falling off the foreign situation may not concern this market much for a time The buying of Wednesday's decline was good

Ware & Leland says The growing corn crop is progressing nicely and unless conditions change we may look for a fair sized outturn It is still a weather proposition

GRAIN AND PROVISIONS

By J C WILSON

San Francisco September 16 1910

Wheat—Finished in a whirl with the bulls in control There was further decline early and new low records were scored all around September which sold down to $1 04 December to 3½c and the May touched $1 04½ Around the low figures the market looked sick but an attempt to buy a fair line of wheat by one or two commission houses quickly disclosed that the technical position of the market was vulnerable and the result was a straightaway advance of over a cent and one half with the close at the top prices of the day and fully 1c a bushel over Wednesday's close It may turn out that the low prices of the year were reached this morning The Liverpool market recovered all of yesterday's decline and the market at the close looked entirely different in Chicago than it did early in the day The fact of the matter is there was no good reason for today's early break Receipts at all points were very light Minneapolis Duluth and Winnipeg for two days received only 1436 cars against 3005 cars the same two days last year Chicago and Kansas City and other winter wheat markets also had a light run The weekly clearances for North America outside of the Pacific Coast showed a total of over 2 000 000 bushels and clearances today from the Atlantic and Gulf coasts was nearly 400 000 bushels World's consignments for the week promise to be considerably less than last week, and the visible supply next Monday may not show a very great increase Of course many bulls became disgusted and sold out their wheat on the late decline That with the immense shortage that was created among the trade in general placed the market as we stated in the beginning in the vulnerable position to bring about the upturn that followed Many of the leading shorts however have been quietly covering all week If it turns out the market has seen low figure and has really turned for an advance then bull news will become plentiful again and will be given due consideration Of course today's recovery may be followed by a little temporary setback which would only be natural but there exists in wheat a very strong underlying situation which as we have so often stated in our letters must in due time assert itself in the direction of higher prices

Corn was also weak early with new low records scored all round Later in sympathy with wheat there was also a complete recovery but the lose was under Wednesday It is the consensus of opinion that more than half of the corn crop is out of danger of frost and that the balance of the crop is likely to escape At the same time it will probably take ten days to two weeks more for some of it The question is has a decline in the last week or two not discounted the probability of a good crop? It would seem so

Oats were not so very weak In fact have been showing strength for a week or more Present prices for December and May oats around 35c and 38c look quite low

Provisions close is regular October pork sharply lower while January closed higher October lard and ribs closed higher but October ribs lower while the January closed higher Receipts of hogs today were rather light Commission houses sold product We continue to feel that provisions will sell lower

ANNOUNCEMENT ANNOUNCEMENT

SOME CLASS TO THIS ACT

McCormack and Irving Have a Refined, Classy Little Singing, Dancing and Talking Act at The Bell That Is About the Best Ever Seen in the City.

A [illegible] the act that set the audience [illegible] with delight at the Bell Theater [illegible] as the clever number presented by a happy pair, James McCormack and Eleanor Irving. They are a treat and the nattiest team that has appeared here this season. This effervescent team sing and dance and [illegible] new sayings and you can spell them new with capital letters for their very all is new.

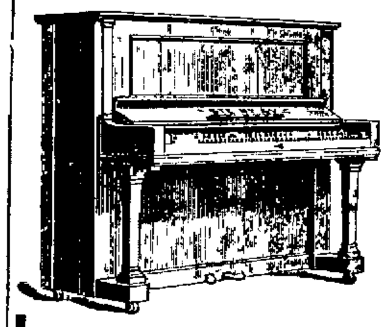

Ordinarily the act would be commonplace but these clever people have their own original way of presenting it and every audience does not seem to be able to get enough of their brand of goods.

Mr. McCormack sings cleverly. Miss Irving is an unusually attractive girl with large eyes, a sweet manner and taking ways. She is very graceful and her gowns are simple and artistic, which is a relief to vaudeville patrons.

Hats off to Eleanor Irving and James McCormack, the neatest and daintiest of vaudevillians.

CHICAGO OFFICE IS DYNAMITED

Explosion Wrecks Quarters of Winslow Brothers, Iron Manufacturers.

CHICAGO, Sept. 16.—A dynamite explosion wrecked the main entrance and blew out every pane of glass in the general offices [illegible] of the Winslow Brothers Company, iron manufacturers, last night. Nobody was injured.

The concussion was felt for a mile distant. Several cottages across the street also suffered broken window panes. The damage is estimated at about $1,000. The police regard it as significant that the bomb was placed directly under the center of the pattern shop and that twenty-five union pattern makers severed their connection with the firm about three weeks ago.

The union molders went on strike about three years ago and operations resumed in the foundry regardless of whether the new men had union affiliations. That strike is still on.

With the removal of the pattern makers the shop [illegible] since the beginning of the trouble with the pattern makers two policemen have been on duty day and night until yesterday, when the officers were used at the polls.

SMOULDERING BLAZE DOES SMALL DAMAGE

Fire which broke out in the basement of 458 Eighth street shortly after 10 o'clock this morning resulted in the turning out of three engines and the usual curious crowd, the damage, however, being confined to a small hole chopped in the floor of a billiard room located above the basement.

The fire which was smouldering is believed to have originated from defective wiring.

WATER QUESTION TO BE DISCUSSED TONIGHT

The regular monthly meeting of the Federated Improvement Clubs of Alameda county will be held in assembly hall, Chabot observatory, Eleventh and Grove streets, tonight at 8 o'clock.

An interesting discussion and possible solution of the water question will be presented. Colonel Irish will offer data on the cost of the present litigation between the People's Water Company and the city of Oakland.

LAD STARTS TO SEE THE WORLD

Twelve-Year-Old Oakland Boy Packs Suit Case and Disappears Across Bay.

Eland Cook, a 12-year-old school boy, who resides with his parents at [illegible], packed his suit case and set out to see the world at noon yesterday and began his journey by going to San Francisco.

His father, H. D. Cook, notified the harbor police of the city this morning of the disappearance of [illegible] [illegible] he would not [illegible] [illegible] [illegible]. He said his son had a great fondness for the water and [illegible] [illegible] [illegible] [illegible] [illegible] from the city.

[illegible] described as [illegible] inches tall, weighing 1? pounds [illegible] [illegible] [illegible] [illegible] [illegible] away from home [illegible] [illegible] adventure.

LIVED LONG WITHOUT PROPOSING OR KISSING

NEW YORK, Sept. 16.—Olin W. [illegible], secretary of the Carnegie Steel [illegible] [illegible] Broadway [illegible] [illegible] handsome, well groomed and bearing all the outward marks [illegible] [illegible] yesterday that never in his life had he kissed a girl or proposed marriage until [illegible] ago.

[illegible] reticently admitted, however, that he is now engaged and that he will be [illegible] [illegible] [illegible] Washington [illegible] [illegible] [illegible] October. [illegible] At his office yesterday he said his twenty years of strict business living [illegible] [illegible] [illegible] [illegible] matter [illegible].

The young woman who has [illegible] [illegible] is Miss [illegible], daughter of Mrs. Sarah Brown [illegible] [illegible] New York [illegible] [illegible] [illegible] expecting [illegible] [illegible].

KILLED IN MOTHER'S ARMS

KNIGHTS [illegible], Sept. 16.—[illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]

EVERHART WOULD WEED OUT [illegible] PITFALLS

Councilman Asks Wilson for a List of Places Selling Liquor to Young Girls Against the Law

That more than 100 firms in the liquor business in Oakland habitually make sales to minors appears from the report of Superintendent of Police Wilson to the license committee last night in response to the request of Councilman Everhart that a list of places selling liquor to minors [illegible] boxes in saloons [illegible] [illegible] [illegible] the committee expressed surprise at this state of affairs as the [illegible] [illegible] less than 100 in the [illegible].

[illegible] it was [illegible] up when it was [illegible] Superintendent Wilson that his report included all places where women were able to obtain liquor, whether wholesale or retail, whether of [illegible] [illegible] or with [illegible] [illegible] [illegible] to be carried away in an original package. This was not what Councilman Everhart wanted and he asked that the list be segregated. He was told by the superintendent of police that this would have been done before [illegible] been no time.

KNOWS PLACES EXIST

"What I want," declared Everhart, "is a report of the places that you, Chief Wilson, would rather not have doing business in Oakland. I know that such places exist. I have seen with my own eyes girls under fifteen being taken into private boxes in Oakland and I know that this was for no good purpose.

[illegible] this report showing 100 firms [illegible] [illegible] [illegible] [illegible] wholesale liquor stores selling the liquor to be consumed elsewhere than in the place of business as [illegible] women were made public. [illegible] [illegible] [illegible] It is utterly [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] business [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] of young people.

If we attempted to bring all these firms before us it would result in forcing the reputable firms to make a fight for the disgraceful concerns. We wish to weed out. We do not want the good businessmen forced to fight for the bad. We will return this list to you and take the matter up at the next meeting with a more carefully segregated list. This does not imply any criticism of you as you followed the request made of you. But what we want is a list of the places which lay themselves open to be used immorally and illegally."

LICENSE LAID OVER

[illegible] [illegible] place was included in Superintendent Wilson's list [illegible] request [illegible] Jochem for a transfer of license [illegible] [illegible] [illegible] [illegible] Jochen [illegible] [illegible] was laid over in committee. [illegible] place is at [illegible] and [illegible] streets.

On the ground that the district around [illegible] and Forty-fifth street [illegible] [illegible] into a residence section and that the saloon conducted by Guiseppi Gallo at 4599 Broadway is alleged not to be managed properly, a protest was entered before the license committee last night signed by sixteen residents. Gallo asked for a transfer of the license from T. H. Thomas.

The transfer was denied after Councilman Everhart had explained that Gallo has attempted to obtain permission to run a dance hall. It was the sense of the committee that the business should be turned back to Thomas as Gallo is not, in the opinion of the committeemen, a fit man to conduct the place.

[illegible] Thompson, a protestant, declared that girls passing the place had been [illegible] followed on several occasions.

RECOMMENDATIONS

The following were recommended by the license committee to the city council [illegible] transfers:

Frank Armanino, 5100-5100½ Telegraph avenue, W. & R. liquor store, successor to J. McConnell.

J. Desbarats and B. Borden, [illegible] Clay street, liquor store and bar, successors to J. Desbares.

Laid over in committee: William Sullivan, southeast corner Sixth and Franklin streets, from 601 Webster street.

FARMER IS ROBBED ON BARBARY COAST

SAN FRANCISCO, Sept. 16.—The snares and pitfalls of the Barbary coast claimed another victim last night and the ever waiting band of crooks who would not hesitate to accomplish their ends found an easy mark in the person of Bart M. Small, a farmer of Eldridge, Cal.

It was shortly before midnight that Small entered a tenderloin saloon and at 6 o'clock this morning he awoke in an out of the way corner of the south of Market section, several miles away, to find himself propped up in the rear of a shack.

He had been robbed of $16 in cash, his knife and a check for his suitcase.

For bowel complaint in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by all dealers.

Trans-Mississippi Congress, San Antonio.

On September 17th, 16th and 17th excursion tickets will be sold to San Antonio, final return limit thirty days from date of sale. For further information see Southern Pacific agents.

Red, Weak, Weary, Watery Eyes Relieved by Murine Eye Remedy. It Soothes.

NEW HEAD OF COLLEGE

RIPON, Wis., Sept. 16.—Dr. Charles Evans, professor of Hebrew literature at the University of Wisconsin, at a meeting of the trustees tonight was elected president of Ripon College.

Between Eleventh and Twelfth Streets, Bacon Building.
OAKLAND, CALIFORNIA

AN OPEN LETTER TO LADIES

CHERE MESDAMES:

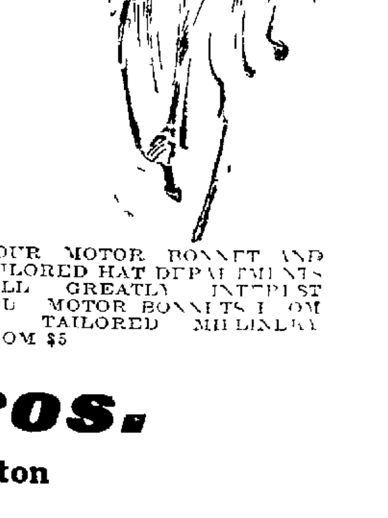

In purchasing your Fall suit your chief difficulty is the fact that a multitude of so-called strictly tailored suits are offered to you which bear visible evidence of the touch of feminine daintiness, but totally lack the refined simplicity and rich contour of the genuinely man-made ladies' suit.

In directing your attention to the magnificent assortment of Fall and Winter Suits in exquisite woolen textiles which we are now displaying, we beg to state emphatically: "These suits are strictly MAN-MADE from end to end; they are devoid of palpable evidence of the female garment worker, but richly endowed with the mannish features and perfect tailoring inseparable from the creations of a master tailor."

The question of prices need not disturb you. They range from a perfectly man-tailored suit at $25 up to a De Luxe suit at $75, but we wish to emphasize and draw attention to the magnificent value given in our popular-priced THIRTY-FIVE DOLLAR man made suit for ladies.

Another important point is that of sizes. When we tell you that we can give you any size from 34 to 47 and a large selection at each size, you will be perfectly satisfied on that point. By the by, in Misses size we fit from 14 to 20, and the prices range from $25 to $60.

Yours faithfully,

OUR MOTOR BONNET AND TAILORED HAT DEPARTMENTS WILL GREATLY INTEREST YOU. MOTOR BONNETS FROM $1; TAILORED MILLINERY FROM $5.

Roos Bros.

Market and Stockton
San Francisco

P. S.—Our fur-lined coats have arrived. The prices range from Thirty Dollars. P. P. S.—We employ MEN fitters only.
